

## Chapter 1 : University of Houston-Victoria - University of Houston System

*Transfer and graduate degree programs are available at the main campus in Victoria and at UHV Katy. Freshman-level classes are offered only at the main campus in Victoria. Readers of the Katy Times have voted UHV as the Best College in Katy for three years in a row.*

While previously an upper-division and graduate school only, UHV expanded in fall to admit freshmen and sophomores. UHV consists of four academic colleges: The undergraduate degree is for those seeking elementary, middle and secondary teaching careers or a career in health studies as a public health educator. Faculty[ edit ] Currently, the university has a to-1 ratio and an average class size of 20 students. Faculty members are as global as the perspectives they bring to the classroom. The Victoria campus consists of about 20 acres 81, m2 of land. The Victoria campus shares some of its facilities with Victoria College. Student life[ edit ] Jaguar Village consists of three residence halls: Jaguar Hall also has an on-site dining room and is located a short, minute walk to the UHV campus. Don and Mona Smith Hall is the newest student housing project and will be adjacent to the Student Commons. The addition of this building allows new degree offerings in educational technology, computer engineering, economics concentration in its BBA, petroleum technology concentration, as well as the ability to add additional programs in the future. Victoria Town Plaza Mall consists of approximately 10 acres and , square feet. The land will allow for additional parking for students with an added shuttle bus stop. The Student Center area will include a bookstore, food court, lounge and game room space, staff office space, and Student Government space, and other amenities. The Learning Commons will include library services, a variety of technologies, private and group study spaces, comfortable and moveable furniture, writing assistance and tutoring. The team plays its home games at Riverside Stadium in Victoria, Texas. Puhl also is a Canadian Baseball Hall of Fame and Texas Baseball Hall of Fame inductee, and served as head coach for the Canadian national baseball team in a win over Cuba at the Olympic qualifier in and at the Summer Olympics. *Finance Degree Requirements. In addition to University and Lower Division requirements, students who desire to complete a BBA in Finance must complete the following courses.*

The plan is available to resident and non-resident students and will provide students a fixed tuition rate during the term of their agreement with UHV. The intent and goal of the plan is to provide tuition predictability. Consequently, there is no guarantee the student will realize any tuition savings by participating in the plan. More information about the fix tuition plan can be found online on the Schedule of Charge website. Please contact the Student Billing Office at with questions regarding the plan. Policy on Financial Responsibility Students incur charges for a variety of services provided by the UH System, the university and community colleges, including bookstore, security, parking, food services and residential housing. It is the expectation, as well as a condition of enrollment at the University of Houston-Victoria, that students satisfy their financial responsibilities in a timely manner. Students may be subject to one or more of the following sanctions if they are delinquent in meeting university financial obligations: Financial holds paid with a paper or electronic checks are not released until the payment has cleared banking processes. Generally paper checks clear banking processes within 10 business days and electronic checks clear within 5 business days. The delinquency will be reported to the State and a hold will be activated. This hold will prohibit reimbursement of funds payable to the student from any state agency. In the event of default, university tuition, fees, and other charges are a debt incurred for educational purposes and are considered a Qualified Education Loan as defined in section D 1 of the Internal Revenue Code. Students who write or produce two bad checks to UHV or any entity affiliated or contracted with UHV, will forfeit check writing privileges. To make payment online students must have their 7-digit myUHV ID and password to access their account. No payments are accepted at the Katy location. Cashier, University West Bldg. Additionally, students can contact the Student Billing Office at or at billing uhv. Students select this payment option online in myUHV. This payment option is a two-step process. The first step is to accept the terms of the plan and the second step is to pay the amount due for the first installment prior to the payment deadline. Registration will be canceled if both steps of the process are not completed prior to the payment deadline. The installment plan is an option available during the Fall and Spring terms only. The amount due for subsequent installments will equal 20 percent of the total tuition and fee charges. Students are responsible for reviewing their account online after making schedule changes and paying any additional amount prior to the payment deadline. Students selecting the installment plan are responsible for future installment payments if courses are dropped or the student withdraws after the tuition refund period has expired. Additionally, students who fail to make full payment on time, including any late fees, may be subject to one or more of the following actions: Tuition and Fee Loans Tuition and fee loans are available to help students pay tuition and fees to avoid enrollment cancellation. These loans are not cash loans. However, in accepting the terms of the tuition loan, students obligate to pay tuition and fees at a later date. Students request tuition loans online in myUHV under the payment plan link. The loan duration is 90 days in the fall and spring terms and 30 days in the summer sessions. TPEG tuition loans are not assessed a loan origination fee or interest. These loan funds are limited and the loans are disbursed on a first come first serve basis. TPEG loans do not adjust to cover courses added after the loan has been selected. Only one TPEG loan will be issued per student per semester. Institutional tuition loans are assessed a loan origination fee nonrefundable but are not assessed interest. The institutional loan amount will automatically adjust for schedule changes made after the loan has been selected. Book Loans Book loans are available to help students pay for books and supplies. Students request these loans online in myUHV under the payment plan link. This is a cash loan and funds for these loans are delivered to students in accordance with the refund delivery preference the student has selected delivery options include direct deposit to a bank of choice or direct deposit to a BankMobile Vive account. Please refer to the Tuition and Fee Refund Information section of the catalog for information on selecting a refund delivery preference. Selecting a refund delivery preference is a vital step in getting refunds to students as quickly as possible. No interest or service charge is assessed on book loans. Only one book loan per student

