"No sympathy for the devil; keep that in mind. Buy the ticket, take the ride and if it occasionally gets a little heavier than what you had in mind, well maybe chalk it up to forced consciousness expansion: Tune in, freak out, get beaten."

In addition to prayer, we write. Here are my previously unpublished musings on that night the devil knocked on the door of Harvard Square: Insult a group of people who follow the compassionate teachings of Jesus by allowing the Black Mass to happen at Harvard? Perhaps she chuckles at just how very Faustian this might seem. And so, after hearing both sides, employing the gospel of academic freedom, with reluctance and disapproval, she determines the show, still must go on. Professors are improving the lives of learners in some of the poorest school districts across the country. Sadly, none of this is front page news. Rather the country is talking about a small group of students in extension studies hosting a mockery of the Catholic mass. As a Harvard grad, employee, and Catholic, I am reluctant to publicly react, torn with how to act. Organizations led by people are inherently flawed and as a member of each community, it is unlikely to be completely happy with the full spectrum of their decisions. In general, I support the core tenets of both the Church and Harvard, yet this Black Mass conundrum has been a tough nut. So, what can be done here? Will I just be joining the chorus of "Dear President Faust" letters or might mine make that difference? Maybe even writing this article is exactly the kind of attention the Satanic Temple is looking to garner. Well, countless serenity prayers have led to this perceived wisdom: I am going to love the hell out of those I dislike today. Jesus might say, "Father forgive them, for they know not what they do. The triumph of love, in communion with other followers of Christ, is the greatest weapon to evil. Tonight, Christians and allies from across the Harvard campus will be walking around the Yard, praying and convening at Memorial Church. Harvard will be alive with prayer and joy and LOVE. Religion will be in the air and the presence of Godliness and goodness will be ubiquitous. To those who criticize Harvard for being religiously intolerant, tonight presents both point and counterpoint. I invite you all tonight, at 9 p. The "Black Mass" never happened that night. I wrote this piece upon returning home and find the sentiment as relevant today as it did last year.

Chapter 2 : No sympathy for the devil: 8 things to know for September 23 | The Times of Israel

No Sympathy for the Devil is an engaging read that provides a compelling look at the 'secret history' of religion and pop music. Randall Balmer, author of The Making of Evangelicalism: From Revivalism to Politics and Beyond.

