

Chapter 1 : What is the New World Order Theory? - [blog.quintoapp.com](http://blog.quintoapp.com)

*The New World Order or NWO is claimed to be an emerging clandestine totalitarian world government by various conspiracy theories.. The common theme in conspiracy theories about a New World Order is that a secretive power elite with a globalist agenda is conspiring to eventually rule the world through an authoritarian world governmentâ€”which will replace sovereign nation-statesâ€”and an all.*

Maybe we need a New World Order, where we can live in one global state, in peace with no future wars? If there are no other countries to fight against, there will be no more wars either, right? And perhaps we will feel more united, as One Big Global Family if we erase the borders? So, is the above utopia what the Globalists have in mind? Is this benevolent World Society what they so eagerly work towards? What do the Globalists have to say themselves? To destroy this invisible government, to befoul the unholy alliance between corrupt business and corrupt politics is the first task of the statesmanship of the day". So far Roosevelt, and here is President Wilson: I have unwittingly ruined my country. A great industrial nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the nation, therefore, and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated Governments in the civilized world no longer a Government by free opinion, no longer a Government by conviction and the vote of the majority, but a Government by the opinion and duress of a small group of dominant men. John Hylan "The warning of Theodore Roosevelt has much timeliness today, for the real menace of our republic is this invisible government which like a giant octopus sprawls its slimy length over city, state and nation. Like the octopus of real life, it operates under cover of a self-created screen. It seizes in its long and powerful tentacles our executive officers, our legislative bodies, our schools, our courts, our newspapers, and EVERY agency created for the public protection. It squirms in the jaws of darkness and thus is the better able to clutch the reins of government, secure enactment of the legislation favorable to corrupt business, violate the law with impunity, smother the press and reach into the courts. The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control BOTH parties, write political platforms, make cats paws of party leaders, use the leading men of private organizations, and resort to every device to place in nomination for high public office only such candidates as will be amenable to the dictates of corrupt big business. They connive at CENTRALIZATION of government on the theory that a small group of hand-picked, privately controlled individuals in power can be more easily handled than a larger group among whom there will most likely be men sincerely interested in public welfare. These international bankers and Rockefeller-Standard Oil interests control the majority of newspapers and magazines in this country. They use the columns of these papers to club into submission or drive out of office public officials who refuse to do the bidding of the powerful corrupt cliques which compose the invisible government. The Respective Attitudes of Labor and Capital". Our Government is in the hands of pirates. All the power of politics, and of Congress, and of the administration is under the control of the moneyed interests. The adversary has the force of capital, thousands of millions of which are in his hand. He will grasp the knife of law, which he has so often wielded in his interest. He will lay hold of his forces in the legislature. He will make use of his forces in the press, which are always waiting for the wink, which is as good as a nod to a blind horse. Edward Mandell House Franklin D. Edward Mandell House on November What will the world look like under such a social order? What political system will be used? The variety of political systems we have today are all controlled by this same Elite of people, which we commonly call the Illuminati. All those systems suit the Elite in different ways. They need them to oppose each other so they can create conflicts and wars, and they also use them very strategically to step by step ring in the New World Order. The goal is a socialistic super-state, based on the purest form of communism a la Karl Marx, but worse. All power will be centralized and in the hand of a World CEO whom the Christians call the Anti-Christ and his staff of people the heads of the Illuminati families. The people will not be able to own any possessions; they are all owned by the Government. Everybody will have a place to live and a job whether they want it or not. The "misfits" who cannot comply, or those who oppose, will be executed. But it will be

worse than that. This is done by creating wars, civil wars, religious wars, genocide, famine, global disasters and disease, to name a few. This is something they have been working on for a long, long time. The goal is not completed in one lifetime, and they know it. As a fact, the Illuminati or its forerunners has been around for thousands of years, but for the purpose of this article, it is enough to show their progress through the last one hundred years or so. Let us see what the Globalists themselves have to say. I also want to show you the arrogance with which they plan all this, and how little they think of the rest of us. It strikes me that it seems to be human nature to look the other way instead of confronting the truth if the truth happens to be uncomfortable, and this blindness is a very non-survival thing. One sequence was about earthquakes. A researcher had been researching this specific kind of natural disaster for a long period of time, also by visiting former earthquake areas, especially in Turkey. His purpose was to find some kind of structure, so he could predict where the next earthquake would hit. That way people could be warned in time to evacuate. He found a clear structure and was able to predict an earthquake that took place in a town in Turkey in Not far from that city lies Istanbul, which is supposed to have around 10 million citizens. Scientists have since long been able to PROVE that Istanbul will soon be hit by a major earthquake, but very, very few of the population have paid any attention and just shaken it off as rubbish. Not until the town next to them was affected they slowly started to wake up to the fact. Now the above researcher has predicted that the next earthquake area will be just 10 miles east of Istanbul, and it will be soon. My point here is that it is the same thing with "conspiracy". People are living in their comfort zones and god help those who try to break into that zone by telling them that there is a world outside that tends to threaten it. If you do, you will be viciously attacked, ridiculed, laughed off as a lunatic, or worse. It looks like, unfortunately, that people need to experience a disaster before they react to fact and evidence if it shakes their comfort zone. This is a shame, because often enough, when people finally react, it may be too late. Then again, as a "survival thing", many people choose the side of the "winner" and start doing destructive things against others to survive. This was obvious in Nazi Germany during WW II, when ordinary citizens started reporting on their neighbors because they were afraid for their own safety and tried to satisfy their oppressors to win benefits. If the New World Order will take full effect, citizens, although they know better, will turn against "conspiracy theorists", who tried to warn and help them. Now over to what the Conspirators themselves have done and what they have to say about it. This article will [only] take us up to , but that is enough to make my point. Since then the globalization agenda has speeded up considerably, but you will certainly be able to see that for yourself after have read this article: Corrupt the young; get them away from religion. Get them interested in sex. Make them superficial; destroy their ruggedness. Get control of all means of publicity, thereby: Divide the people into hostile groups by constantly harping on controversial matters of no importance. Always preach true democracy, but seize power as fast and as ruthlessly as possible. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent. Incite unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of government toward such disorders. By specious argument, cause the breakdown of the old moral virtues - honesty, sobriety, self-restraint, faith in the pledged word, ruggedness. Cause the registration of ALL firearms on some pretext with a view to confiscate them and leave the population helpless. If you look around, everyone of these rules are nearly complete in the U. You would be forcibly fed, clothed, lodged, taught, and employed whether you liked it or not. If it were discovered that you had not character and industry enough to be worth all this trouble, you might possibly be executed in a kindly manner. A Declaration on World Democracy" in Our forefathers at the Constitutional Convention deliberately rejected "democracy" as a vile form of government, yet Vladimir Lenin claimed that democracy was a necessary step toward world communism. Mumford and Niebuhr wrote: It is the plenitude of heart service to a highest religion embodying the essence of all higher religions. Albert Einstein, a member of the United World Federalists and a dedicated Zionist, made a radio broadcast in In a series of booklets with the title "Toward World Understanding", it states: The success of the teacher is bringing up his pupils to be good citizens of the world. The softer "rock" became the instrument through which "hard rock" would eventually emerge. Assemble a mob of men and women, treat them to amplified band music, bright lights, and in next to no time you can reduce them to a state of almost mindless subhumanity. Never before have so few been in a position to make fools, maniacs, or

criminals of so many. From that book, certain parts were entered into the Congressional Records of the U. This was the basic program used to merge the United States and Russia into a World Government under the authority of the United Nations. In this book he wrote about art: He said in an interview something to the effect that fine art is dead - this is the art of the New Era referring to his own art. He was a big puppet for the Illuminati Elite. By degrading the art they also degrade the human population. Picasso once said that to be able to create a good "alternative" art form, you basically must be an excellent painter in a traditional way first.

