Recommended to Christy by: Anna 5 Heartbreaking Stars Pulled is a story that completely and utterly pulled at my heartstrings. It was an emotional and heartbreaking tale of getting a second chance at a first love, and surviving and coping with loss. My heart beat fast, I found myself in tears more than once, and I felt my heart shatter for these two beautifully broken characters. Nine years since Melanie has seen or heard from the love of her life, Daniel. After one cat 5 Heartbreaking Stars Pulled is a story that completely and utterly pulled at my heartstrings. Losing Daniel after everything else was never supposed to happen. They were supposed to be happy, to be together. I missed him, almost more than I could bear. This was never supposed to happen to us. We were supposed to make it! we should have made it. But Melanie always finds her way back into his thoughts. When Daniel goes into a business meeting to discuss his new medical practice with his father, the very last person he expects to see is Melanie. Seeing her was like seeing a reflection of myself, a mirror of my pain, my loss, my regret. A mirror of what stirred within me now- this love that had refused to die. She had found me. I had always felt her heart calling to mine just as mine called to hers, this power bringing us together once again. Melanie and Daniel have a rare kind of love. They were torn apart by circumstances out of their control, and later by some terrible misunderstands. After all the years have past, so many things are different. But some things have stayed the same- they still are one half of each others soul. My heart finally felt happy the times they were together. All they want in life is to be able to finally be together and happy, like they should have been all along. Melanie is living with an abusive husband, and Daniel has some complications of his own right now. It seems impossible that they will be able to fight all that's up against them and be able to be together, where they belong. But they have no other option. Nothing will come between us! nothing. Being away from her was no longer an option. She was mine, only mine. The amount of heartache and despair I felt was totally worth it when it was all said and done. It is such a beautiful and emotional tale of finding a second chance at first love and overcoming some seriously painful pasts.

**Chapter 2 : Greta booklovers: Pulled di AL Jackson. NovitÃ in inglese!**

*Pulled is a story that completely and utterly pulled at my heartstrings. It was an emotional and heartbreaking tale of getting a second chance at a first love, and surviving and coping with loss. It was an emotional and heartbreaking tale of getting a second chance at a first love, and surviving and coping with loss.*