Does God have a soft spot in His heart for Satan, His arch-enemy? Are WE obligated to feel affection not only toward the most impenitent sinners; but even toward Satan, their daddy John 8: A righteous God who pours out His wrath upon sinners. A righteous God who pours out His wrath upon sinners simply did not fit in with the starry-eyed Christian romanticism of the Jesus Revolution. God can and does show tender concern toward all His creatures; but the sinner cannot relate to God as Heavenly Father. Until we repent of our sins and accept Christ as Savior, we are at enmity with God Romans 8: While Christians twist scripture to reassure a sinner that God is too loving to ever get angry with anyone. What is conveniently forgotten is that God is angry with the wicked every day Psalms 7: Instead of warning every man with fear I Peter 3: No Sympathy for the Devil God never changes Malachi 3: Elijah destroyed his enemies with fire from heaven 2 Kings 1: Jesus strongly rebuked His disciples for wanting to copy Elijah and call down fire from heaven upon enemies Luke 9: Instead, Christ commanded love to be shown even toward persecutors Matthew 5: If an enemy hungers, you are to feed him. Instead of being upbraided for having an unloving attitude. Elijah was counted as a righteous man. Unlike most of us Elijah even went to heaven without first dying 2 Kings 2: In the OT, God dealt more harshly with His foes. He forbade Israel to show kindness toward certain nations who had wronged them Deuteronomy Israel was not to seek the peace and the good of people God was against. God even dealt sternly with Israel in the days of her apostasy. God had harsh warnings for false prophets who promised peace and prosperity instead of divine judgment. From the book of Jeremiah Jeremiah I sent them not, neither have I commanded them, neither spake unto them: Pray even for wicked persecutors Jesus commanded His disciples to pray even for wicked persecutors and to bless them. But is it a sin to hate things God hates? Ye that love the Lord hate evil Psalms Abhor strongly hate that which is evil Romans For every thing there is a season. A time to love, and a time to hate; a time of war, and a time of peace. If it be possible, as much as lieth in you, live peaceably with all men. Some people are so hardened in wickedness that the Holy Spirit may make an alarm go off inside to warn you away. Do the inhabitants of heaven feel sorry for Satan? Woe to the inhabitants of the earth and of the sea! The kings of the earth set themselves, and the rulers take counsel together, against the LORD, and against his anointed, saying, 3: Let us break their bands asunder, and cast away their cords from us. Then shall he speak unto them in his wrath, and vex them in his sore displeasure. The wicked plotteth against the just, and gnasheth upon him with his teeth. And Jehu the son of Hanani the seer went out to meet him, and said to king Jehoshaphat, Shouldest thou help the ungodly, and love them that hate the LORD? The LORD trieth the righteous: The foolish shall not stand in thy sight: And mine eye shall not spare thee, neither will I have pity: The Lord shall abhor strongly hate the bloody and deceitful man Psalms 5: What about the apostle Paul? Surely HE never felt harshly toward any poor sinner. As we said before, so say I now again, If any man preach any other gospel unto you than that ye have received, let him be accursed. Christian love demands that hospitality be offered to ALL people Surely Christian love demands that hospitality be offered to ALL people, regardless of the content of their character? If there come any unto you, and bring not this doctrine, receive him not into [your] house, neither bid him God speed: That would certainly apply to some drunken, blasphemous pervert as well! What did the Risen Christ say to one struggling church? I know thy works, and thy labour, and thy patience, and how thou canst not bear stand them which are evil: He has blasphemed the Holy Spirit and tempted others to commit this unpardonable sin. Satan has hindered the spread of the gospel and led billions to hell by causing them to reject Jesus. The devil is behind all outrages against little children, every abusive step parent, all domestic violence, every sexual assault, every robbery, every bloody, horrible war ever waged by man. If God hates anyone during this Gospel Age, it must be with the greatest reluctance. God makes rain to fall upon both the righteous and the wicked Matthew 5: During the Millennium which follows the Tribulation, God will withhold rain from sinful nations Zechariah Even Jesus, the King, will destroy the wicked Isaiah At the conclusion of the Tribulation Period Jesus will wage war

against the armies of Antichrist Revelation Church Age believers have patiently loved even their worst enemies Although Church Age believers have patiently loved even their worst enemies, a change in dispensation, the Tribulation Period, is coming soon. God will once again stir up His wrath against the impenitent, During the Tribulation, a clear distinction will be made between those who accept the Mark of the Beast and other people who still have a chance for repentance and eternal life Revelation As of yet, there is no Mark of the Beast system in place where you can easily tell the hopeless sinner from the potential convert just by the outward evidence of the Mark. Today only God knows for sure. But the man knows the lion is bigger than he is, and he lacks the expertise to control such a dangerous animal. People who constantly tear you apart emotionally and spiritually are too dangerous to get too close to. But beware of unwise soul ties which would bring you into captivity to the same wicked spirits holding them in bondage. I strongly believe that just being constantly around evil people exposes you to demonic oppression. Prolonged school bullying opened the door to demons of depression and suicide which I had to resist for years afterward. Many times, seemingly out of nowhere, these wicked spirits of the air Ephesians 2: So what has satan DONE to earn my hatred? I barely have time to scratch the surface. They had NO right to basic human dignity, no civil rights as an individual. Not only could children torment other children without fear of punishment, teachers could treat you any old way they wanted. They could inflict any indignity under the sun upon a child short of severe physical assault or murder. I should have zipped my lip but I was poor at reading people. The devil inspired one or two of my enemies to urge me to kill myself to end my misery. My Sunday School teacher taught that if you committed just ONE sin after conversion, you were forever lost. You can imagine how scared I felt after my next argument with my brother! As for living victoriously, you either sank or swam on your own steam. I lived in the South, so there were bound to be two or three out of every thirty kids who were genuinely born again. My home town teemed with KJV-only churchgoers. No wonder I thought God was dead. Some would say that even if I WAS born again before my hellish high school years, I would have gone straight to a far worse hell if the bullying had overcome my natural survival instinct enough to make me take my life. So if satan came that close to destroying me for time and eternity; then why should he get any sympathy from me? Bully-induced suicide of Christians opens a big theological can of worms; because there are perhaps millions of other such sad cases, some of which end in tragedy. Later in life, I learned to divorce heartless hypocrites from my concept of Jesus. Christ actually valued me so much that He died to save ME from death and hell. Even if my mother knew I went to hell for committing suicide and had no further hope of heaven, would she have been big-hearted enough to forgive the bullies who drove me to hell before I could learn about the love of God? How can anyone feel sorry for a devil who could ruin the life of a poor, lonely child, then trap that child into ending up in the ETERNAL flames of hell? When a war is fought valiantly but fairly When a war is fought valiantly but fairly, sometimes a soldier might shed tears over a fallen foe who died fighting for what he believed in. Satan is NOT a valiant soldier! Like a gang of bullies who beat up a guy in a wheelchair, satan never picks a fight he stands a chance of losing. Thank God Jesus defeated the devil just when all seemed lost! Satan engineers the most horrible persecutions against Christians worldwide. I for one, will be in the forefront of the cheering squad when old sluefoot finally takes his lumps. It will be the Greatest Show on Earth to see my enemy get a taste of his own nasty medicine for all eternity.

