Source credibility can impact your grade. Here are questions to guide your evaluation process: How easy is it to find contact information for the author? Publisher Is the publisher well known and well respected in the industry? Do they have a website? How selective is the publisher in determining what they publish? Are they also the main retailer for what they publish? Does their other content seem legitimate and credible? Currency When was the source originally published? When was it last updated? Are you citing the latest version? If not, how does that affect your argument? Accuracy Does the argument the author makes appear anywhere else? Is it backed up with data or other sources? Where does the information presented come from? Are there grammatical or spelling errors? Relevance What is the tone of voice? Does it appeal more to an academic reader, or is it more casual? What is the intended audience of the source? Is it similar or different from your intended audience? Bias If the source is a website, does the site have ads? Do they affect the content? What is the purpose of the source? Is it to persuade or argue? To entertain or inform? Do they seem to only present one side of the argument? How do they address the counter argument, if at all? Citations Does the author give credit to sources where they received information and conducted research? Do the sources they used seem legitimate? What sources refer to the one you are using? Do those seem legitimate? Reproduced Is this the original source? Has it been reproduced? If it was reproduced, when was that done? If it was reproduced, does it have copyright information or information on the original source? Complete How much information can be learned from the source on a particular topic? Does it talk about a broad topic, or a specific element of a topic? Are there larger, more popular sources on the topic than this one? Credible After reading through the various questions above, does this source seem credible? Serving High School, College, and University students, their teachers, and independent researchers since