At the request of the author, publisher and CBLIS Promotions, a PDF edition of the book was sent, at no cost to me, for my honest review and participation in the virtual book tour event. Virtual Book Tour Event: Melanie Winters and Daniel Montgomery shared a love most only dream of, a love they believed bonded them together for life. When their world is shattered by the tragic loss of their daughter, overwhelming grief and misguided guilt distorts the truth, and their relationship ends in uncertainty and unanswered questions. For nine years, they drift through life, each unable to forget the one who holds the strings to their heart. In an attempt to escape the pain of her life, Melanie finds herself trapped in a loveless marriage, while Daniel loses himself in a career that means nothing without Melanie by his side. Now, when their lives again intersect, neither can they deny the connection they felt so long ago. But will the power that drew them together be enough to heal the wounds from their past, and will they have the courage to overcome the insecurities and fears that threaten to keep them apart? I glanced at the clock. I needed to hurry. I wiped the tears from my face before carefully gathering the pictures from the bedroom floor. My chest weighed heavy as I collected each one, cherishing the memories a moment longer as I tucked them away in the envelope. The memories were all I had and I clung to them as if they were my last breath, knowing that once they faded, there would truly be no reason to go on. I hid the envelope at the bottom of the large jewelry box in the back of the closet, mindful to spread the necklaces out over the hidden compartment. Nicholas had never found them, but I was certain he would destroy them if he ever did. Drawing in a deep breath, I ran my hands through my hair and dragged myself from the past I had immersed myself in for the last two hours and forced myself downstairs. My footsteps echoed against the marble floor, each an accent of emptiness. I entered the kitchen, the only sanctuary I had. Every room of this house was gaudy and overdone, designed by the pompous for the pompous, except in this haven. It was no less extravagant, but held a warmth missing from all of the others. At six thirty-one, I heard the garage door open. Bile rose in my throat. Maybe he would go upstairs and spare me a few more minutes, but of course, I never had that kind of luck. I heard his footsteps approaching and prepared myself. I felt him pause, though I refused to look up. The less I interacted with him the better. He snorted through his nose, muttering, "Worthless whore," under his breath. I gritted my teeth, holding in the anger his accusation triggered. He set his briefcase on the island next to me and tossed his tie over the top of it. He had never hurt me physically, but he made sure I knew who was in charge. I knew then what this life would be like. He saw the young, beautiful girl, the one who said nothing at all but seemed to be willing to do whatever he said. I had known exactly what he wanted, but I could never go back to Colorado Springs to face what I could no longer have, and I refused to stay with my mother in Dallas. So I left all of it behind, moving with Nicholas to Chicago just days after I returned from Colorado. I knew then Nicholas would never bring me happiness. That had never been the point. My heart belonged to another and would never be his. All I wanted was a way out, while Nicholas got the trophy wife he thought he deserved. Do you believe that two people can be soulmates? Pulled is the love story of two such soulmates, Melanie Winters and Daniel Montgomery. Pulled is an amazingly profound love story that touches the hearts of those that believe in true love and the idea that soulmates really do exist. It is a story of a heart wrenching journey that spans over twelve years for Melanie and Daniel, whose young love drew them together from the first day they met, only to have it torn apart by tragedy and misunderstandings after two years of being together. But their coming together is not an easy one, for they must overcome some very hard and threatening obstacles to finally have redemption and a second chance at love. The storyline is both powerful and compelling, it is told in the first person narrative with alternating chapters between Melanie and Daniel, mixed with flashbacks to the beginning of their relationship that interweaves with the present. The story is filled with drama and suspense, the many twists and turns will keep you sitting on the edge of your seat. This is a story of love at first sight, promises made, heartbreak, love

lost, misunderstandings, choices and mistakes made, second chances and sweet redemption. I found myself riding the full tide of emotions, this story left me completely spent but very satisfied. Pulled is a novel that will pull at your heartstrings, have you contemplating whether soulmates can really have an energetic pull towards each other that spans time and place, and most of all it will leave you convinced that the power of true love can conquer anything.

## Chapter 3 : Al Jackson Jr. - Wikipedia

*A.L. Jackson is the New York Times & USA Today Bestselling author of contemporary romance. She writes emotional, sexy, heart-filled stories about boys who usually like to be a little bit bad.*

In an interview with Drum! He set up his kit "a cymbal, a snare drum, and a bass drum" and I kicked the thing off. And, man, that thing went off at 20 tempos! But that was around 7: And by the time Al Senior came in an hour later, at 8: Mitchell had also hired Booker T. Jones for his band. It was Jones who suggested Jackson be brought to Stax. He said, "You guys need to know about Al. At first, Jackson was reluctant to join Stax. He felt he could make more money playing live than doing session work. He wanted a guaranteed regular salary to come over to Stax although he continued to play on sessions produced by Mitchell for Hi Records. And so he became the first Stax session musician to be on a weekly salary. He co-wrote "Respect" and many other Stax hits. In , four years after the release of their last album, Melting Pot , the members of Booker T. A few months later, Jackson was murdered in his home. Jackson called Detroit to delay the session, saying he was going to watch the " Thrilla in Manila " on the big screen at the Mid-South Coliseum. Though still legally married, Jackson was estranged from his wife, Barbara Jackson. In July , his wife had shot him in the chest, but he decided to not press charges. He was in the process of filing for a divorce and intending to move to Atlanta , so that he could begin working with Stax singer and songwriter William Bell. After the bout, he returned home to find intruders in the house. Reportedly, he was told to get down on his knees, whereupon he was fatally shot five times in the back. She told police that burglars had tied her up and shot her husband when he had returned home. The man believed to have pulled the trigger had reportedly known someone in Memphis. Blues - A Regional Experience.