Chapter 3 : No Sympathy for the Devil: F**k Serena Joy | The Mary Sue

"Sympathy for the Devil" is a song by English rock band the Rolling Stones, written by Mick Jagger and Keith Richards. It is the opening track on their album Beggars Banquet.

Inspiration[edit] "Sympathy for the Devil" is credited to Jagger and Richards, though the song was largely a Jagger composition. Jagger sings in first person narrative as the Devil , boasting his role in each of several historical violent atrocities. The singer then ironically demands our courtesy towards him, implicitly chastising the listener for our collective culpability in the listed killings and crimes. The book was given to him by Marianne Faithfull. But it was an idea I got from French writing. And I just took a couple of lines and expanded on it. I wrote it as sort of like a Bob Dylan song. Brian Jones plays a mostly mixed out acoustic guitar, although in isolated tracks of the studio cut, it is audible playing along with the piano. In the book According to the Rolling Stones, Watts commented: The first time I ever heard the song was when Mick was playing it at the front door of a house I lived at in Sussex He played it entirely on his own We had a go at loads of different ways of playing it; in the end I just played a jazz Latin feel in the style of Kenny Clarke would have played on " A Night in Tunisia " " not the actual rhythm he played, but the same styling. It has a very hypnotic groove, a samba, which has a tremendous hypnotic power, rather like good dance music. It keeps this constant groove. So to white people, it has a very sinister thing about it. But forgetting the cultural colors, it is a very good vehicle for producing a powerful piece. It becomes less pretentious because it is a very unpretentious groove. People seemed to embrace the image so readily, [and] it has carried all the way over into heavy metal bands today. Some people have made a living out of doing this; for example, Jimmy Page. So that makes you start thinking about evil There are black magicians who think we are acting as unknown agents of Lucifer and others who think we are Lucifer.