**Chapter 2 : 'New World Order' Conspiracy | Christian Forums**

*The New World Order, or NWO, is one of the most well-known conspiracy theories in modern history, right up there with the faked moon landings. In fact, there are those who believe that the NWO orchestrated the fake landings to reinforce their control over the population.*

These creations in particular and liberal internationalism in general, however, were regularly criticized and opposed by American paleoconservative business nationalists from the s on. The United Nations was designed in by US bankers and State Department planners, and was always intended to remain a free association of sovereign nation-states, not a transition to democratic world government. Thus, activists around the globe formed a world federalist movement , hoping in vain to create a "real" new world order. Wells went further than progressives in the s, by appropriating and redefining the term "new world order" as a synonym for the establishment of a technocratic world state and of a planned economy. The threat of "Godless communism", in the form of a state atheistic and bureaucratic collectivist world government, demonized as the "Red Menace", therefore became the focus of apocalyptic millenarian conspiracism. The Red Scare came to shape one of the core ideas of the political right in the United States, which is that liberals and progressives , with their welfare-state policies and international cooperation programs such as foreign aid , supposedly contribute to a gradual process of collectivism that will inevitably lead to nations being replaced with a communist one-world government. This right-wing anti-globalist conspiracism fuelled the Bircher campaign for US withdrawal from the UN. American writer Mary M. Davison, in her booklet *The Profound Revolution*, traced the alleged New World Order conspiracy to the establishment of the US Federal Reserve in by international bankers, whom she claimed later formed the Council on Foreign Relations in as a shadow government. At the time the booklet was published, many readers would have interpreted "international bankers" as a reference to a postulated "international Jewish banking conspiracy" masterminded by the Rothschilds. Thus, after the fall of communism in the early s, the main demonized scapegoat of the American far right shifted seamlessly from crypto-communists , who plotted on behalf of the Red Menace, to globalists, plotting on behalf of the New World Order. The relatively painless nature of the shift was due to growing right-wing populist opposition to corporate internationalism , but also in part to the basic underlying apocalyptic millenarian paradigm, which fed the Cold War ca and the witch-hunts of the McCarthy period [14] s. Bush described his objectives for post-Cold War global governance in cooperation with post-Soviet states. Now, we can see a new world coming into view. A world in which there is the very real prospect of a new world order. In the words of Winston Churchill, a "world order" in which "the principles of justice and fair play A world in which freedom and respect for human rights find a home among all nations. He describes a scenario where Wall Street , the Federal Reserve System, the Council on Foreign Relations, the Bilderberg Group and the Trilateral Commission control the flow of events from behind the scenes, nudging people constantly and covertly in the direction of world government for the Antichrist. Spear into militancy led to the rise[ when? From the midâ€™s on, the worldwide appeal of those subcultures transmitted New World Order conspiracism like a " mind virus " to a large new audience of seekers of stigmatized knowledge. Fight the Future are often cited as notable examples. These declarations had the unintended consequence of providing fresh fodder for New World Order conspiracism, which culminated in talk-show host Sean Hannity stating on his Fox News Channel program Hannity that the "conspiracy theorists were right". The following is a list of the major ones in roughly chronological order: In many contemporary Christian conspiracy theories, the False Prophet will be either the last pope of the Catholic Church groomed and installed by an Alta Vendita or Jesuit conspiracy , a guru from the New Age movement , or even the leader of an elite fundamentalist Christian organization like the Fellowship , while the Antichrist will be either the President of the European Union , the Secretary-General of the United Nations , or even the Caliph of a pan-Islamic state. Conspiracy Theories and End-Times Paranoia. Hughes argues that "New World Order" rhetoric libels the Christian faith, since the "New World Order" as defined by Christian conspiracy theorists has no basis in the Bible whatsoever. Furthermore, he argues that not only is this idea unbiblical, it is positively anti-biblical and fundamentally anti-Christian , because by

misinterpreting key passages in the Book of Revelation, it turns a comforting message about the coming kingdom of God into one of fear, panic and despair in the face of an allegedly approaching one-world government. Gomes , caution Christian fundamentalists that a " spirit of fear " can distort scripture and history through dangerously combining biblical literalism , apocalyptic timetables , demonization and oppressive prejudices, [27] [28] while Camp warns of the "very real danger that Christians could pick up some extra spiritual baggage" by credulously embracing conspiracy theories. Over the years a number of allegations and conspiracy theories have been directed towards Freemasonry, including the allegation that Freemasons have a hidden political agenda and are conspiring to bring about a New World Order, a world government organized according to Masonic principles or governed only by Freemasons. Despite the fact that Taxil admitted that his claims were all a hoax , they were and still are believed and repeated by numerous conspiracy theorists and had a huge influence on subsequent anti-Masonic claims about Freemasonry. Freemasonry, which promotes rationalism , places no power in occult symbols themselves, and it is not a part of its principles to view the drawing of symbols, no matter how large, as an act of consolidating or controlling power. McKeown argues that the accusations ignore several facts. Firstly, the many Grand Lodges are independent and sovereign, meaning they act on their own and do not have a common agenda. The points of belief of the various lodges often differ. Secondly, famous individual Freemasons have always held views that span the political spectrum and show no particular pattern or preference. As such, the term "Masonic government" is erroneous; there is no consensus among Freemasons about what an ideal government would look like. The movement consisted of advocates of freethought , secularism , liberalism , republicanism , and gender equality , recruited from the German Masonic Lodges , who sought to teach rationalism through mystery schools. In , the order was infiltrated, broken up and suppressed by the government agents of Charles Theodore, Elector of Bavaria , in his preemptive campaign to neutralize the threat of secret societies ever becoming hotbeds of conspiracies to overthrow the Bavarian monarchy and its state religion , Roman Catholicism. The Illuminati were accused of being subversives who were attempting to secretly orchestrate a revolutionary wave in Europe and the rest of the world in order to spread the most radical ideas and movements of the Enlightenmentâ€” anti-clericalism , anti-monarchism , and anti-patriarchalism â€”and to create a world noocracy and cult of reason. During the 19th century, fear of an Illuminati conspiracy was a real concern of the European ruling classes , and their oppressive reactions to this unfounded fear provoked in the very revolutions they sought to prevent. American evangelist Gerald Burton Winrod and other conspiracy theorists within the fundamentalist Christian movement in the United Statesâ€”which emerged in the s as a backlash against the principles of Enlightenment secular humanism , modernism , and liberalismâ€”became the main channel of dissemination of Illuminati conspiracy theories in the U. The text purports to be the minutes of the secret meetings of a cabal of Jewish masterminds, which has co-opted Freemasonry and is plotting to rule the world on behalf of all Jews because they believe themselves to be the chosen people of God. The Protocols reflect themes similar to more general critiques of Enlightenment liberalism by conservative aristocrats who support monarchies and state religions. The interpretation intended by the publication of The Protocols is that if one peels away the layers of the Masonic conspiracy , past the Illuminati , one finds the rotten Jewish core. There is general agreement that Russian-French writer and political activist Matvei Golovinski fabricated the text for Okhrana , the secret police of the Russian Empire , as a work of counter-revolutionary propaganda prior to the Russian Revolution , by plagiarizing, almost word for word in some passages, from The Dialogue in Hell Between Machiavelli and Montesquieu , a 19th-century satire against Napoleon III of France written by French political satirist and Legitimist militant Maurice Joly. They speculated that this secret society was working behind the scenes to establish a theocratic " United States of Europe ". Politically and religiously unified through the imperial cult of a Merovingian Great Monarch â€”supposedly descended from a Jesus bloodline â€”who occupies both the throne of Europe and the Holy See , this "Holy European Empire" would become the hyperpower of the 21st century. Although it is hard to determine whether the conspiracy-minded actually believe this or are simply trying to sanitize a discredited text, skeptics argue that it does not make much difference, since they leave the actual, antisemitic text unchanged. The result is to give The Protocols credibility and circulation. In his first will, written in at the age of 23, he expressed his wish to fund a secret society known as the Society of the

