

Chapter 1 : The Common Sense Book of Baby and Child Care - Wikipedia

*Baby and Child Care Handbook [Marina Petropulos] on blog.quintoapp.com *FREE* shipping on qualifying offers. To countless parents Marina Petropulos's Baby and Child Care Handbook has become known as their baby care 'bible' for the sound guidance it gives on raising children today.*

Prior to this, rigid schedules permeated pediatric care. Influential authors like behavioral psychologist John B. Spock wanted to explore the psychological reasons behind common problems seen during practices like breastfeeding and toilet training, in order to give less arbitrary advice to mothers who came to his practice. He thus became trained in psychoanalysis, emerging as the first pediatrician with a psychoanalytic background. Seeking useful ways to implement Freudian philosophy into child-rearing practices, Spock would try out his advice on patients and their mothers, continuously seeking their response. Eventually, though, after several more years of giving advice to mothers, Spock felt more convinced of his advice and published a paperback copy of *The Common Sense Book of Baby and Child Care* in with Pocket Books. So that any mother could afford it, the book was sold at just twenty-five cents. Drawing on his psychoanalytic training, he explains the behavior and motivations of children at each stage of growth, allowing parents to make their own decisions about how to raise their children. For example, Spock has an entire chapter devoted to "The One-Year-Old," in which he explains that babies at this age like to explore the world around them. He then suggests ways to arrange the house and prevent accidents with a "wandering baby. Several co-authors have helped revise the book since the fifth edition. *Baby and Child Care* 2nd ed. *Baby and Child Care* 3rd ed. *Baby and Child Care* 4th ed. Spock, Benjamin; Rothenberg, Michael B. Spock, Benjamin; Parker, Steven Spock, Benjamin; Robert Needlman Each subsequent edition of the book brings medical information up-to-date. Other revisions have emerged to deal with contemporary social issues, such as daycare and gay parenting. Spock clarifies in his manual that while parents should respect their children, they also must ask for respect in return. Spock also continues to expand on the role of fathers and acknowledges that parents should have an equal share in child-rearing responsibilities, while also both having the right to work. Mothers heavily relied on his advice; by 1960, *The Common Sense Book of Baby and Child Care* was already selling a million copies each year. Skepticism of his work increased, especially among colleagues, who criticized Spock for not being a serious academic researcher and relying too heavily on anecdotal evidence in his book. Many commentators blamed Spock for helping to create the counterculture of the 1960s. Critics believed the current youth were rebellious and defiant in part because they had been brought up by *Baby and Child Care*. Spock, however, continued to defend himself, saying he had always believed in firm leadership by parents. Spock was thus forced to confront his own ideas about gender roles and gender stereotyping. Parker, as being too extreme. Because post-war affluence helped parents give children more opportunities, parents became more concerned with providing the best for their children. In 1970, *Life* magazine named Spock one of the most important people of the twentieth century. Benjamin Spock breathed humanity and common sense into child-rearing. An American Life New York: Basic Books, 1963, Duell, Sloan, and Pearce, Pantheon Books, 1968, 1970, 1975, 1980, 1985, 1990, 1995, 2000, 2005, 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050,
