System What are two things you can do to improve your nervous system? It ways an average of 3 pounds 1. It is made up of the brain, the spinal cord and all your nerves. The brain is one of the most important organs in the human body system. It is the center of all commands. It helps us do everything from moving and breathing, to thinking. The spinal cord sends the electrical signals at mph. Involuntary nervous system What important role does the spinal cord preform? Mental exercises such as puzzles and games. A brain tumor is the growth of abnormal tissue in the brain. The cerebellum What organs are involved Explain at least one of them? The organs that are involved are the: The Brain- The human brain is the center of the human nervous system. The Spinal Cord- The spinal cord is a long, thin, tubular bundle of nervous tissue and it supports the cells that extends from the brain. The Nerves- In your body a whitish fiber or bundle of fibers that transmits impulses of sensation to the spinal cord, and impulses from these to the muscles and organs. The spinal cord works in joining the brain and the nerves throughout the body. The cause is that the myelin sheaths surrounding nerves in the brain and spinal cord are damaged, which affects the function of the nerves involved. The underlying cause of the nerve damage remains unknown. Your nerves let you feel sensation. An example is moving your arm. The voluntary nervous system What is the spinal cord? The spinal cord is a long, thin, tubular bundle of nervous tissue and it supports the cells that extends from the brain What does this mean: The nerves send signals up the spinal cord to the brain to tell you that the water is either too cold or too hot.

Ashton Brathwaite, is the Barbados-born author: A poor young teenager back in the day, still known by his given name John Ashton Brathwaite, but some years later changed to Odimumba Kwamdela -- somehow found a way to leave his poor Penny Hole village in his native Barbados and settled in the totally different metropolis London town, and there "became a man overnight". From as a little Barbados schoolboy, he had internalized the certainty of becoming a versatile writer and knew that his achievement depended not on wishing on some miraculous success, but primarily on constant pursuit and experiences. No wonder all his teachers were so impressed that such as youngster always showed an obsession with writing his poems, short stories and essays, based on what he observed, thought up and through the readings, for which he often showed an obsession. No wonder he made his early move to London, as was the case of his sudden feeling of change into adulthood. It being normal back in that time that many youngsters as young as 14 years of age were a major part of the Youth Employment Workforce, made to work like adults but paid a much lower wage, he did the same. While still as teenager, he became a British soldier. Reaching his mids years later, he returned to civilian life, became a postman with the extremely busy main British post office. Come one year later, he took up residence in Canada, and became: Both these accomplishments, gained him much exposure, positive and negative. Mainstream media labeling him "controversial writer" and "militant," as also believed by government, contributed to his sudden disappearance from Ontario. Employed in New York City daily by the graphic arts industry, he also did full time university night studies. He earned undergraduate and graduate degrees. As in Canada, some NYC professors also praised his writing abilities, yet often expressed some resentment over what they viewed as militancy in some of his attitudes. He had adopted the name Odimumba Kwamdela soon after moving to New York. He later made a change to teacher of writing and graphic arts at various NYC high schools, even one in volatile Rikers Island Jail for the many teenagers always locked down there. At the end of the normal school day, he also often taught evening adult education. For a few years, he also published and edited the monthly pocket-sized magazine The Root. Not to be forgotten, is his daily dealings with NYC adolescent students which can be so harsh to erode the health of teachers. About his writing abilities, Kwamdela always insists: It did not come from university education, but from a birthright talent, one, dedication primarily, life experiences through living in major world cities, and travels while as a British soldier and after African countries included. Brief information here must tell why so many readers see Kwamdela as an interesting captivating writer. Two reasons he always gives in regards: Read more Are you an author?
