Getty Images There are many great mysteries in life. How did those massive statues get onto Easter Island, and why were they put there? Why do you press harder on the remote when you know the batteries are dead? In all seriousness, there are plenty of elements of this crazy ride on earth that defy explanation. And one of them has to do with the point of it all. What is the purpose of life? Philosophers have been taking a crack at answering this question since the dawn of time. And while titans of industry have rarely been included in the list of those with good responses, one rises above. Alan Mulally is unique for a number of reasons. One is that he was absolutely instrumental in reviving Ford Motor Company. When Ford was at its lowest point and could easily have failed, Mulally helped turn it around. He took a multibillion-dollar company on the verge of collapse and steered it to success. So Mulally is one to listen to with respect to business matters. This is in no small part due to his mother, who repeated three phrases to her children daily, drilling them into their little heads. The first two were: Thus, having a true north repeated to you daily, a way to remember what the real point of things is, is more than a fun parenting trick. Not to get 10,plus followers on Twitter or Instagram. We would all do well to remember that. Part of the reason to remember it has to do with health. Right now, when we think about how to stay healthy, we place a lot of emphasis on sleep, diet, and exercise. When it comes to the purpose of life, we tend to make things complicated. The purpose of life has nothing to do with grand accomplishments. It is simply to love and be loved. Sep 18, More from Inc.

Tweet I want you to pull out a piece of paper and write down three words you would want your customers to say about you after they have done business with you. Let me share some examples to start your creative process. You might want people to think of you as easy, friendly and knowledgeable. Other words might be quick, as in quick to respond, empathetic, caring, fun, edgy, high-end, conservative – You get the idea. The list can go on and on. There are many, many words you can use to describe a business or someone in a business. You might ask some of your happier customers to come up with three words. See if they match yours. Once you have your words, the question becomes simple. After interacting with a customer, and that also includes your internal customer, also known as someone you work with, would they agree that these three words describe you? If not, you now have an opportunity to improve. Sounds like a simple exercise, and for some it will be. Yet, for others it will prove difficult. Coming up with the three adjectives is the easiest part. Your customers agreeing with you is the big challenge. If you ask them what three words they would use to describe you, they may not come up with the same three you did – although in a perfect world they would. As an alternative, you may want to ask if they agree with your three words. Then, and this is important, ask why. If the three words are truly representative of the experience you create for your customers, you must relentlessly promote these three words internally. This is part of your definition of great service. You must train people to deliver on these three words. It must be sewn into the fabric of your culture.

Chapter 4 : IN COMPANY (WITH OTHERS) - crossword answers, clues, definition, synonyms, other words

The Greek word for company (in the sense of a group of people) has associations with eating together and also means companionship. So food may be relevant to the origin of the word. I can't really think of non-literal meanings, apart from a (business) company, which was first used in the 15th century (meaning an association of people).

If asked to describe your company culture in five words, what would you say? Click here to download our e-book on how companies describe their culture on their careers website All of those terms are cliché buzzwords, and two of them—ambitious and driven—are redundant. Those traits are expected. What makes your company culture distinct? Other expected words that appear on the list include positive, passionate and growth. The words that set Zappos apart are fun and weird. And before you raise an eyebrow, consider this: Fun is good for business. And companies with an engaged workforce are more productive, and more likely to retain their employees. Zappos not only gives their employees permission to express their weirdness, but explicitly encourages it. This type of culture surely helps the company to both retain its workforce and attract the quirky candidates who have helped build it into the retail giant it is today. How many allow unfettered access to every corporate email? How many broadcast the precise breakdown of what expenses their pricing covers? Buffer does all of the above, and more. As a result of this transparent culture, employees feel a sense of trust. They can express their thoughts. And unpleasant surprises are a non-issue. The word that we find most intriguing about their culture, though, is involved. The tech company offers its workforce a plethora of on-the-job learning opportunities and training programs. It also helps connect employees based on shared interests and supports community involvement. To not only travel to a new city in a foreign country but to stay off the beaten path in a residential neighborhood without a concierge at your disposal—which is exactly what millions of Airbnb users do—requires a healthy sense of adventure.
