Volume 1 of "Beyond the Veil of Delusions" describes what the core issues of the constitutional remedies are and the effect these issues have on our relationships, here and now. The core issue of a remedy is basically an unresolved issue that may have happened to one of our ancestors a long time ago.

George Vale Owen Language: This is the fourth volume of a five volume set received in the period on, and first published in The recorder is the Rev. Vale Owen, vicar of Orford, Lancashire. The messages contained in this book were also published in a daily newspaper by the owner Lord Northcliffe. As such they were widely read, and widely acclaimed. It is curious therefor that they have slipped into relative obscurity even though they were widely accepted within the Church of England and beyond. This particular volume is dictated by Arnel, a spirit residing in what is termed the Tenth Sphere in this series, but which will be more familiar as the Fifth Sphere to readers of other similar publications. This book is more philosophical than the earlier volumes. However one major event is described that lasted many years. Apparently because of the very poor spiritual condition of mankind, the energy signature surrounding the earth had begun to negatively influence inhabited planets in our vicinity. This is the second volume of a five volume set received in the period on, and first published in The recorder is Rev. George Vale Owen, vicar of Orford, Lancashire. The messages published in this book were serialised in a daily newspaper by the owner Lord Northcliffe. As such they were widely acclaimed. This particular volume is recited by Zabdiel, a spirit residing in what we would call the Fifth Sphere, but which in this series is called the Tenth. Many topics are covered, and once again you get the feeling that you are a part of the action. This book was originally published in England in , and is the third of a five volume set. The famous Arthur Conan Doyle, someone who had a great deal of interest in Life after Death, contributed an introduction to all five volumes. This particular volume is recited by Leader, a spirit residing in what we would call the Fifth Sphere, but which in this series is called the Tenth. The most amazing of these is a journey into the hells which eventually resulted in the release of , spirits from the clutches of a single dark spirit, and their resettlement in an area of marginally more light where they could set about rehabilitating themselves.

Beyond the Veil of Delusions: Understanding Relationships through Homeopathy Author: Bigger Vision Books Reviewed by: Her insight into human psychology and her proficiency in homeopathic medicines have merged together to present this exquisite work. The book is easy to understand and imbibe; the presentation of psychological profile of homeopathic remedies is delightful. This book, which is a cross between homeopathy and psychology, is written for those who are interested in understanding the deeper levels of the psyche from a homeopathic point of view. Not just for the homeopaths, but for anyone who is a student of human behaviour, or for anyone who wants to achieve a better understanding of what causes the wheels of relationship to turn or stop. This book is just as essential for those who want to let go of old patterns and expand to higher levels of consciousness, as it is for the homeopath to understand his clients well enough to pick a good remedy. The first part deals with what delusions are, and how understanding them is vital to know the personality of a person. Second part deals with the remedy profiles. The book sheds light upon the motivations of many constitutional remedies and it enlightens the reader to the needs, desires and fears each remedy exhibits. As you go through the portrait of a medicine, you become friendly with their characters. You know their weaknesses, their strengths, their fears, their needs and desires. The remedy pictures come alive. Third part deals with the relationship issues, personally speaking this was the section I enjoyed the most. Just by going through it we can understand the bond that holds relationships together or the repulsions that might precipitate a separation. Some of the kinships explained in detail include: Disappointed expectations, The relationship between Natrum muriaticum woman and Lycopodium man. The almost perfect relationship, The relationship between Natrum muriaticum woman and Arsenicum album man. Independently together, The relationship between Kali carbonicum woman and Nux vomica man, and many more. On the needs and desires of the medicines from relationships Mati has given an insight into inner sphere, ". Natrum mur is attracted to someone who is physically or emotionally like her father; Arsenicum will look for someone who can take care for him; Staphysagria, who hates his mother, is looking for a mother figure he can hate, so he often picks up someone who reminds him of his mother. Causticum wants a mate who can help him save humanity or make the world a better place; Calcarea carb wants a mate who can provide for her and make her feel safe; Phosphorus wants a mate who will love her forever and think she is eternally beautiful; Pulsatilla wants a mate who will never leave her or die. Each person needs to focus on his or her own spiritual journey. The problems we experience in our relationships should simply be seen as opportunities for further spiritual growth. This perception can then turn the relationship from being a battle of egos selfishness and separation into a place of love, nurturing and compassion togetherness and oneness Our whole journey here is about finding a way to reconnect, and eventually become one with, the Ultimate Source, and everything we experience, including relationship problems, are only stepping stones in the process of continued spiritual expansion. All it takes, to be able to see everything in a whole new perspective, is just a small shift in perception. You can take my words for that. It is my hope that the readers will also find the content interesting, inspiring and thought provoking. Mati has opened a vision for us, the vision expanding the spheres of understanding of not just homeopathic medicines but also of human behaviour. It leaves us craving for more. This is not just my wish, but the wish of anyone who reads through the book. We are waiting for the next plunge into the vast ocean of remedy profiles. Our esurient soul craves for more; Mati, when can you provide us with the next course? I am currently working on the next book, which I think I will call "Straight to the Core. It helps so much to have your examples to learn from. I thank you for sharing those, and for writing this book for all of our benefit. It helps to untangle some of the mysteries inherent in relating to others. I

appreciate your including the core issue concept, ideas on how to work with these; and your suggestions for compromise and solutions are very practical and welcomed. As soon as I had read my remedy profile, I was just as eager to read the rest. I read the whole book straight through! I totally recommend it for all homeopaths! Best Materia Medica ever! Thought provoking and innovative. A New Revised Edition In the second revised edition of Beyond the Veil of Delusions, both volumes from the first edition have been put into one, easy to read volume, and the homeopathic rubrics have been removed to make the text easier to read. This book describes the psychology of relationships from a homeopathic point of view. Here, you will find answers to questions like why people do the things they do, and feel the way they feel, why communication is so difficult, and why we attract the same type of mate over and over. This book is the key to understanding homeopathy, your relationships, your problems and yourself.
