

Chapter 1 : What is the Miracle of Garabandal? Millions of Healings | the reproach of Christ

Healing For The Millions tells how anyone, anywhere can apply an amazing and powerful self healing process called The Dynamind Technique to heal most problems, most of the time, in one hour or less.

But they that wait upon The Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not faint. Waiting on Jesus is important. Waiting upon Jesus is important to have our life filled with blessings according to the will of God. Here the prophet says that those that wait upon The Lord. There is a clear contrast which is shown here. Peter and his other disciples waited upon The Lord in the upper room and received Holy Spirit. After they received Gods strength they were not the same again. The question is who will wait upon The Lord? Those who know the strength, power and might of The Lord will wait upon him. Those who are in troubles should wait upon The Lord. Troubles take us into side ways. Moving away from Jesus ways. Job waited upon The Lord. He waited upon the lord righteously. And god gave him double the portion of what he had. Moses waited upon The Lord in Gods presence. And his face shone with brightness that people were not able to see his face. Moses covered his face with cloth. Waiting upon the lord will fill you with Gods glory. Abraham waited upon The Lord and he was made father of nations. He waited upon the lord with faith and patience. How will they wait upon The Lord? If we see Gods servants from Bible they waited upon The Lord, by walking in his righteousness. Job waited upon The Lord inspite of his wife asking him to curse god and die. Abraham waited upon The Lord by keeping faith upon The Lord. Today you might be thinking that I am lost in my way, Judgement is passed on me by God. I will not be fruitful. Renew their strength Those who wait upon The Lord, there is no doubt they will renew their strength. Early church waited upon The Lord. They were focused, they walked in the way of The Lord Jesus Christ. They continued steadfastly in apostles doctrine and fellowship and in breaking of bread and in prayers. They renewed their strength in The Lord and they spread out. There were persecutions but still they waited upon The Lord and they were renewed in strength. Apostle Paul Waited upon The Lord for 3 years. And God renewed his strength. Renewed his strength in the right direction. To preach the gospel to the then known world. If we wait upon The Lord and thank god for what he has done. God will renew our strength. If we wait upon The Lord walking in his ways, reading his truth that is the word of god, we will renew in our strength. What is renewing in strength? For us our strength is renewed in spirit. Not by might, nor by power, but by my spirit, saith the LORD of hosts. Father, son and the Holy Spirit will come and dwell in us and renew our strength. The Holy Spirit which is in me is very powerful. It gives me strength in my life. We will walk by defeating the enemy. We are weak in flesh but strong in spirit. For my strength is made perfect in weakness. They will mount up with wings as eagles. Now those who wait upon The Lord and renew their strength will mount up with wings as eagles. God rescued Israel from Egypt and brought them out with an eagles flight. Our wings in this world to fly high is Gods strength. Eagles need wings to fly high. Their wings are different than other birds so that they can fly high. Our wings are also different than other people. We are equipped with Gods strength. Gods strength is our wings to fly high. He will take us to greater heights. Right now our Hope in our God might be new and it might not have a visible matter to look at. But our faith in Jesus is the evidence that our hope will not fail. Jesus will make us fly high because we have his wings of salvation. When we have his wings of salvation he will take us into heaven. Run and not be weary When we run as per the will of our god then we will not faint. When we wait for The Lord and know the will of god, God will renew our strength to be weary not. When we have the strength of our lord our run to our goal will not be weary. We will run a race to obtain the goal. During our ups and downs of life we should not be weary. When we walk we should not faint. Our walk should be a walk of patience.

Natural cures combined with biomedical devices prompt bone health, growth May 2, Curcumin, the main ingredient of turmeric. In this first-ever effort, the team improved bone-growing capabilities on 3D-printed, ceramic bone scaffolds by percent when coated with curcumin, a compound found in the spice, turmeric. They have published their work in the journal, *Materials Today Chemistry*. The work could be important for the millions of Americans who suffer from injuries or bone diseases like osteoporosis. Human bone includes bone forming and resorbing cells that constantly remodel throughout our lives. Bones become weaker and likely to fracture. Many of the medicines used for osteoporosis work by slowing down or stopping the destruction of old bone or by forming new bone. While they may increase bone density, they also create an imbalance in the natural bone remodeling cycle and may create poorer quality bone. Turmeric has been used as medicine for centuries in Asian countries, and curcumin has been shown to have antioxidant, anti-inflammatory and bone-building capabilities. It can also prevent various forms of cancers. It is metabolized and eliminated too quickly. Led by Susmita Bose , Herman and Brita Lindholm Endowed Chair Professor in the School of Mechanical and Materials Engineering, the researchers encased the curcumin within a water-loving polymer, a large molecule, so that it could be gradually released from their ceramic scaffolds. The curcumin increased the viability and proliferation of new bone cells and blood vessels in surrounding tissue as well as accelerated the healing process. Bose hopes that the work will lead to medicines that naturally create healthier bone without affecting the bone remodeling cycle. The researchers are continuing the studies, looking at the protein and cellular level to gain better understanding of exactly how the natural compound works. The challenge with the natural compounds, said Bose, is that they are often large organic molecules. The chemistry of vehicle delivery is very important. Bose is focused on compounds that might help with bone disorders, including those that encourage bone growth or that have anti-inflammatory, infection control, or anti-cancer properties. Starting with her own health issues, Bose has had a longtime interest in bridging natural medicinal compounds with modern medicine. That interest increased after she had her children. The work was funded by a National Institutes of Health grant.