Elect that would advance this goal: Established in , the original goal of the trust fund was to foster peace among the great powers by creating a sense of fraternity and a shared world view among future British, American, and German leaders by having enabled them to study for free at the University of Oxford. To this end, Curtis founded the Royal Institute of International Affairs in June and, with his book *The Commonwealth of God*, began advocating for the creation of an imperial federation that eventually reannexes the U. The Council on Foreign Relations began in with a group of New York academics who were asked by President Woodrow Wilson to offer options for the foreign policy of the United States in the interwar period. Originally envisioned as a group of American and British scholars and diplomats, some of whom belonging to the Round Table movement, it was a subsequent group of New York financiers, manufacturers and international lawyers organized in June by Nobel Peace Prize recipient and U. It is a private organization established to foster closer cooperation among the United States, Europe and Japan. In the s, right-wing populist individuals and groups with a paleoconservative worldview, such as members of the John Birch Society , were the first to combine and spread a business nationalist critique of corporate internationalists networked through think tanks such as the Council on Foreign Relations with a grand conspiracy theory casting them as front organizations for the Round Table of the "Anglo-American Establishment " , which are financed by an "international banking cabal" that has supposedly been plotting from the late 19th century on to impose an oligarchic new world order through a global financial system. Anti- globalist conspiracy theorists therefore fear that international bankers are planning to eventually subvert the independence of the U. Cleon Skousen and New Left Carl Oglesby to substantiate this view, even though Quigley argued that the Establishment is not involved in a plot to implement a one-world government but rather British and American benevolent imperialism driven by the mutual interests of economic elites in the United Kingdom and the United States. Quigley also argued that, although the Round Table still exists today , its position in influencing the policies of world leaders has been much reduced from its heyday during World War I and slowly waned after the end of World War II and the Suez Crisis. Today the Round Table is largely a ginger group , designed to consider and gradually influence the policies of the Commonwealth of Nations , but faces strong opposition. Furthermore, in American society after , the problem, according to Quigley, was that no elite was in charge and acting responsibly. He saw a conspiracy plot that was "international in scope, generations old in planning, and incredibly evil in intent. For more than a century ideological extremists at either end of the political spectrum have seized upon well-publicized incidents The statement, however, is taken at face value and widely cited by conspiracy theorists as proof that the Council on Foreign Relations uses its role as the brain trust of American presidents, senators and representatives to manipulate them into supporting a New World Order in the form of a one-world government. In a 13 November interview with Canadian journalist Benjamin Fulford, Rockefeller countered that he felt no need for a world government and wished for the governments of the world to work together and collaborate. He also stated that it seemed neither likely nor desirable to have only one elected government rule the whole world. He criticized accusations of him being "ruler of the world" as nonsensical. Shoup, argue that the Council on Foreign Relations is an " imperial brain trust" which has, for decades, played a central behind-the-scenes role in shaping U. William Domhoff , argue that it is in fact a mere policy discussion forum [53] which provides the business input to U. All the council does is sponsor discussion groups, debates and speakers. As far as being secretive, it issues annual reports and allows access to its historical archives. Wells promoted cosmopolitanism and offered blueprints for a world revolution and world brain to establish a technocratic world state and planned economy. When we attempt to evaluate its promise, we have to bear in mind the distress of a generation or so of malcontents, many of them quite gallant and graceful-looking people. However, despite the popularity and notoriety of his ideas, Wells failed to exert a deeper and more lasting influence because he was unable to concentrate his energies on a direct appeal to intelligentsias who would, ultimately, have to coordinate the Wellsian new world order. According to Bailey, a group of ascended masters called the Great White Brotherhood works on the " inner planes " to oversee the transition to the New World Order but, for now, the members of this Spiritual Hierarchy are only known to a few occult scientists, with whom they communicate telepathically , but as the need for their personal involvement in the plan increases, there will be an "Externalization of the Hierarchy" and everyone will know

of their presence on Earth. By this logic, anything that is not Christian is by definition actively and willfully anti-Christian. Skeptics argue that the connection of conspiracy theorists and occultists follows from their common fallacious premises. First, any widely accepted belief must necessarily be false. Second, stigmatized knowledge—what the Establishment spurns—must be true. The result is a large, self-referential network in which, for example, some UFO religionists promote anti-Jewish phobias while some antisemites practice Peruvian shamanism.

**Chapter 3 : The New World Order – What is it?**

*Answer: The New World Order is a conspiracy theory which posits a new period of history bringing about a major change in the world with the balance of world power. This New World Order is theorized by some to involve a group or groups of elitist people bent on ruling the world through a single worldwide system of government.*

What is the New World Order? The New World Order is a conspiracy theory which posits a new period of history bringing about a major change in the world with the balance of world power. This New World Order is theorized by some to involve a group or groups of elitist people bent on ruling the world through a single worldwide system of government. The appeal of this New World Order lies in its proposal to free the world of wars and political strife, and its promises to eradicate poverty, disease, and hunger. Its purpose is to meet the needs and hopes of all mankind through worldwide peace. This will be accomplished by the installation of a one-world political system or body. One means to achieve this is by eliminating all lines and borders demarcating the nations of the world. To effect all this change, it is believed that the New World Order will emphasize tolerance through the promotion and acceptance of other cultures and their values and ideologies. Its ultimate goal is a sense of unity and oneness with all people speaking the same language. Other objectives include the use of a single, world-wide currency, as well as oneness in politics, religion, and moral values. As a result, conspiracy theorists believe, the world will be under one rule, that of one government that promises worldwide peace, the absence of war, and the elimination of all political unrest. Though it may be agreed that man needs hope in order to endure this life and have peace of mind, the problem lies in where man searches for such hope. The Scriptures are clear concerning all these things. As Christians, we are commanded to obey and respect those in authority, including our government. However, we can easily see that there are some severe consequences of such a New World Order, both from an economic and a religious standpoint. Romans. The problem with the acceptance and approval of any New World Order is that no government has ever offered, nor will it ever offer, real hope and peace for mankind. When man turns to government to provide worldwide peace and hope, he becomes disillusioned and enslaved by its false promises. History has proven time and again that no quasi-world empire has ever survived, simply because of its innate flaws of greed, corruption, and quest for power. Those who desire the ushering in of a New World Order, whether secular or religious, are in for a rude awakening. Only heaven brings lasting peace and happiness. The Bible makes it very clear that all things associated with this life on earth with its sufferings, its decay, its discontent, and death will continue with this physical life 2 Corinthians 4: It is also clear that all these things are completely unknown in the heavenly city Revelation They will be done away with. Yes, hope is needed. But it is the hope of heaven we need, not the false hope of a New World Order. The one hope for all believers lies only in heaven John It is not here on this earth.

