

'Safe Haven' is the story of Blake, a lonely, deeply hurt man in his late twenties coming out of his shell after twenty years of secreting himself away from the world.

Blake lost his parents at a very young age in a tragic event that left him terrified to leave his house. For the next twenty years, Blake spent his time in his house, never leaving, he has a housekeeper to take care of the house, a bo Cee Brown Nov 04, ? How do you survive when your safe haven has been invaded? He never leaves his house. Years after the family kidnapping that left his parents dead, Blake is a shut in with a guardian who provides safety measures. Vanessa theJeepDiva Oct 12, suspension of disbelief. Be prepared to believe the unbelievable with Safe Haven. Serena Yates Nov 08, ? He takes daily doses of a sedative just to keep him vaguely functional, he finds it almost impossible to interact Leandra Jan 13, I enjoyed this. So glad he got his three guys. They were perfect for him. They were all different enough to help him in different things. One damaged MC saved by not one, not two but three men who are already in a relationship together. Crystal Marie Jan 29, This little story wasn't? When I saw it labeled sweet, I thought cute. This story is told only from Blake? He has severe agoraphobia and though the time it take for him to re Ellen Mar 10, I enjoyed how the characters of the three bodyguards complemented each other, providing different aspects of what Blake needed to feel safe and able to break out of his behaviour patterns. However, plot wise, I felt it ended a bit abruptly with a couple of red herrings panic room and Lily Nov 02, I was excited to read this polyamorous story and felt it had so much potential. Unfortunately as I read I felt let down. The writing and the plot frustrated me for much of the time. There were some aspects I liked, but was left wanting so much more than this story delivered. This was a sweet, but sad story. I really liked all of the characters, with the exception of Phil. I thought Phil turned out Donna Dec 22, I? If the author can pull it off though, well then I? Wendy Gibbs Nov 05, False advertising A waste of my time. Ann Feb 09, After I read this one I had to sit on it for a few days. This story is slightly fucked up. The Novel Approach Reviews Nov 30, 3. I had read Caitlin Ricci before and had enjoyed her books, so I was looking forward to reading about a you Is it a very realistic situation? No, but I don't? The book was good, but could have been so much better. There were so many opportunities for us to see chemistry and affection between the characters and we never Stacey Jan 18, Simple. The back-story on Blake was truly heartbreaking. The relationship between the three bodyguards was great, but I missed a big chunk of their story, by skipping over a year, we missed out on the foundation of their marriage. I just feel it was missing something. So much of what happens in this book is beyond absurd and if you focus too hard, you won't? Once I just accepted that the plot and the relati I liked how the importance of communication was stressed because a four-way relationship is complicated enough without one o I am sure I am not the only one that will Natosha Wilson Nov 04, This book is truly sad. It has a happy ending to it all but overall it is one of those books that really breaks your heart. There was times through this book that I got so mad for Blake because things could have been so different for him then they were. It pretty much everyone gave up Jordan Oct 30, Four Stars for this delicious foursome! I really loved the MC in this book as a character. Even though he was more than introverted and extremely afraid of people, he was easy to just get. He had a way of doing things and it worked for him. Norma Banzi Nov 13, Blake has a extreme social phobia. His three attractive bodyguards are trying, to get him out of his snail-house. The book is sweet and with a bit of tender sex. The point of view is only from Blake. Nsi Jun 28, I really liked this book! Loves Apr 18, This is not a romance book, and even the sexual content is limited and not menage. This is a case study of a severe, and frankly rather unbelievable, social anxiety. Download at full speed with unlimited bandwidth with just one click! Chapter 2 : An Insight into Safe Haven by Caitlin Ricci – Divine Magazine

About Caitlin Ricci Caitlin was fortunate growing up to be surrounded by family and teachers that encouraged her love of reading. She has always been a voracious reader and that love of the written word easily morphed into a passion for writing.

Contemporary, Menage At a Glance: A good story that got repetitive at times but had interesting characters. Being alone was what Blake had always needed before his new team of bodyguards arrived. Now things might be very different. Now, twenty years later, he refuses to leave the house and he lives in a constant state of fear. Blake likes his isolation where only his cat really knows him. His bodyguard of eight years is ready to retire, leaving his life in turmoil again. But he needs someone in his house all the time to make him feel safe. His uncle hires a team of bodyguards to replace his old one—Malcolm, CJ and Rex. But with the three of them trying to be there for him, he begins to want a life he has been convinced up to now would be completely impossible. This was a good story. I had read Caitlin Ricci before and had enjoyed her books, so I was looking forward to reading about a young man with severe anxiety and agoraphobia who requires a bodyguard. When his old bodyguard retires, he ends up with three very attractive men who are in a polyamorous relationship with each other. Sounds like this will be a good time. While I say this was a good story, I mean just that. I liked it well enough, but it could have been so much more. While internal conflict is great, I wanted something external. Blake requires a bodyguard—or three—to live with him full time so that he can feel safe. He never leaves his house, though. A traumatic event from twenty years ago has him terrified of even leaving his rooms. Because there were so many guards, I was expecting something to happen. As the story progressed, I kept wanting something to happen. It seemed strange to me, then, that his uncle would hire three men to care for him round-the-clock. I did like the way the relationship with Blake progresses, but I wanted more than what was presented. The latter half of the book was really good because it shows how Blake grows closer to Rex, CJ, and Malcolm. But I wanted more of that too. Rex makes some pretty bold and, if I may say, horrible moves against someone with such severe anxiety. I wanted to punch him and did not find his antics charming, unlike Blake. The ending was pretty lackluster. Overall the book was good, even if it had an implausible scenario. If the book were longer and the internal monologues cut down, Save Haven would be great. You can buy Safe Haven here:

