Lincoln Peirce - HarperCollins, pages. But this year-old usually just manages to get into trouble, like when he nabs the record for most detentions in a single day. Based on a comic strip, this eight-book series appeals to kids who like The Diary of a Wimpy Kid series. Fans of comic books and relatable mishaps. The Books of Elsewhere by: Jacqueline West, illustrated by: Poly Bernatene - Puffin Books, pages. When her mathematician parents move year-old Olive to a crumbling mansion on Linden Street, they have no idea what the house has in store for her. With the help of an old pair of glasses, Olive is transported to Elsewhere, the world inside the antique paintings hanging on the walls. But along with talking cats and a new ghost friend, Morten, the house brings the threat of dark magic and evil witches that could put Olive and her family in peril. Wonderfully imaginative, this five-book series has all the elements of your favorite ghost story. But there is some scary stuff here, so sensitive, younger readers may want to start this series with caution. Kids who love supernatural thrills. Find our favorites at your local library: Mary Norton, illustrated by: Young teen Arietty Clock and her parents are tiny people called borrowers. This imaginative tale and its four sequels have sparked a love of fantasy in countless children since it was first published in Want to see the movie? Check out the live-action version starring John Goodman, or the beautifully animated Japanese version, The Secret World of Arietty, released in Kids with big imaginations. Diary of a Wimpy Kid series by: Jeff Kinney - Amulet Books, pages. A simple, yet artfully conceived graphic novel. Older elementary schoolers and tweens who appreciate the dark humor of middle school trauma. Jeanne Birdsall - Alfred A. Knopf, The hook: At the beginning of this sweet but never saccharine series about family, loss, and love, the Penderwick girls "Rosalind, 12, Skye, 11, Jane, 10, and Batty, 4" are in the car with their father and their dog, Hound, on the way to spend three weeks at a summer cottage by the sea. Together the girls experience small, hilarious adventures all set against the heartrending loss of their mother. Never sappy or stupid, the books manage to chart a path to family fun and joy against the backdrop of real life. Stine - Scholastic, pages. This series of 62 phenomenally popular horror novels have made R. Every tale is a spine-chilling thriller, but certainly not for the faint of heart. Older elementary schoolers who want to be scared out of their wits! Harry Potter series, books by: Levine Books, The hook: In the first three books of this iconic seven-book series, we meet Harry Potter, who discovers that he is a wizard on his 11th birthday. As he settles in to boarding school and the world of magic, Harry learns secrets about his past and hints about his future destiny in the company of his best friends, Ron and Hermione, professors of a variety of magical subjects, school ghosts, and Headmaster Albus Dumbledore. We recommend the first three books and their corresponding movies starting in fourth grade "and waiting till sixth grade to tackle books and movies four through seven. Check out the first three movies, which, like the books, get progressively scarier and more complex. Kids who want to believe in magic. Christopher Healy, illustrated by: Todd Harris - Walden Pond Press, pages. Evil henchman are turned into bacon, princesses turn into freedom fighters, and dragons are always ready to turn a hero into a tasty snack in this adventure trilogy. Anyone who likes smart characters who rule. The Baby-Sitters Club by: Martin - Scholastic, The hook: A close-knit group of middle-school girls from the fictional town of Stoneyville, Connecticut start their own babysitting business. Girls 10 and up starting to become obsessed with boys and clothes. Cornelia Funke - Scholastic Paperbacks, The hook: This magical epic advances through three books with characters appearing and disappearing from the pages of books. But this power has a price. Perfect for avid readers attracted to fantasy, magic and the power of books. Inkheart , Inkspell , Inkdeath. An American classic, this nine-book series has been the first history class for many an American girl long before the American Girls historical book series was born. Girls and boys ages 7 and up curious about simpler, albeit tougher, times. Fourteen-year-old scrappy and sarcastic Max leads a band of flying, gifted, and genetically-altered friends in page-turning adventures. Bred as mostly human and part bird, the teen heroes battle wicked predators called

Erasers in their attempt to save the world. Older kids 6th grade and up with a taste for high-octane sci-fi. Eleanor Estes, illustrated by: Louis Slobodkin - Harcourt, pages. Growing up with their dressmaker mother, the Moffat kids Sylvie, Joey, Janey, and Rufus have no trouble finding adventure in their small Connecticut town. Set during World War I and mostly written during World War II, this classic series explores what it was like to grow up in a simpler time, albeit one shadowed by war. Talk of war rations and scarlet fever will feel novel after reading countless stories about dystopian futures or witchcraft and wizards. Kids who like old-fashioned stories. Percy Jackson and the Olympians by: Rick Riordan - Disney-Hyperion, pages. Percy Jackson thinks his hot temper and dyslexia are just bad luck, but after his math teacher turns into a monster and tries to kill him, he learns his quirky characteristics are really a sign of his true identity. Middle readers struggling to connect with Greek myths in class will get a kick out of the modern updates to classic heroes and villains and might just be inspired to learn a little more. Kids who secretly wish they were superheroes. Elementary-aged girls and boys with equal parts mischief and earnestness. A Series of Unfortunate Events by: Lemony Snicket - HarperCollins Publishers, pages. No child has ever endured more bad luck than the three Baudelaire waifs. Over the course of the book series, they endure relentless misfortune at the hands of their vile uncle, the malevolent Count Olaf. Find A Series of Unfortunate Events at your local library. Older kids who appreciate humor in evil adults, miserable orphans, and extravagant vocabularies. The Wednesday Tales series by: Jon Berkeley - Harper Collins, pages. Miles Wednesday is an orphan. Little is a tiny girl with silver hair and wings, held captive by the weirdly wicked Circus Oscuro. Kids who love language and appreciate the quirky. Wings of Fire series by: Sutherland - Scholastic, pages. Five dragonets are raised in a cave to fulfil a prophecy to end a long and terrible war. So begins this series about a battle between seven dragon tribes. With lots of action and some gory fighting, this book has lots of characterful details that make the dragons resonate with readers. What will happen when the dragonets resist their destiny? View Comments There is no Book list topic for this grade. Please select another grade. Submit There is no Book list topic for this grade.
