History[edit] Founding and early years[edit] Commentary was the successor to the Contemporary Jewish Record. Cohen designed Commentary to reconnect assimilated Jews and Jewish intellectuals with the broader, more traditional and very liberal Jewish community. It demonstrated that Jewish intellectuals, and by extension all American Jews, had turned away from their past political radicalism to embrace mainstream American culture and values. Cohen stated his grand design in the first issue: As Podhoretz put it, Commentary was to lead the Jewish intellectuals "out of the desert of alienation Wallace came under steady attack. About the spokesmen for American liberalism, they feel they know no such thing. Circulation rose to 60, as the magazine became a mainstay of the Washington liberal elite in the heyday of Presidents John F. Kennedy and Lyndon B. The emergence of the New Left , which was bitterly hostile to Johnson, to capitalism and to universities, angered Podhoretz for what he perceived as its shallowness and hostility to Israel in the Six-Day War. Articles attacked the New Left on questions ranging from crime, the nature of art, drugs, poverty, to the new egalitarianism; Commentary said that the New Left was a dangerous anti-American, anti-liberal, and anti-Semitic force. Daniel Patrick Moynihan used Commentary to attack the Watts riots and liberals who defended it as a just revolution. As the readership base shifted to the right, Commentary filled a vacuum for conservative intellectuals, who otherwise were reliant on William F. In Reagan appointed Kirkpatrick ambassador to the United Nations and Commentary reached the apogee of its influence. Recent years[edit] Norman Podhoretz, who served as editor-in-chief until , was editor-at-large until January The more critical and lengthy letters tend to be printed first and the more praiseful letters last. The author of the article being discussed almost always replies in a follow-up to his critics. Each issue has several reviews of books on varying topics. Commentary usually assigns a review to books written by notable contributors to the magazine. Popular culture[edit] Commentary has been referred to in several Woody Allen films. In his sitcom Anything but Love , stand-up comedian Richard Lewis was often shown holding or reading a copy of Commentary. Contributors[edit] This section contains embedded lists that may be poorly defined, unverified or indiscriminate. Where appropriate, incorporate items into the main body of the article. March Over the decades the magazine has attracted top American intellectualsâ€™ many of them Jewish.

Chapter 2 : New Testament - Bible Commentaries Guide - LibGuides at Luther Rice College & Seminary

CITIZEN KANE marked the film debuts of Joseph Cotten, Everett Sloane, Agnes Moorehead, Erskine Sanford, George Coulouris, Paul Stewart, William Alland, Gus Schilling, and Ray Collins. Welles purposely wanted to use unfamiliar faces--mostly from his Mercury Theatre radio team--in order not to distract from the story.

In , he declined offers from David O. Schaefer wanted to work with Welles after the notorious broadcast, believing that Welles had a gift for attracting mass attention. At first he simply wanted to spend three months in Hollywood and earn enough money to pay his debts and fund his next theatrical season. This legendary contract stipulated that Welles would act in, direct, produce and write two films. Granting final cut privilege was unprecedented for a studio since it placed artistic considerations over financial investment. The contract was deeply resented in the film industry, and the Hollywood press took every opportunity to mock RKO and Welles. Schaefer remained a great supporter [12]: Mankiewicz , who had been writing Mercury radio scripts. Screenplay for Citizen Kane Herman J. Mankiewicz co-wrote the script in early One of the long-standing controversies about Citizen Kane has been the authorship of the screenplay. So, after mutual agreements on storyline and character, Mank went off with Houseman and did his version, while I stayed in Hollywood and wrote mine. Mankiewicz also threatened to go to the Screen Writers Guild and claim full credit for writing the entire script by himself. The guild credit form listed Welles first, Mankiewicz second. The official credit reads, "Screenplay by Herman J. Mankiewicz and Orson Welles". Welles never confirmed a principal source for the character of Charles Foster Kane. Some events and details were invented, [25]: Many people sat for it, so to speak". Gettys is based on Charles F. Mankiewicz had a bet on the horse in the Kentucky Derby , which he won, and McGilligan wrote that "Old Rosebud symbolized his lost youth, and the break with his family". In testimony for the Lundberg suit, Mankiewicz said, "I had undergone psycho-analysis, and Rosebud, under circumstances slightly resembling the circumstances in [Citizen Kane], played a prominent part. Thatcher was loosely based on J. The company produced theatrical presentations, radio programs, films, promptbooks and phonographic recordings. Citizen Kane was a rare film in that its principal roles were played by actors new to motion pictures. Ten were billed as Mercury Actors, members of the skilled repertory company assembled by Welles for the stage and radio performances of the Mercury Theatre, an independent theater company he founded with Houseman in Welles cast Dorothy Comingore , an actress who played supporting parts in films since using the name "Linda Winters", [40] as Susan Alexander Kane. She characterized her own personal relationship with Welles as motherly. That was something new in Hollywood: But Orson knew it was necessary, and we rehearsed every sequence before it was shot. Corrado had appeared in many Hollywood films, often as a waiter, and Welles wanted all of the actors to be new to films. He then taught himself filmmaking by matching its visual vocabulary to *The Cabinet of Dr. Caligari* , which he ordered from the Museum of Modern Art, [13]: On June 29, â€”a Saturday morning when few inquisitive studio executives would be aroundâ€”Welles began filming Citizen Kane. Welles said that he would consider making the project but wanted to make a different film first. At this time he did not inform them that he had already begun filming Citizen Kane. Most of the filming took place in what is now Stage 19 on the Paramount Pictures lot in Hollywood. Welles leaked stories to newspaper reporters that the tests had been so good that there was no need to re-shoot them. The first official scene to be shot was the breakfast montage sequence between Kane and his first wife Emily. To strategically save money and appease the RKO executives who opposed him, Welles rehearsed scenes extensively before actually shooting and filmed very few takes of each shot set-up. When the journalists arrived Welles told them they had "just finished" shooting for the day but still had the party. Gettys; his injuries required him to direct from a wheelchair for two weeks. Welles usually worked 16 to 18 hours a day on the film. He often began work at 4 a. Paul Stewart recalled that on the ninth take the Culver City Fire Department arrived in full gear because the furnace had grown so hot the flue caught fire. When the executives would sometimes arrive on set unannounced the entire cast and crew would suddenly

start playing softball until they left. Before official shooting began the executives intercepted all copies of the script and delayed their delivery to Welles. They had one copy sent to their office in New York, resulting in it being leaked to press. Welles then took several weeks off of the film for a lecture tour, during which he also scouted additional locations with Toland and Ferguson. Filming resumed November 15 [12]: Wise was hired after Welles finished shooting the "camera tests" and began officially making the film. Wise said that Welles "had an older editor assigned to him for those tests and evidently he was not too happy and asked to have somebody else. It was outstanding film day in and day out.