**Chapter 4 : Things to Consider About the Illuminati Conspiracy Theory | Exemplore**

*Conspiracy theories lol Edit. There are numerous secular and religious conspiracy theories through which the concept of a New World Order is viewed. The following is a list of the major ones in relatively chronological order.*

What is the New World Order Theory? The New World Order Theory is a conspiracy theory. Freemason symbol on wax seal. The Freemasons arose in 16th and 17th century Britain. Various conspiracy theories have put forward a claim of a growing secretive dictatorial worldwide government called the New World Order. All of these theories have a common theme that a mysterious authority is colluding to rule the entire world by an authoritarian system of government. Many powerful historical and present-day persons have been alleged to take part in the scheme which is purported to be operating through different fake organizations to stage-manage important financial and political events. To achieve this, these people are triggering universal crises by pushing countrywide and worldwide controversial policies. Primarily, this was the aggressively anti-government right while the secondary part was of fundamental Christianity which was focused with the end time Anti-Christ emergence. This, in turn, initiated many people preparing for apocalyptic scenarios near the end of the 20th century and the beginning of the 21st. End Time Since the 19th century, many Christian eschatologists predicted the tyrannical New World Order as a governing structure that would be imposed to fulfill Biblical prophecies about the end time. These eschatologists claimed that people who had agreed with the devil to amass wealth and have power were at the forefront to move humanity to accept the government. With time, numerous allegations and conspiracy theories were directed towards the organization with some purporting that it was conspiring to bring the New World Order. This was especially due to their Masonic symbols and rites that made people believe they practiced Satanism. It consisted of advocates of secularism, freethought, republicanism, liberalism, and gender equality. In late 18th century, conspiracy theorists began speculating that the Illuminati were the masterminds behind the French Revolution after surviving suppression. They were accused of attempting to secretly orchestrate a European revolutionary wave and the whole world so that they would spread their radical ideas and movements. The publication purported to be minutes of a secret meeting of the Jewish masterminds. Rise of Conspiracy Theories in the 21st Century There have been numerous conspiracy theories, all having the same allegations. This page was last updated on July 6,

**Chapter 5 : Basic Understanding Of The 'New World Order'**

*The New World Order Theory is a conspiracy theory. Freemason symbol on wax seal. The Freemasons arose in 16th and 17th century Britain. Various conspiracy theories have put forward a claim of a growing secretive dictatorial worldwide government called the New World Order. All of these theories have.*

The theory goes like this: Unlike dictators of the past, this group is not "at least, not yet" seeking a military coup on the governments of the world, but is rather trying to create a single world government, which this elite group of individuals, this global elite, control in its entirety. The idea and the research behind it has proved so compelling that it might surprise you that this is not a fringe movement. According to a poll, about 28 percent of Americans believe in the New World Order, or global elite "whichever term you prefer. When you look at the key ideas behind the conspiracy theory and how this group allegedly functions in society, you realize that the dictators of today, if the New World Order exists as such, is probably smarter than most of its predecessors. First, you have a general public who is not willing to accept the idea of a single world government of tyranny. So instead of creating such a government openly, you create an appearance so that what you are proposing is democratic. You take over the high reaches of democracy and corporate controls. You instigate messages in the media that support your arguments. This is all speculation, of course. But many researchers and even government officials such as former Canadian defense minister Paul Hellyer have attested to its existence. With that said, here are 15 scary and unusual allegations about this alleged movement. In his documentary, *Endgame*: The press has never been allowed to attend the event, but Jones has obtained leaks from inside sources here and there after the conferences. It is thought to be heavily involved in occult sciences, such as astrology and numerology. The upper tiers of this hierarchal system supposedly have committee names like Council of 3, the Grand Druid Council, and the Committee of , all of which are pyramid-like in structure and authority. *The Story of the Committee of* , a book which details how the Illuminati promotes an oligarchical agenda of worldwide control, one-world government, and a single-unit monetary system. The book also talks about how the Committee of controls a great portion of industry, media, and science. The Illuminati is thought to have been founded in Bavaria in , but most scholars believe this original organization went extinct due to early repression in Bavaria. Many conspiracy believers think this conspiracy is intimately linked to the New World Order and its desire for world conquest. British author David Icke believes the so-called Reptilian species of ETs, who are thought to be less benign than other species, have mastered shapeshifting technologies that enables them to roam freely in government positions, similar to what you might see in *X-Men*. This group of reptilians he refers to as the Babylon Brotherhood, a group pushing civilization into a new world order. Other ET believers also contend that the New World Order, or shadow government, negotiates with the ET races to obtain their advanced technology. Sometimes called technological singularity, this concept means an eventual human race that is fused with robotics, or the best that technology can offer. This is similar to what Darth Vader was in *Star Wars*, both a man and a robot. Some of these conspiracy theorists worry that if this were to take place, human society would see the emergence of a totalitarian dystopia, similar to what Aldous Huxley envisioned in his book, *A Brave New World*. Their evidence for this is the gradual centralization of world federations and governing bodies that often use the word world in the title. Examples include the World Trade Organization, the World Bank, the United Nations, and the World Health Organization, all of which create a pyramid of power that has the capability to have wide-reaching control over society as a whole. Some are concerned about the possibility of an upcoming move to globalized currency, after the Council on Foreign Relations proposed a new type of currency called the Amero. This currency could be used in Canada, Mexico, and the US. Militia movement members who believe this are also worried that any gun control legislation will eventually lead to the end of gun ownership in the US population, which they see as another possible move by the global elite to stop anything in their way from a full political takeover. This, they believe, is being achieved through the use of social security numbers, bar coding of retail purchases, and radio-frequency identification. Some believe that RFID implant chips on purchases now resemble a totalitarian state, such as in the book , where all consumers are being constantly

tracked and spied on as part of a mass surveillance project.

*However, his dismissal of the existence of a "new world order" is unlikely to convince many conspiracy theorists who believe he is part of the very elite whose existence he denies.*

