Prudential Reasons states that: Which of the following system of power sharing is called checks and balances? Which of the following was the outcome of the civil war in Sri Lanka? What were the Causes of ethnic struggles in Belgium:?
OR What were the major causes of tension among the ethnic communities of Belgium?
Belgium is a small country in Europe. It shares its borders with Dutch, France and Germany. It has a population reaching 10 million and ethnic composition of the country is complex. The minority French speaking community is relatively rich and powerful so the majority Dutch community showed resentment against it. This led to tension between the Dutch and French speaking communities in ss. The conflict between the Dutch speaking and French speaking was more severe in Brussels because here, the Dutch speaking people were majority in Belgium but were in minority in Brussels. Therefore, the ethnic struggle originated from tensions between Dutch and French community in Belgium. What was basic reason for the tension between the French speaking and Dutch speaking communities in Belgium. The minority French-speaking community was relatively rich and powerful. This was resented by the Dutch-speaking community who got the benefit of economic development and education much later. This led to tension between the Dutch speaking and French-speaking communities during the ss. Why power sharing is important? Power sharing is important because it avoids or minimizes the conflict between different social groups. Based on Democratic Principles: Social conflicts often lead to violence and political instability, power sharing is a good way to ensure the stability of political order. It is one of the founding principle of democracy. People have to be consulted on how they should be governed. It emphasizes that power sharing brings better results. Morally, the very act of power sharing is valuable. List the major social groups in Sri Lanka Answer:
