

## Chapter 1 : Midnight Surrender | Open Library

*Midnight Surrender is the very definition of why I do not read multi author anthologies. Every one of the "stories" are additions or subtractions to books/series that already exist. I gave it 2 because some of them are really good, by authors that I had not experienced.*

I nearly fainted when I found out just who I was sharing cover space with. Talk about peer pressure and moments of inadequacy. I spent a great deal of time and effort willing myself not to freak out. I was pretty sure that when my story ies were compared next to some of the authors involved I would be laughed out of the country. So imagine my giddy elation when two of my stories were accepted into the mix. I strongly recommend this book to anyone who loves romance, paranormal and tons and tons of brilliant writing. Oct 11, Melanie Genanatti rated it really liked it this book introduced me to some bew authors along with giving me a chance to read about some of my other favorite characters as well. Some of my fave authors included the characters that I adore. I always want MORE of my book boyfriends and this was a nice teaser. Now I have even more books on my to read list!!! Recommend to anyone who loves PNR and is looking for some new series to start. Plus, read shorts from other great authors! This anthology took me where I love to go in stories, to the unexpectedâ€™â€™yet the authors could make these places familiar too. And, the bonus is that I was introduced to some great new authors. I cried through Intentions. Recommended if you enjoy all types of paranormal romance. Finding out what Levi thought the first time he met Allie was hot. Every author did a fantastic job! Though I have to say the one that sticks out for me is Airicka Phoenix!!! Then it broke with a story straight out of Harlequin mediocre classics and ended up with a really disappointing kinda-story.

## Chapter 2 : Mother of Dragons Books - Donna Grant Â» Midnightâ€™s Surrender

*Midnight Surrender is book 3 of the Midnight Series of historical vampire romance novels. It takes place after the events of the second book. The story centers around.*