Please pray and ask God to speak to your heart as I speak to your mind. Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. The Bible teaches in 2nd Corinthians 4: The earth belongs to the Lord God almighty 1st Corinthians As such, Satan needs a way to control this world. Satan must hide his works because they are evil and most people would never go along if they saw the plain truth. So the Devil must trick and deceive people Matthew 7: This is what the Bible means in Daniel 8: Literally, the masses of the world will be deceived and led as cattle to the slaughter. It is already happening today! See, Signs of Satan. Jesus quoted the Holy Scriptures to defeat Satan. The music industry is controlled by satanic occultists! The Luciferian conspiracy exists on earth today, which is visibly at work destroying America, and has continued throughout the civilizations of history, began long ago when Lucifer initiated his rebellion in Heaven against the throne of God Isaiah Please read, Taylor Swift And Satanism. Marx was a devout satanist in college and a Luciferian-worshipper throughout his life. He was also a member of the underground Illuminati. Marx was a Jewish high-level Freemason and infiltrator, working for the sinister International Banking Cartel. Why do you think President Obama and the liberals want our guns? Fascist, cruel and inhumane mistreatment of citizens will become the norm. Also, Hall states that the most effective deception is the half-truth, because in part it can be contested with incontestable logic. Pretty intense stuff, huh? You can read Ralph A. Epperson also quotes and explains numerous statements from Manly P. This official government seal has been on the back of every U. Occultists love to place occult symbols in plain view, mocking the ignorance of the common man, boasting at their exploits as their private orgies and drunken parties; relishing as overlords over a dumbed-down, comatose, society of drug-crazed, out of control, high on prescription drugs, confused, dead-eyed form drinking fluoride for years, et cetera. The average America these days is totally dumbed-down, lethargic, obese, confused, tired, and relies solely upon the television to form their opinions. People worship the gods of sports, video games, gadgets, computers, cellphones, texting, searching for information and television. Anything that you place as a higher priority in your daily life than personal time in prayer and Bible reading is idolatry. God created you and me because he needs our worship. They are searching and waiting for their counterfeit Messiah, that is, the False Christ Antichrist. The issue is not Anti-Semitism, God forbid. I love Jewish people, as I love all people from every ethnicity, religion and race. To be Anti-Zionism is entirely different than being Anti-Semitism. The Lord promised to regather Israel only when He returns in glory, might and power with ten thousands of his saints. So present-day Israel is a fraud. The Antichrist when he comes will be a fraud. Everyone who flashes the Satanic hand-sign has sold their soul to Satan. Satan always pays with counterfeit money. The pied-piper will come calling! Check out this creepy satanic ritual celebrating the opening of the Gotthard Tunnel in Switzerland on June 1, I bypassed th first part of the video, as it contains fruitcakes dancing in their underwear. The Tunnel took 17 years to build. Bottomless Pit Opening Soon! He talks about the Luciferian Gotthard Tunnel ceremony and what it means. The Devil works through members of the occult to infiltrate and influence every area of societyâ€”religion, the music industry, public schools, Hollywood, The Council On Foreign Relations, the United Nations, Wall Street, corporations, government, et cetera. The Great Pyramid was never finished in Egypt. God stopped the erecting of the city and tower of Babel. Satan was behind that conspiracy at Babel, to unite men in rebellion against God. Satan has unfinished business! God had changed all their languages and geographical locations. Satan has tried throughout history to take over the world through military conquest Egypt, Assyria, Babylon, Medo-Persia, Greece, Rome. Each time Satan has failed to complete what he started at Babel. Today, thousands of years later, the Devil is finally succeeding by

the permissive will of God to achieve World Government. Satan wants to complete what he started at Babel, that is, to unite humanity in rebellion against Godâ€™ by worshipping the Devil and the Antichrist man of sin who must come soon. In order to accomplish a new order of World Government, the sovereignty of all the nations must be destroyed. The economy of each nation must be destroyed. Every heavy-metal Rock band reveres the number 13, which represents destruction, suicide, death and total destruction. Jesus said in John 17:1-26. There is a hierarchy of power throughout the Luciferian conspiracy. Batten, published in Here is an excellent explanation from eye-opening author Dr. Freemasonry is their instrument. They care nothing for their non-Illuminati brethren, Jewish or not. They will destroy billions as they create a neo feudal world characterized by the superrich, their support staff, soldiers and serfs. The group disbanded after years and went underground, infiltrating into Freemasonry and other circles of influence. World government has been in the works for millenniums, finally brought to fruition with the birth of America in 1776. Few students of history realize that America from the very onset was founded with the intent of establishing world government. This is evidenced by the War of 1812. The Freemason-controlled American forces continued north to invade and conquer Canada. But the Indians joined the Canadian forces and drove the Revolutionary Army back into the south. The calf was fatted for two hundred years in America. But over the past years America has been led to the slaughter house. We are at war spiritually for our families, nation and liberties! The American public has been overthrown. The International Banking Cartel is behind the subversion of America. Also, watch the 2: An important truth for every believer is taught in the Old Testament story of Ezra and the building of the wall in Jerusalem. Albeit, I like to call the globalists the Illuminati. So the terms are interchangeable. The Illuminati is composed of a handful of about 13 occult-inspired elite families. Their most employed method is money. Literally, they have quadrillions-of-dollars and can buy nations and do! This will be the Beast system of the coming Antichrist, the Man of Sin. Interestingly, Nebuchadnezzar used an image Daniel 3: Everyone was told to bow to the 90 x 9 foot golden obelisk which symbolizes an erect male penis when they heard the music Daniel 3: Why did king Nebuchadnezzar tell the people from all nations to worship the image instead of him directly? Whereas there are 7, languages upon the earth, images and symbols transcend all languages, being understood by everyone, regardless of the native language they speak. As you can see, images therefore can be very powerful. The Great Pyramid and The All-Seeing Eye symbols are used today to magnify and project the image of the coming Antichrist, preparing the world stage for when he appears. I believe he is alive today. This is why Nebuchadnezzar erected a 90 x 9 foot golden image for the people to worship at the sound of the music Daniel 3: That is, the image projected a bigger-than-life image of Nebuchadnezzar. Images are powerful, which is why the occult loves them. It is their way of communicating. We are moving away from a word-based society into an image-based society.

**Chapter 7 : 50 Years of Conspiracy Theories - New World Order -- New York Magazine**

*The New Age Movement and Service to The Plan The New World Order as envisioned by the Elite is hardly a recent undertaking. Theirs is a philosophy rooted in ancient occult traditions.*

It cites a article in The American Historical Review as the earliest usage example, [6] [7] although it also appears in journals as early as April Lance deHaven-Smith has suggested that the term has entered everyday language in USA in , year in which New York Times ran five stories with mention of the term. A conspiracy theory, on the other hand, is "an intellectual construct", a "template imposed upon the world to give the appearance of order to events". Positing that "some small and hidden group" has manipulated events, a conspiracy theory can be local or international, focused on single events or covering multiple incidents and entire countries, regions and periods of history. Conspiracy theorists see themselves as having privileged access to special knowledge or a special mode of thought that separates them from the masses who believe the official account. List of conspiracy theories A conspiracy theory may take any matter as its subject, but certain subjects attract greater interest than others. Favored subjects include famous deaths, government activities, new technologies, terrorism and questions of alien life. Among the longest-standing and most widely recognized conspiracy theories are notions concerning the assassination of John F. West, evidence suggests that a broad cross-section[ quantify ] of Americans today gives credence to at least some conspiracy theories. Conspiracy theories are widely present on the Web in the form of blogs and YouTube videos, as well as on social media. Whether the Web has increased the prevalence of conspiracy theories or not is an open research question. The "Enemy Outside" refers to theories based on figures alleged to be scheming against a community from without. The "Enemy Within" finds the conspirators lurking inside the nation, indistinguishable from ordinary citizens. The "Enemy Above" involves powerful people manipulating events for their own gain. The "Enemy Below" features the lower classes working to overturn the social order. The "Benevolent Conspiracies" are angelic forces that work behind the scenes to improve the world and help people. This refers to limited and well-defined events. The conspiracy is believed to have broad goals, usually conceived as securing control of a country, a region, or even the entire world. The goals are sweeping, whilst the conspiratorial machinery is generally simple: This is a common scenario in conspiracy theories that focus on the alleged machinations of Jews , Freemasons , Communism , or the Catholic Church. For Barkun, such theories link multiple alleged conspiracies together hierarchically. At the summit is a distant but all-powerful evil force. According to Rothbard, a "shallow" theorist observes an event and asks Cui bono? On the other hand, the "deep" conspiracy theorist begins with a hunch and then seeks out evidence. By contrast, the term "Watergate conspiracy theory" is used to refer to a variety of hypotheses in which those convicted in the conspiracy were in fact the victims of a deeper conspiracy. Mintz in the s. According to Mintz, conspiracism denotes "belief in the primacy of conspiracies in the unfolding of history": It identifies elites, blames them for economic and social catastrophes, and assumes that things will be better once popular action can remove them from positions of power. As such, conspiracy theories do not typify a particular epoch or ideology. He believes as well that most good investigative reporters are also conspiracy theorists. Conspiracy theories in the Arab world Matthew Gray has noted that conspiracy theories are a prevalent feature of Arab culture and politics. West and others have noted that while conspiracy theorists may often be dismissed as a fringe minority, certain evidence suggests that a wide range of the U. West also compares those theories to hypernationalism and religious fundamentalism. The precedent set by official government-sanctioned conspiracy theories for propaganda, such as claims of German infiltration of the U. He suggests that one of the most important characteristics of these accounts is their attempt to unveil the "real but hidden" power relations in social groups. They appear to make sense out of a world that is otherwise confusing. Second, they do so in an appealingly simple way, by dividing the world sharply between the forces of light, and the forces of darkness. They trace all evil back to a single source, the conspirators and their agents. Third, conspiracy theories are often presented as special, secret knowledge unknown or unappreciated by others. The research suggests that the smaller the minority believing in a specific theory, the more attractive it is to conspiracy