Chapter 3 : Safe Haven - ePub - Caitlin Ricci - Achat ebook | fnac

Caitlin Ricci (Author) Caitlin was fortunate growing up to be surrounded by family and teachers that encouraged her love of reading. She has always been a voracious reader and that love of the written word easily morphed into a passion for writing.

This story is about how the three new men in his life breaks him out of his shell and help him fall in love and eventually lead a normal life. From then on he has never ventured outside his home. He does not like physical contact or even being seen. He is a prisoner of his own deep-seated fear and he has no hope of ever breaking out of it. Well that is until he meets his new bodyguards. Malcolm, Rex and CJ are different than any other bodyguards he ever had. They care for him and want his company. Blake feels safe with them while also being attracted to all three of them. Malcolm, Rex and CJ are in a relationship and Blake wants to be part of that close relationship. He is intrigued by their unusual bond but is wary of his mental inability to ever be free to be with them. But when the three men shows interest in him and pushes him outside his comfort zone, Blake gradually starts to accept change. He may never completely break through his anxiety or fear but he does find love, safety and companionship with his three partners, Malcolm, Rex and CJ. The pacing of the story is nice and slow especially when the plot deals with a person who is traumatized and has been living with his fear for two decades. You do not expect such a broken person to change overnight. The change needs to be gradual. I loved how he gradually opens up to the three men and start trusting them to keep him safe. Out of the three men, I liked CJ the best. He was sweet and kind and so very gentle with Blake. Malcolm was the solid base of the relationship with his inner strength and responsible nature. Rex, I liked the least. He pushes Blake to get him out of his shell but I did not appreciate his methods at all. There was not much about the three guys to properly get a feel of them. They were more like secondary characters with Blake being the one and only MC. I wanted more interaction among Malcolm, Rex and CJ to get to know them better or learn their feelings for Blake. The boatloads of money that Blake inherits at the end kind of made their new relationship a little sleazy. The painfully lacking chemistry among the four also made the relationship blander. The lack of heat took out the excitement of a new relationship from the story. I would have loved more intimacy between the characters. Also more interactions among the trio rather than only Blake interacting with them would have been great.

Chapter 4 : Review: Safe Haven by Caitlin Ricci – The Novel Approach Reviews

Caitlin Ricci Caitlin was fortunate growing up to be surrounded by family and teachers that encouraged her love of reading. She has always been a voracious reader and that love of the written word easily morphed into a passion for writing.

This story is about how Blake realizes he wants something more than his current situation. That is until three new bodyguards come in and crash his perfectly precise existence. Up until then everyone had left him alone. No one pushed him to be better or to interact with any of them. He was allowed to remain by himself with doors and walls between anyone in his house and him. These three want to be his friends. They try to engage him. They ask him questions and they want to get to know him. At seven he experienced trauma and after that everyone let him lead in his own recovery but he was never expected to get better and eventually the people who were desperate to help him before simply let him be. They accepted that this was how he was going to be and they allowed him to maintain the life he built for himself. In grief and trauma less extreme cases than this happen all the time. At first people will push someone to go outside, to make new friends, to get off the couch for a little bit. But after hitting that wall of resistance time after time people tend to give up. So that grieving, hurting, traumatised person is simply left to be as they are. Eventually life may get in the way and force them to do something, or maybe not. Sometimes people need to be left alone to heal on their own, and sometimes they need to be pushed out of their comfort zones to be able to find their own way to heal from what was done to them. Thank you for spending some time with me today and please check out my new novel, Safe Haven, out now from Pride Publishing. Caitlin Ricci About Safe Haven Being alone was what Blake had always needed before his new team of bodyguards arrived. Now things might be very different. Now, twenty years later, he refuses to leave the house and he lives in a constant state of fear. Blake likes his isolation where only his cat really knows him. His bodyguard of eight years is ready to retire, leaving his life in turmoil again. But he needs someone in his house all the time to make him feel safe. His uncle hires a team of bodyguards to replace his old one—Malcolm, CJ and Rex. But with the three of them trying to be there for him, he begins to want a life he has been convinced up to now would be completely impossible. She has always been a voracious reader and that love of the written word easily morphed into a passion for writing. She comes from a military family and the men and women of the armed forces are close to her heart. Her belief that there is no one true path to happily ever after runs deeply through all of her stories.