Information For the Millions Of – Author: Michael McEvoy De-regulated blood sugar levels have become epidemic in the western world. The incidence of blood sugar-related diseases such as diabetes now strikes tens of millions of people. Type II diabetes is a disease that is totally preventable, and in many instances reversible with abeyance to good dietary principles, exercise and a change in attitude and shift in perspective. There are practices you can do with your own eating habits that can make major improvements in how you feel and function. In many instances, the effects of high glucose levels will cause a person to feel immediately fatigued, sometimes even passing out at the table. For other individuals, high glucose levels can result in hyperactivity, agitation and attention deficit ADD. The physiological effects that food and nutrients have on your body is not the same for everyone. By knowing your Metabolic Type you will have a precise method for understanding how foods affect your metabolism. This will verify your Metabolic Type. High intensity cardiovascular exercise is one of the best ways to burn glucose. Most type II diabetics are either keyed up in sympathetic nervous system over-drive, or they are in a sluggish, burned out state. The role that stress has on the body and its metabolism is not something to take lightly. In various stages, hyperglycemia can result in excessive adrenal output, high sodium and cortisol levels and can cause blood pressure to soar, setting the stage for congestive heart failure and cardiovascular disease. Diabetics often feel they are stuck in the mud and spinning their wheels. Many diabetics are physically addicted to their stress response. There is a way out of course, but it takes commitment and perseverance. Changing such immense physical and psychological stress on your body is a radical act which also involves self-empowerment. You must walk to the goal through your own radical effort. If you are going to successfully reverse your diabetic hyperglycemia, you have to change. You must be aware of who you have become and how you got there. It does you no good to blame someone else for being in your state of health. You have to recognize yourself as authority. Dig deep and find yourself in your own resolve to change. Words Of Encouragement You can do it! The power is in you. I have witnessed people reverse their diabetic diagnosis by taking charge of their own health. The solution does not reside in a pill. It resides in you taking charge of your body and being responsible for what goes into it. You must educate and understand the power that food has on your body, for better or for worse. You can live and suffer with your diagnosed disease name or you can get real and take charge of your health. Interested in our Health Consulting services?

Chapter 4 : Christ For Millions - Healing Souls with Word of God -

Healing For The Millions tells how anyone, anywhere can apply an amazing and powerful self healing process called The Dynamind Technique to heal most problems, most of the time, in one hour or less. Developed by Serge Kahili King, Ph.D. from several Hawaiian healing practices, the technique has been.

The Warning, Consolation, and Miracle. As I have said many times for many years, the Warning occurs on Good Friday. Then the Consolation occurs on Easter Sunday, two days later. The third event, the Miracle of Garabandal, occurs on the feast of Blessed Imelda Lambertini, either on her feast day or the vigil, in May. What is the Miracle of Garabandal? It is an event predicted in the apparitions of the Blessed Virgin Mary at Garabandal. It was said that the Miracle would heal everyone present at Garabandal for the event, and that it would result in many conversions of unbelievers worldwide, and that a permanent miraculous sign would be left at Garabandal. But my interpretation of that event goes further. I believe that the Miracle will not only heal persons present at Garabandal for the Miracle, but also persons throughout the world. For the healing of some limited number of persons in one place would not result, in this sinful unbelieving world, in so many conversions worldwide. It was also said that this Miracle would be the greatest Miracle on earth since the time of Christ. Therefore, I believe that the Miracle of Garabandal is the miraculous healing of millions of persons throughout the world by God, all at the same time, on the day and time of the Miracle of Garabandal, which is also the third secret of Medjugorje. Not everyone who is ill or injured will be healed. But so many healings will take place that everyone will know one or more persons who are healed. Then hundreds of millions of persons will be converted to belief in God and many of them will be converted to belief in Christianity. And lukewarm or fallen away Christians, many of them but not all, will be renewed in their faith in Christ. Rather, the same type of Signs will be left at sites of true apparitions of Mary throughout the world, including Medjugorje, Fatima, Lourdes, Guadalupe, and many others. These Signs will remain as a witness to this great Miracle, until the end of time. Who will be healed? I think that the repentant are much more likely to be healed. But there is no guarantee. God chooses whom He will heal and whom He will not heal. For those who are not healed, if you repent of your sins first, then you might travel to one of the places of Permanent Miraculous Signs, and possibly obtain healing there. But in any case, not every repentant person will be healed. Practice self-denial in all things. Do works of loving mercy toward your neighbors in need. As Mary said at La Salette: Woe to the inhabitants of the earth! God is going to exhaust His wrath, and no one will be able to take himself away from so many afflictions combined.