theorists. This is because it is a consolation to imagine that difficulties in human affairs are created by humans, and remain within human control. If a cabal can be implicated, there may be a hope of breaking its power or of joining it. Belief in the power of a cabal is an implicit assertion of human dignity—“an unconscious affirmation that man is responsible for his own destiny. Some people prefer socio-political explanations over the insecurity of encountering random, unpredictable, or otherwise inexplicable events. Once cognized, confirmation bias and avoidance of cognitive dissonance may reinforce the belief. In a context where a conspiracy theory has become popular within a social group, communal reinforcement may equally play a part. This projection, according to the argument, is manifested in the form of attribution of undesirable characteristics of the self to the conspirators. Historian Richard Hofstadter stated that: This enemy seems on many counts a projection of the self; both the ideal and the unacceptable aspects of the self are attributed to him. A fundamental paradox of the paranoid style is the imitation of the enemy. The enemy, for example, may be the cosmopolitan intellectual, but the paranoid will outdo him in the apparatus of scholarship, even of pedantry. The Ku Klux Klan imitated Catholicism to the point of donning priestly vestments, developing an elaborate ritual and an equally elaborate hierarchy. The John Birch Society emulates Communist cells and quasi-secret operation through "front" groups, and preaches a ruthless prosecution of the ideological war along lines very similar to those it finds in the Communist enemy. Spokesmen of the various fundamentalist anti-Communist "crusades" openly express their admiration for the dedication, discipline, and strategic ingenuity the Communist cause calls forth. Conspiracy theories may be emotionally satisfying, by assigning blame to a group to which the theorist does not belong and so absolving the theorist of moral or political responsibility in society. If you cannot change your own life, it must be that some greater force controls the world. The "fact position" argues that individuals are dominated, often covertly and without their awareness, by external forces e. Moon landing hoax would require the involvement of , people and would be exposed within 3. Political use[ edit ] In his book *The Open Society and Its Enemies*, the philosopher Karl Popper used the term "the conspiracy theory of society" to denote a conception of social phenomena that he found to be defective-- namely, that social phenomena such as "war, unemployment, poverty, shortages Popper acknowledged that genuine conspiracies do exist, [64] but noted how infrequently conspirators have been able to achieve their goal. Cumings concludes that history is instead "moved by the broad forces and large structures of human collectivities".

Preppers, survivalists, conspiracy theorists, "end time" Christians Round Table Edit British businessman Cecil Rhodes advocated the British Empire reannexing the United States of America and reforming itself into an "Imperial Federation" to bring about a hyperpower and lasting world peace. In his first will, of , written at the age of 23, he expressed his wish to fund a secret society known as the Society of the Elect that would advance this goal: In his later wills, a more mature Rhodes abandoned the idea and instead concentrated on what became the Rhodes Scholarship, which had British statesman Alfred Milner as one of its trustees. Established in , the original goal of the trust fund was to foster peace among the great powers by creating a sense of fraternity and a shared world view among future British, American, and German leaders by having enabled them to study for free at the University of Oxford. Milner and British official Lionel George Curtis were the architects of the Round Table movement, a network of organizations promoting closer union between Britain and its self-governing colonies. To this end, Curtis founded the Royal Institute of International Affairs in June and, with his book *The Commonwealth of God*, began advocating for the creation of an imperial federation that eventually reannexes the U. The Commonwealth of Nations was created in but it would only be a free association of independent states rather than the powerful imperial federation imagined by Rhodes, Milner and Curtis. The Council on Foreign Relations began in with a group of New York academics who were asked by President Woodrow Wilson to offer options for the foreign policy of the United States in the interwar period. Originally envisioned as a British-American group of scholars and diplomats, some of whom belonging to the Round Table movement, it was a subsequent group of New York financiers, manufacturers and international lawyers organized in June by Nobel Peace Prize recipient and U. Conspiracy theorists believe that the Council on Foreign Relations is a front organization for the Round Table as a tool of the "Anglo-American Establishment", which they believe has been plotting from on to rule the world. The research findings of historian Carroll Quigley, author of the book *Tragedy and Hope*, are taken by both conspiracy theorists of the American Old Right Cleon Skousen and New Left Carl Oglesby to substantiate this view, even though he argued that the Establishment is not involved in a plot to implement a one-world government but rather British and American benevolent imperialism driven by the mutual interests of economic elites in the United Kingdom and the United States. Quigley also argued that, although the Round Table still exists today, its position in influencing the policies of world leaders has been much reduced from its heyday during World War I and slowly waned after the end of World War II and the Suez Crisis. Today it is largely a ginger group, designed to consider and gradually influence the policies of the Commonwealth of Nations, but faces strong opposition. Furthermore, in American society after , the problem, according to Quigley, was that no elite was in charge and acting responsibly. American banker David Rockefeller joined the Council on Foreign Relations as its youngest-ever director in and subsequently became chairman of the board from to ; today he serves as honorary chairman. In , Rockefeller authored his autobiography *Memoirs* wherein, on page , he wrote: For more than a century ideological extremists at either end of the political spectrum have seized upon well-publicized incidents Barkun argues that this statement is partly facetious the claim of "conspiracy" or "treason" and partly serious "the desire to encourage trilateral cooperation among the U. However, the statement is taken at face value and widely cited by conspiracy theorists as proof that the Council on Foreign Relations itself alleged to be a front for an "international banking cabal", as well as, it is claimed, the sponsor of many "globalist" think tanks such as the Trilateral Commission uses its role as the brain trust of American presidents, senators and representatives to manipulate them into supporting a New World Order. Conspiracy theorists fear that the international bankers of financial capitalism are planning to eventually subvert the independence of the U. We need governments of the world that work together and collaborate. I have to say that I think for the large part, I would have to decide to describe them as crackpots. Some American social critics, such as Laurence H. Shoup, argue that the Council on Foreign Relations is an "imperial brain trust",

