Chapter 4 : Mekton Zeta Core Rulebook Pdf

Mekton Plus Advanced Technical Manual Paperback - "synopsis" may belong to another edition of this title.

It had a large hex map representing the terrain of an entire planet. Mekton - softcover book using a custom percentile-based task resolution system. Roadstriker - rules for human-scale transformable vehicles and power suit mecha, more advanced transformable mecha design options, and a police drama adventure Mekton II - converted Mekton to run on the Interlock System, later used in Cyberpunk Cover art by Ben Dunn. This is very much an improvement. A US release is in development hell. Another edition of Mekton has been announced and funded on Kickstarter. According to the head designer, this game will be the game that he originally envisioned Mekton to be. It will be what Mekton was like when it was a homebrew he and his buddies went nuts with before its animu-ness was watered down for a commercial release for the then-uninitiated western public, hence its name, "Mekton Zero". Hunt up a deck of cards or something, youre gonna be waiting awhile. Official Settings[edit] Algol - A "grab bag" setting in an alternate universe, mixing many different styles of anime together. This setting originated with the first edition of Mekton, but fell into disuse after line editor Michael MacDonald left R. Algol is a long-lost human colony of the Bendar Galactic Empire, where the various factions are locked in a cold war and must deal with an impending ice age and the possible return of their ancient alien enemy, the fearsome Aggendi lizard warriors. It added rules for playing aliens including non-humanoids , space combat, psionics and creating new alien creatures. Invasion Terra - A Macross -like setting in the future of Inasmuch as there is a default campaign setting for Mekton Z, this is it. Quicksilver Blues - Unreleased as of complete since at least Notable Fan Settings[edit] Because Mekton has a relatively low amount of official support, and because it is designed as a universal "tool kit" role-playing system rather than being themed around a particular anime series though fans of the system note that it is decidedly skewed toward " hard SF " type mecha anime, like Gundam and Macross , many fan settings have appeared for it since its release. Some of the most notable are indicated below. Metal Storm - Mark Chase; a particularly notable early fan setting, including an original story based on its campaign setting.