per session will be issued. The university will bill students for charges indicated as not covered in the third party arrangement. Waivers and Exemptions Fee waivers and exemptions are issued only for the period in which a student is currently enrolled. Below is a list of some of the waivers and exemptions commonly used at UHV. For a complete listing of all waivers and exemptions available to students please visit the College for All Texans website and choose Paying For College, Types of Financial Aid. Faculty and Dependents Section This residence waiver is without regard to the length of time they have resided in Texas, provided the employees are employed at least one-half time. Student Employees Section Military Personnel and Dependents Section This tuition waiver is without regard to the length of time they have been assigned to duty or resided in the state. Blind and Deaf Students Section Senior Citizens Section Students are responsible for the payment of all mandatory fees. Credit hours taken in excess of six hours will be charged normal tuition and fees. A senior citizen who wishes to audit a course offered by the university may do so without payment of tuition and fees, provided space is available and normal auditing requirements are met. Texas Veterans - Hazlewood Act Section Federal Pell or SEOG grants; if eligible, cannot exceed the amount of tuition and fees; not be in default of Hinson-Hazlewood college student loan or a federal loan; and must have less than credit hours taken on the Hazlewood Act since the Fall, Eligible parents include full-paid or volunteer firefighters; full-paid municipal, county, or state peace officers; custodial employees of the Texas Department of Corrections, and game wardens. Economic Development and Diversification Section The student is responsible for payment of resident tuition. Waivers are granted to a limited number of students. The student must be a Texas resident under 25 years of age. Clinical Nursing Preceptors and their Dependents Section The student receiving this exemption must be a Texas resident under 25 years of age and must be enrolled at the university. The preceptor must be a registered nurse and must be under a written preceptor agreement with a Professional Nursing Program during the semester for which an exemption is sought. Competitive Scholarship Waiver Section Recipients must have competed with other students, including Texas residents, for the award, which must be administered by a school-recognized scholarship committee. To avoid enrollment cancellation, students should check their accounts online after making schedule changes and, if required, pay additional charges for added courses before the payment deadline. Financial aid students must pay, or select a payment option such as the tuition loan, for any difference between total charges and anticipated aid prior to the payment deadline to avoid enrollment cancellation. Courses will be cancelled in registration order last course added will be the first course cancelled if payment in full has not been made or a payment plan option has not been selected by the due date. This kit will contain information that explains the refund delivery options offered for UHV and will include instructions on how to select a refund preference. Selecting a refund preference is a vital step in getting refunds to you as quickly as possible. Students have a choice of two refund delivery options: If the student fails to select a refund preference, a paper check will be mailed to the student within 10 days from the time the refund is processed. Refund of tuition and fees originally paid by a debit or credit card will be refunded back to the card. For more information about student refunds, please contact the Student Billing Office. Student Responsibilities Prior to enrolling students are responsible for ensuring they meet course requirements and prerequisites. Students should be advised that unmet course requirements, including course prerequisites, is insufficient grounds for a refund of tuition and fees. Students are advised to speak with an advisor if they have any questions regarding course prerequisites. Course load reductions may affect financial aid eligibility. It is strongly advised that students who have been awarded financial aid speak with a Financial Aid Counselor prior to making schedule changes or completely withdrawing as eligibility may be affected. Understand and follow withdrawal procedures. Stopping payment on a check for tuition and fees or allowing a check to be returned unpaid by the bank for any reason does not constitute official withdrawal. Watch Refund Dates when making schedule changes or withdrawing. Once a student registers, he or she is responsible for the total charges assessed regardless if the student selected an installment plan for payment of the charges. Refund percentages are calculated using total charges assessed and not the amount paid. This means students who withdraw before paying all installments or paying a tuition loan in full, may in the event of withdrawal, still owe the university. Drop and withdrawals become effective the date the drop is processed online or the date the written notification is received in the Office of the Registrar and Student