which has, for decades, played a central behind-the-scenes role in shaping U. William Domhoff, argue that it is in fact a mere policy discussion forum, which provides the business input to U. The latter argue that it has nearly 3, members, far too many for secret plans to be kept within the group; all the council does is sponsor discussion groups, debates and speakers; and as far as being secretive, it issues annual reports and allows access to its historical archives. However, all these critics agree that historical studies of the council show that it has a very different role in the overall power structure than what is claimed by conspiracy theorists. Wells called for the intelligentsia of all nation-states to organize for the establishment of a global federation of strengthened and democratized global institutions, with plenary constitutional power accountable to global citizens and a division of international authority among separate global agencies, in order to build a world social democracy. Wells warned, however, in his book *The New World Order* that: When we attempt to evaluate its promise, we [must] bear in mind the distress of a generation or so of malcontents, many of them quite gallant and graceful-looking people. Right-wing conspiracy theorists, however, simply changed their focus from the Soviet Union to the United Nations as the bureaucratic collectivist menace. According to Bailey, a group of ascended masters called the Great White Brotherhood works on the "inner planes" to oversee the transition to the New World Order but, for now, the members of this Spiritual Hierarchy are only known to a few occult scientists, with whom they communicate telepathically, but as the need for their personal involvement in the plan increases, there will be an "Externalization of the Hierarchy" and everyone will know of their presence on Earth. Skeptics argue that the term "New Age movement" is a misnomer, generally used by conspiracy theorists as a catch-all rubric for any new religious, spiritual or philosophical belief, symbol and practice that is not fundamentalist Christian. By their lights, anything that is not Christian is by definition actively and willfully anti-Christian. The implication is that these independent and sometimes contradictory schools of thought are all part of a monolithic whole. This is logically and empirically false, and rationally simplistic. Paradoxically, since the s, New World Order conspiracism is increasing being embraced and propagandized by New Age occultists, who are people bored by rationalism and drawn to what Barkun calls the "cultural dumping ground of the heretical, the scandalous, the unfashionable, and the dangerous" — such as alternative medicine, astrology, quantum mysticism, spiritualism, and Theosophy. Skeptics argue that the connection of conspiracy theorists and occultists follows from their common, fallacious premises. First, any widely accepted belief must necessarily be false. Second, counterknowledge — what the Establishment spurns — must be true. The result is a large, self-referential network in which, for example, UFO religionists promote anti-Jewish phobias while antisemites claim direct reception of prophetic material: Furthermore, conspiracy theorists, such as American writer Jim Marrs, claim that some ex-Nazis, who survived the fall of the Greater German Empire, along with sympathizers in the United States and elsewhere, given safe haven by organizations like ODESSA and Die Spinne, have been working behind the scenes since the end of World War II to enact at least some of the principles of Nazism e. They cite the influence of ex-Nazi scientists brought in under Operation Paperclip to help advance aerospace manufacturing in the U. Conspiracy theorists therefore see history as a "war between secret societies" for control of a New World Order. Skeptics argue that conspiracy theorists grossly overestimate the influence of ex-Nazis and neo-Nazis on American society, and point out that American imperialism, corporatocracy and political repression have a long history that predates World War II. Some political scientists, such as Sheldon Wolin, have expressed concern that the twin forces of democratic deficit and superpower status have paved the way in the U. Aliens Edit Since the late s, extraterrestrials from other habitable planets or parallel dimensions such as "Greys" and intraterrestrials from Hollow Earth such as "Reptilians" have been included in the New World Order conspiracy, in more or less dominant roles, as in the theories put forward by American writers Stan Deyo and Milton William Cooper, and British writer David Icke. The common theme in such conspiracy theories is that aliens have been among us for decades, centuries or millennia, but a government cover-up has protected the public from knowledge of ancient astronauts and an alien invasion. Motivated by speciesism, these aliens have been and are secretly manipulating developments and changes in human society in order to more efficiently control and exploit it. In some theories, alien infiltrators have taken human form and move freely throughout human society, even to the point of taking control of command positions in governmental, corporate, and religious institutions, and

are now in the final stages of their plan to take over the world. A mythical covert government agency of the United States code-named Majestic 12 is often cited by conspiracy theorists as being the shadow government which collaborates with the alien occupation, in exchange for assistance in the development and testing of military "flying saucers" at Area 51, in order for U. Barkun notes that the only positive side to this development is that, if conspirators plotting to rule the world are believed to be aliens, traditional human scapegoats Freemasons, Illuminati, Jews, etc. They speculate that the global power elite are modern Luciferians pursuing a transhumanist agenda to develop and use human enhancement technologies in order to become a "posthuman ruling caste", while change accelerates toward a technological singularity – a theorized future point of discontinuity when events will accelerate at such a pace that normal unenhanced humans will be unable to predict or even understand the rapid changes occurring in the world around them. Conspiracy theorists fear the outcome will either be the emergence of a Brave New World-like dystopia - a "Brave New World Order" - or the extinction of the human species. Regardless, transhumanists and singularitarians claim to only support developing and making publicly available technologies to eliminate aging and to greatly enhance human intellectual, physical, and psychological capacities for the common good; as well as taking deliberate action to ensure that the Singularity – the moment when technological progress starts being driven by superintelligence – occurs in a way that is beneficial to humankind. Postulated implementations Just as there are several overlapping or conflicting theories among conspiracists about the nature of the New World Order, so are there several beliefs about how its architects and planners will implement it: Gradualism Edit Conspiracy theorists generally speculate that the New World Order is being implemented gradually, citing the formation of the U. An increasingly popular conspiracy theory among American paleoconservatives is that the hypothetical North American Union and the amero currency, proposed by the Council on Foreign Relations and its counterparts in Mexico and Canada, will be the next implementation of the New World Order. The theory holds that a group of shadowy and mostly nameless international elites are planning to replace the federal government of the United States with a transnational government. Therefore, conspiracy theorists believe the borders between Mexico, Canada and the United States are in the process of being erased, covertly, by a group of globalists whose ultimate goal is to replace national governments in Washington, D. Most of these get passed around in their own circles and eventually filed away and forgotten by junior staffers in congressional offices. Some of these papers, however, become touchstones for the conspiracy-minded and form the basis of all kinds of unfounded xenophobic fears especially during times of economic anxiety. Conspiracy theorists have misinterpreted the proposal as vindication of their beliefs about a global currency for the New World Order. Partridge, argue that regionalism will be the major force in the coming decades, pockets of power around regional centers: As such, the E. The question then is not whether global governance is gradually emerging, but rather how will these regional powers interact with one another. Following the Rex 84 and Operation Garden Plot plans, this military coup would involve the suspension of the Constitution, the imposition of martial law, and the appointment of military commanders to head state and local governments and to detain dissidents. These conspiracy theorists, who are all strong believers in a right to keep and bear arms, are extremely fearful that the passing of any gun control legislation will be later followed by the abolishment of personal gun ownership and a campaign of gun confiscation, and that the refugee camps of emergency management agencies such as F. Before year some survivalists wrongly believed this process would be set in motion by the predicted Y2K problem causing societal collapse. Since many left-wing and right-wing conspiracy theorists believe that the September 11 attacks were a false flag operation carried out by the United States intelligence community, as part of a strategy of tension to justify political repression at home and preemptive war abroad, they have become convinced that a more catastrophic terrorist incident will be responsible for triggering Executive Directive 51 in order to complete the transition to a police state. Skeptics argue that unfounded fears about an imminent or eventual gun ban, military coup, internment, or U. Mass surveillance Edit Conspiracy theorists concerned with surveillance abuse believe that the New World Order is being implemented by the cult of intelligence at the core of the surveillance-industrial complex through mass surveillance and the use of Social Security numbers, the bar-coding of retail goods with Universal Product Code markings, and, most recently, RFID tagging via

