

## Chapter 1 : Consonant Blends and Digraphs Printable Activities - K12reader

*Words that have blends and digraphs can be a little tricky for kiddos. Typically kids are ready for them when they can read {and spell most} CVC blog.quintoapp.comg and spelling words with blends and digraphs requires kids to listen very closely to each individual sound in words {called phonemes.}.*

Teachers have been asking and wanting to know what the difference is between a blend and a digraph, which to teach first and the best way to teach these skills. Well, with all these questions, that was motivation enough for me to finish this post that I started literally a year ago. Consonant Blends A consonant blend is when two or more consonants are blended together, but each sound may be heard in the blend. The most common beginning consonant blends include: There are also blends which contain three consonants. Common three consonant blends include: When teaching blends, most teachers introduced them in groups. For example, a teacher may choose to introduce the l-blends first bl, cl, fl, gl, pl and sl followed by the r-blends. You can download this for free. There are other consonant digraphs ph ; however, most teachers typically introduce these 4 digraphs first as they are the most common. Teaching digraphs can be lots of fun. However you choose to introduce this concept, be sure to add visuals as they are so helpful especially for our struggling readers. Specific instructions for introducing digraphs during instruction can be found in the Consonant Blends and Digraphs Activity Pack. Which should be taught first? This is a little tricky. Some reading programs do not even teach blends as they are really two separate sounds. Personally, I believe teaching blends is a good idea as they are letters that frequently occur together so students are learning to recognize patterns in words. Many reading programs introduce blends before the digraphs. I would suggest following the sequence presented in your reading series. How do we teach blends and digraphs? For all learners, but especially for struggling readers, systematic and explicit phonics instruction is critical. In a phonics program, there must be a logical order of introduction of skills. Students need instruction where the teacher is providing precise directions for teaching the skills. Struggling readers require additional guided practice in small groups and instruction must be differentiated to meet individual needs. My girlfriend, Jen, made this video in the summer using the teaching cards in the activity pack for me. Jen is now a middle school principal go figure , but prior to accepting the principalship, she was a Reading Specialists in one of our local schools. There are many ways to introduce the concepts of digraphs. This is just one way and I hope it helps my teacher friends who need ideas for introducing this skill. The Consonant Blends and Digraphs Activity Pack contains 10 hands-on activities that you can use to both teach and practice blends and digraphs. The cookie sheet activities are great for use within literacy centers and contain activities which can be differentiated. Students and teachers just love the colorful graphics. Because I love those blends and digraphs, I have quite a few activities within my TpT store. To leave a comment on this blog post, just click the title.