September 12, Such public images of fear are not uncommon when it comes to Satanist groups, though they may not be justified. The ceremony for the Oklahoma City Satanists is slated for Sept. Officials from the city could not legally bar the group, as doing so would violate their First Amendment rights. Officials did warn, however, that all laws must be followed, including fire codes and those involving public nudity; a spokeswoman for the parks and recreation department noted: Rumors of satanic black masses have horrified "and spread fear among" the pious for centuries. According to Lewis, however, "it is unlikely that such rituals were anything more than the literary inventions of church authorities" designed to demonize heretics and non-Christians. The satanic group, Dakhma of Angra Mainyu, is using the event to make a point about freedom of religion and to educate people about their beliefs, according to news reports. Pop culture Satanism Satanism is widely feared and misunderstood, often confused with witchcraft or even voodoo. Some Wiccan witches, for example, worship a horned god that superficially looks like a goat-headed devil. However, the pre-Christian pagan witches did not believe in anything resembling a Christian Satan. The popular image of Satanists as sinister and bloodthirsty is largely a sensationalized fictional Hollywood creation. Most of these are pretty noncontroversial: These sins tend to be seen as holding humankind back from achieving its fullest potential, and have little to do with worshipping evil forces. Satan, in this context, is seen not as a symbol of evil but as a freethinking hero who rejected a capricious, domineering ruler in favor of free will. Folklorist Bill Eills, in his book "Raising the Devil: These phenomena are brief but intense events in which rumors about a menacing person or group circulate in a community. Usually the phenomenon climaxes with a series of vigils or hunts, and often tails off into punitive action against some scapegoat associated with the menace. Where one religion has been allowed a place in public spaces such as civic centers, parks and courthouses, other, lesser-known religious organizations such as satanic churches have requested and received similar privileges. Another group, the Satanic Temple, has fought with Oklahoma City officials for the right to place a 7-foot-tall statue of Satan near an existing Ten Commandments monument in the Oklahoma State Capital. The statue is currently being built, and lawsuits are certain if the Satanists are prevented from displaying the symbol of their worship. The proceedings will likely be heavy on theater and spectacle; the shock value of Satanists holding a ritual in Oklahoma City is worth the price of admission for many. Chapter 5 : No Sympathy for the Devil () - IMDb

He can have no sympathy for the devil. Tense, dramatic and ingeniously plotted, Sympathy for the Devil is a gripping police thriller set in a world before forensics or criminal databases; a world that's bigoted and brutal.

No Sympathy for the Devil by David J. Stewart Photo to Right: The goat and ram head are greatly revered in Satanism and witchcraft. I have no sympathy for old smut face, the Devil. Few people realize or care to realize that the Rolling Stones are of the Devil. Rock-n-roll music is absolutely saturated with Satanism and the occult. In it, Lucifer speaks in the first person and asks sympathy for all who meet him. Their album titled, "Their Satanic Majesties Request," leaves no doubt to their allegiance! May I say without hesitation that I have no sympathy for the Devil. Why would anyone have sympathy for such an evil spirit? The answer is quite simple: This explains why we see all the Satanic salutes More hand signs. This information is key to understanding the way the world operates. You have to sell your soul to make it big in the sinful world. Satan still wants to be worshipped today by as many people as possible. Feminism is rebellion against God! A wife is commanded to obey her husband. Women are forbidden from leading in the Church. Women are to shut-up and maintain a meek and quiet spirit 1st Peter 3: America society is filled with rebels who condemn, divorce and destroy their husbands. Do you know that God equates rebellion with the sin of witchcraft, and stubbornness with the sin of idolatry 1st Samuel What feminist women are doing to children, husbands, churches and society is evil to the core, and God is going to make them sorry in eternity. And so it is today in America. Feminism is the rot of American society. How much clearer could it be that Rock-n-roll music is of the Devil? Here is the album cover for Their Satanic Majesties Request It is abundantly clear that these men are working for Satan. Their allegiance is to the prince of the power of the air Ephesians 2: Rock-n-roll is a religion of immoral sex, substance abuse and Satanism The only escape is through the precious blood of the Lord Jesus Christ. Petersburg When I saw it was a time for a change Killed the czar and his ministers Anastasia screamed in vain.

Chapter 6 : No Sympathy for the Devil - TIME

No sympathy for the devil: 8 things to know for September 23 The press takes the low road after a deadly attack in Iran, and gets ready for 'amazing, extraordinary' speeches at the UN and for.

