

Chapter 1 : Betty Bethards - The Inner Light Foundation

The Dream Book by Betty Bethards is the most popular book on dream analysis in the world. It has exceeded sales of over a half million copies both nationally and internationally.

Dreams give us more than surrealistic landscapes and a cow or two descending from a cloud. They provide the knowledge and the tools we need to have happier, more fulfilling lives. Aside from Carl Jung, Betty Bethards couldn't find a dream master she felt comfortable with. But Jung hadn't supplied her with a glossary of dream symbols. So she channeled her own glossary, with the help of her guidance. That glossary became *The Dream Book: Symbols for Self Understanding* and today, it is the best selling book on dream analysis in existence. People will not go on a trip without it. And it has a permanent place on thousands of bedside tables throughout the world. In short, this is a very loved book. But more than that, it helps you keep to your life plan, showing you some of the choices you've made as being unwise and some as going in the right direction. Betty tells us all dreams are positive—so right away, you are ahead. With this, everyone can learn to remember, interpret, and use dreams for insight and guidance into their daily lives. Her mission was that everyone be their own guru.
