

Chapter 1 : Ben M. Baglio Book List - FictionDB

Pup at the Palace is about Mandy and her parents taking a trip to London, and finding puppies that are lost. I think you should read "Pup at the Palace" if you like animals. If you dread Labrador Retrievers, you probably don't want to read this book, but if you like Labs, this would be a really good choice.

The books[edit] Note: Editions for the United States are numbered differently from those of the United Kingdom. This is primarily because not all of the Animal Ark Series books were published in the United States. The original Animal Ark Series consisted of 94 books written between 1977 and 1997. Although the majority of the stories centred around Mandy Hope and her parents vet practice, Animal Ark, in the town of Welford in Yorkshire, a number of stories took readers to other continents around the world. The original series also included a number of books labelled as Summer Specials or Holiday Specials.

Kittens in the Kitchen 2. Puppies in the Pantry 4. Goat in the Garden 5. Hedgehogs in the Hall 6. Badger in the Basement 7. Cub in the Cupboard 8. Piglet in A Playpen 9.