microchip implants. Skeptics warn that some consumer privacy advocates, such as Katherine Albrecht and Liz McIntyre, who claim that corporations and government are planning to track every move of consumers and citizens with RFID as the latest step toward a like surveillance state, have become Christian conspiracy theorists who believe spychips must be resisted because they argue that modern database and communications technologies, coupled with point of sale data-capture equipment and sophisticated ID and authentication systems, now make it possible to require a biometrically associated number or mark to make purchases. They fear that the ability to implement such a system closely resembles the Number of the Beast prophesied in the Book of Revelation. Following public criticism that the development and deployment of these technologies could potentially lead to a mass surveillance system, the IAO was defunded by the United States Congress in 2002. Although DARPA eventually removed the logo from its website, it left a lasting impression on privacy advocates. It also inflamed conspiracy theorists, who misinterpret the "eye and pyramid" as the Masonic symbol of the Illuminati, an 18th-century secret society they speculate continues to exist and is plotting on behalf of a New World Order. The Y2K problem, bar codes and Social Security numbers all triggered end-time warnings which either proved to be false or simply were no longer taken seriously once the public became accustomed to these technologies. Civil libertarians argue that the privatization of surveillance and the rise of the surveillance-industrial complex in the United States does raise legitimate concerns about the erosion of privacy. However, skeptics of mass surveillance conspiracism caution that such concerns should be disentangled from secular paranoia about Big Brother or religious hysteria about the Antichrist. Occultism Edit Conspiracy theorists of the Christian right believe there is an ancient occult conspiracy " started by the first mystagogues of Gnosticism and perpetuated by their alleged esoteric successors, such as the Kabbalists, Cathars, Knights Templar, Rosicrucians, Freemasons, and, ultimately, the Illuminati " which seeks to subvert the Judeo-Christian foundations of the Western world and implement the New World Order through a New Age one-world religion that prepares the masses to embrace the imperial cult of the Antichrist. More broadly, they speculate that globalists who plot on behalf of a New World Order are directed by occult agencies of some sort: They believe that, like Nazi occultists, these conspirators use the power of occult sciences numerology , symbols Eye of Providence , rituals Masonic degrees , monuments National Mall landmarks , buildings Manitoba Legislative Building[33] and facilities Denver International Airport to advance their plot to rule the world. For example, in June 1996, an unknown benefactor under the pseudonym " R. A. " sent a message comprising ten guides is inscribed on the occult structure in many languages to serve as instructions for survivors of a doomsday event to establish a more enlightened and sustainable civilization than the one which was destroyed. The " Georgia Guidestones " have subsequently become a spiritual and political Rorschach test onto which any number of ideas can be imposed. Skeptics argue that the demonization of Western occultism by conspiracy theorists is rooted in religious intolerance but also in the same moral panics that have fueled witch trials in Early Modern Europe, and satanic ritual abuse allegations in the United States. Population control Edit Conspiracy theorists believe that the New World Order will also be implemented through the use of population control in order to more easily monitor and control the movement of individuals. The means range from stopping the growth of human societies through reproductive health and family planning programs, which promote abstinence, contraception and abortion, or intentionally reducing the bulk of the world population through genocides by mongering unnecessary wars, plagues by engineering emergent viruses and tainting vaccines, and environmental disasters by controlling the weather HAARP , chemtrails , etc.. The Codex Alimentarius, a collection of internationally recognized standards, codes of practice, guidelines and other recommendations relating to foods, food production and food safety, has also become the subject of conspiracy theories about population control through famines and foodborne diseases. Their views were influenced by opposition to a number of major social and political changes that had happened in recent years: Mind control Edit Social critics accuse governments, corporations, and the mass media of being involved in the manufacturing of a national consensus and, paradoxically, a culture of fear due to the potential for increased social control that a mistrustful and mutually fearing population might offer to those in power. The concept of wearing a tin foil hat for protection from such threats has become a popular stereotype and term of derision; the phrase serves as a byword for paranoia and is associated with conspiracy

theorists. When fervent individualists feel that they cannot exercise their independence, they experience a crisis and assume that larger forces are to blame for usurping this freedom. Alleged conspirators Edit According to Domhoff, many people seem to believe that the United States is ruled from behind the scenes by a conspiratorial elite with secret desires, i. In the past the conspirators were usually said to be crypto-communist sympathizers who were intent upon bringing the United States under a common world government with the Soviet Union, but the dissolution of the U. Domhoff notes that most conspiracy theorists changed their focus to the United Nations as the likely controlling force in a New World Order, an idea which is undermined by the powerlessness of the U. In the controversial book Superclass:

**Chapter 9 : The New World Order, an Overview**

*As a conspiracy theory, the term New World Order or NWO refers to the emergence of a totalitarian one-world government. The common theme in conspiracy theories about a New World Order is that a secretive power elite with a globalist agenda is conspiring to eventually rule the world through an.*

In fact, there are those who believe that the NWO orchestrated the fake landings to reinforce their control over the population. Like a handful of cookie crumbs, the NWO has a way of slipping into the cracks behind every other far-fetched theory, and like entropy, the theories about them only get bigger with time. Just keep in mind that as plausible as these theories sound, they are, unfortunately, absolutely insane. The Ten Kings Prophecy is the theory that 10 nations will rise to power and create a new government. There are those who think that the Club of Rome is the seat of the NWO, because they published a paper in that recommended splitting the world into 10 regions. If you crawl even deeper into the fog, you find others touting the G8 as the group of 10 kings from Revelation. Put that calculator away—there are only eight world leaders in the G8, but proponents of the theory predict that it will one day expand to include 10 core nations, signaling the start of Armageddon and, probably, the end of life as we know it. According to conspiracy theorists, that means killing most of the planet and leaving about two billion people to continue the human race. These survivors would obviously be the best of the best—scientists, engineers, writers, and politicians—and they would live underground in cities connected by maglev trains. Exactly how the New World Order will trim down the population is a point of contention among theorists. Some people believe that a virus bioengineered by the NWO will wipe out the majority of the population, while others hold firm that Obamacare is slowly poisoning people with vaccines. Other purported methods range from devastating drone strikes to educating people about abortion. If such a technology were that important to achieving their totalitarian goals, they would obviously try to test it first. The idea of setting up a system to send microwave signals into the mind of every American—not to mention the rest of the world—is ludicrous at best, but this theory is a cornerstone of the New World Order curriculum. Wells published a book called *The Open Conspiracy: Blue Prints for a World Revolution*. In , he followed it up with the aptly named *The New World Order*. Most people are familiar with H. As an outspoken socialist, he believed that a world government was inevitable and that widespread eugenics was the proper course for humanity. Every year, these men get together and do. According to one writer who sneaked in, the retreat involves a lot of drinking and peeing in bushes. Reagan, the Bushes, and Henry Kissinger are reported to be members, to name a few. They placed the skull in a glass case in the secretive tomb where the society holds their meetings. Why would they want to do that? And what does it have to do with the New World Order? The history of Skull and Bones is complex, but it is believed to have originated in Germany in the s. Because of that origin, the Skull and Bones is closely connected to the Bavarian Illuminati, which gives it inextricable ties to the development of a one-government world. Probably wanting to preserve a relic of that power, the Skull and Bones society appropriated the skull for their own use. But to NWO conspiracy theorists, their motivations are much, much darker. These are chemtrails, which the government sprays over the population to spread mind-controlling chemicals , biological weapons, or weather-altering super-technology, depending on whom you ask. The weather control conspiracy is the most widespread theory about chemtrails. The results include everything from Obama engineering Hurricane Sandy to creating warming patterns that will melt the Arctic ice and cover the Earth in a blanket of methane. Of course, who would be behind this but our favorite shadowy cabal of elite puppet masters? In fact, aliens have been credited with every advancement in human evolution since the dawn of civilization. The first will be the initial birth of posthumans in the inner circle of NWO leaders. The second is going to be a rapid advancement of technology that eventually culminates in artificial intelligence and a technological singularity , which is the point where AI overtakes human intelligence. These two developments will ensure that the New World Order is capable of controlling every aspect of life. The lower classes will be exterminated and replaced with robots , and humanity will finally reach its shining apex—just as the aliens have always planned.