Records. The effective date becomes the official date of the drop or withdrawal for all matters relating to university business. The student assumes responsibility for letters requesting a drop or withdrawal that are delayed or not delivered. Student services and privileges, including library services and use of computer labs, terminate when a student withdraws from the university. **Withdrawal Refunds** The university will refund a percentage of the tuition and required fees charged to students who officially withdraw from all courses at the institution according to the schedules below. Class days, during the fall and spring terms, are counted from the first official class day of a term. A student withdrawn by the university for scholastic or other reasons will receive a full refund of fees paid that semester. Reducing semester credit hours to zero is considered a withdrawal.

### Chapter 3 : Degree Requirements - Finance

*Event Description Visit UHV Katy for our upcoming Open House from 4 to 7 p.m. to talk to representatives from Admissions, International Programs, Career Services and Financial Aid, in addition to school advisors to help you finish your Bachelor's degree, transfer from a local college or start your Master's degree.*

I like how this university offers a wide range of programs, including the Digital Gaming program that I was interested in. The shuttle service here makes it easy to get around town without having to waste your own gas. The teachers help the students well and everyone is really nice. Freshman Overall Experience Report The school itself can receive at least four stars due to the fact the professors do try their hardest to teach you the best to their ability. The only reason for the three stars is because of the dorm experience you may receive when living on-campus. There is a constant use of drugs and alcohol through each dormitory and little to no consequences if found. Their financial aid, advisor, and teacher offices are easy to locate access. Their library has friendly, helpful staff that has assisted me a couple times when I needed help or had questions. The University of Houston-Victoria has been my favorite university between the three of them. I definitely recommend my younger siblings to eventually attend college here and guarantee them that they will NOT regret it! Junior Overall Experience Report I transferred from a smaller community college, and I love how UHV accommodated to my schedule in order to achieve my degree. Junior Overall Experience Report The campus is small and is not overcrowded which makes for a great overall feel. All the faculty are nice, especially the bus drivers. Overall a great school to attend. Sophomore Overall Experience Report The campus is the perfect size, not too big and not too small. The student to professor ratio is perfect. You get to meet people from all walks of life! I wish the Dorms would be a bit bigger. The food is decent but I feel like they can step it up a bit. The student life should put together more events. The dorms could be updated a little more. The university should have more sports. They should include a basketball team and a football team. And the university should develop a student recreational center for students to just hang out and play games and enjoy the full college student experience. The people were so nice and friendly. My advisor was very helpful and kind. I have had no problems at all with any of the online classes I have been taking, and think I am getting a valuable education. I enjoy my professors immensely and look forward to continuing my education further here in the future. Junior Overall Experience Report This is a good university to attend. I personally attend online courses and I must say that it was pretty good for the most part. The only part that I did not agree with is that the finals were on campus. I live in Houston, Texas and this university is in Victoria. I was unable to make it to Victoria to take my final so I did not pass the semester. The reason to get online courses is suppose to all be online, the professor makes the rules, and that was the only thing I disagreed with. It has been a great experience to attend this university. Classes are interesting and knowledgeable. In addition, it offers students to obtain their degree at a lower cost compared to other universities. Senior Overall Experience Report the things that i like about UHV is that they teach something that i need to study and their teachers are professional and it is even close to where i live in dallas Senior Overall Experience Report UHV is an amazing University with flexible hours and help for those like myself that have to work also.

## Chapter 4 : It's time to get ready for spring classes!

*REVISED: June 18, Transfer Degree Map: LSC to University of Houston-Victoria Bachelor of Business Administration in Accounting 4 - Year Suggested Academic Plan for Transfer of the Associate of Arts (Business Field of Study).*