Moreover, after Mass the Cardinal revealed to reporters that priests had been authorized to perform two exorcisms in his archdiocese over the past year. He warned in his sermon that "diabolically instigated violence is on the rise" and asserted that heavy-metal rock music can "help trap people, especially teenagers," into dabbling in disgraceful Satanist practices. Suicide is the only way out. Osbourne, who has fended off a lawsuit claiming his songs prompted a youth to kill himself, fired off a telegram, informing the Cardinal that he had "insulted the intelligence of rock fans all over the world. To be sure, the Cardinal did say in his sermon that demonic possession is "very rare," and that exorcisms are not conducted unless psychological or medical possibilities are first ruled out as explanations for extreme behavior. Still, the fact that they are performed at all seemed remarkable in an age when literal belief in demons is widely viewed by Roman Catholic theologians as a naive medieval holdover. Among Protestants, exorcism is confined mostly to missionaries in areas where spirit-possession cults are common, and to Pentecostals, many of whom make it a regular practice to cast out demons. Although the New Testament includes numerous mentions of satanic activity and exorcisms, liberal theologians have all but scratched Old Scratch. Father Richard McBrien, chairman of the theology department at the University of Notre Dame, dismisses the idea of a personal archdemon as "premodern and precritical. Indeed, the practice has fallen on hard times in the wake of Vatican II. Candidates for the Catholic priesthood no longer pass through the minor order of exorcist en route to ordination. The official baptism ritual, which included an ancient exorcism formula "Accursed devil, come forward and acknowledge your condemnation. Nonetheless, the official Roman Ritual still includes a rite of exorcism. The code of canon law includes rules for exorcism, specifying that only a bishop may authorize one. Rome still holds fast to belief in Satan: Just two weeks ago, for example, an Indianapolis priest uttered such prayers at the home of a teenage devil worshiper. As that case illustrates, the practice of Satanism seems to be widespread in the U. Father Richard Rento of Clifton, N. It often means tragedy and death for the child and for others. Clergy are not the only professionals concerned about the problem. Judith Schechtman, a clinical social worker for the St. Louis police and the State of Missouri, says there is a dramatic increase in reports of serious, highly secretive satanic cults that practice bizarre rituals to cloak animal torture, drug abuse, pedophilia and child pornography. Such cases are unusual, she says, but extremely damaging to youths. He notes that cults play upon the feelings of powerlessness that afflict millions of teens. Thus therapy seeks to improve social skills and build self-esteem. Though some music has exploited satanic and occult themes, the religious crusaders are more concerned about other problems. Father Rento, the New Jersey expert, does not make such a claim. Music, says the priest, "is one of the factors helping to create a climate in which the hitherto unthinkable becomes thinkable.

Chapter 7 : No Sympathy For The Devil - MTV

Throughout the second season, there have been attempts made to make Serena Joy a sympathetic character. At first, it seemed like maybe they were just trying to give her depth as she works with.

No Sympathy for the Devil: Then in recent episodes, following the execution of Eden, Serena seems to have another meaningless moment of doubt about her totalitarian patriarchal government system. Serena and the Wives plead their case and Serena makes the gambit of pulling out the Bible and reading a passage from it. Some of the other wives leave, but Serena feels confident about what she did. Until Fred has her dragged away to have her pinky finger removed above the knuckle. My reaction to this scene: If Serena Joy is traumatized by that, how about she has a conversation with Emily who is missing her clit or Janine who is missing her eye! Miss me with this pity party for Serena Joy who literally helped orchestrate her own oppression. Say what you will about Cersei Lannister, but at least her internalized misogyny comes from growing up in a world where she was treated like a broodmare and unable to inherit anything because of her gender and resents women because of that. Serena Joy allowed her desire to have children to literally remove her ability to read and write, when she used to be a published author. But in my eyes, Serena has always been the worst because she plays into all of these terrible things right until the moment it affects her life. And it is too little, too late. Even as she tearfully gives Nichole away, I did not care. Send that baby away. I have a historical context for that: During the slave trade, women who could have children were viewed as, in the words of Thomas Jefferson: This clearly shows that the domestic slave trade placed value on slave women in accordance with their ability to reproduce. Serena Joy comes from this ilk. Willing to allow other women to be beasts of burden, but then shocked when realizing that she has created a society where men do not value their daughters. What makes it all the worse is our avatar for this world, June, possessing this weird sense of pity and solidarity for Serena. All this to say: Hulu "The Mary Sue" has a strict comment policy that forbids, but is not limited to, personal insults toward anyone, hate speech, and trolling.
