The Best Oral Sex Ever - His Guide to Going Down by Yvonne K Fulbright Eating out has never been so hot. Sexologist Yvonne K. Fulbright exposes the facts and fantastic tricks oral sex aficionados live by in her brazen how-to for men.

Some of us are embarrassed. They just need to feel like it was their idea all along. Oral sex is reciprocal, annoyingly. If he needs a bigger hint, it generally works if you sit on his face – though not too heavily, mind, he still needs to breath. Talking dirty can also do the trick. A word about bristles his, not yours. Some girls love the feel of a stubbly chin placed in the hollow of their vagina and find it extremely stimulating. Something relatively educational, will show you exactly what a tongue can do, then you can try replicating the strokes with your fingers and some wet lube to see if you like it as much as that gasping actress seems to. For example, try sitting on the edge of the bed so you pull your bum cheeks back, open your legs, and use your hand to stretch back your labia – the extra exposure can multiply orgasms for some women but be a little too sensitising for others. If at all possible, take the easy option and tell him what you want. Show him where to go by tilting your pelvis, arching your hips towards him when you want more pressure, and even gripping his hair to reposition his head in exactly the right place, which can seem kinky and animalistic if done correctly. If he keeps returning to the positions he knows and loves, change your own position to make that difficult for him. Encourage him to ask questions albeit slightly muffled ones. The best way for him to fine tune your orgasm with nipple play is for him to lie directly between your legs, arms stretched up to your breasts. Looks stupid – feels fantastic. Oral sex from a standing start is seldom a great idea for the less-than-totally confident. The feeling of fullness will intensify his every move, then get him to gently pull them out right as you start to orgasm for the most intense climax known to womankind. Basically, he gets stuff in return for sexual favours, and vice versa. So you could offer to, say, buy him tickets to the rugby in return for half an hour of committed oral sex. And if it means the best orgasms of your life Then all you have to do is text him the image as a reminder of what you want.
