Chapter 1 : Robert Rankin - Wikipedia

This is the first novel in the Armageddon Series by "far-fetched fiction" writer Robert Rankin. Rankin is the author of one of my favorite books, The Hollow Chocolate Bunnies of the Apocalypse.

Edmund Meinerts How is Willis acting in those scenes bad? His character is actually very grounded. In the scene with Liv Tyler at the end, he is actually watching a picture of his real daughter. It makes it all the more real. And people absolutely love that scene. Go to YouTube and read all the comments under the video. So, having said all of that, what exactly is your problem with it? But now you sir got me interested and I will check it out. D to Armageddon, do it! The complete score, if you can. Sadly, by that time I burned out on it Edmund i didnt say the movie is bad, just bruce willis in a couple of scenes. That "smiling" you speak of is part of his charm as an actor. But fair enough, you have the right of an opinion. Even the guy who created them said so. I mean Jesus, even Stanley Kubrick was "nominated" for a Razzie. And for his masterpiece The Shining!! So the last thing any person can do is to take these awards seriously. So the awards cancel each other out. Whether he did his best job in Armageddon, you are going to get different answers depending on who you ask. Still, fact of the matter is that this is one of his biggest, most popular movies. And not only the movie. The score and the soundtrack are absolute blockbusters as well. Hugely successful and popular. Armageddon or Deep Impact. Armageddon was the popular vote, after the popularity of the Rock And of course, Ben Affleck, and other cast members, who would go on to shine in other movies. That goes double for the score, which is rousingly awesome. Then again, this movie serving as both the alpha and omega of a relationship I had at the time probably has something to do with it. This is what happens when you take film scores and use them as your own personal emotional, historical "diary"; you tend to appreciate them as the years go by, but never return to them because of all the energy you put into them.

Chapter 2 : Anna and the Apocalypse Musical Opening December 7
