Choose a language from the drop down list. For users in Europe.

They can be configured with tools to optimize workflow, from scanning and faxing to finishing and color management. EfficientFastFlexibleVibrant Superior Speed for Your Workflow Depend on these go-to systems for exceptional speed and efficiency in any environment, as well as capabilities that reduce turnaround time. Find the features and functions you need in seconds with the large, easy-to-navigate, full-color W-VGA Control Panel with Simplified Display and animated user guidance. Professional color documents help you gain attention, persuade customers and make key messages more memorable. Both systems support output up to 12" x 18" through the Bypass Tray and accept heavy stocks up to lb. With fast color output and professional finishing, you can eliminate manual collation and stapling and minimize the need for outsourcing. Both systems detect blank pages and enable users to double-check fax destinations before transmission. This also eliminates lost hard copy faxes. Scan files directly to removable media, such as an SD card or USB flash drive, for instant portability. These offerings are designed to work with Ricoh MFPs, transforming them into true document portals. We partner with industry-leading technology innovators to make sure our MFPs can serve as on-ramps to an extensive selection of applications for content management and other business-critical activities. Ricoh solution partners include all of these organizations and many more. User authentication lets you control access to color, manage costs and prevent abuse. Managers can view detailed system information, network settings and supply status right from a standard Web browser. Or use optional HDD encryption to protect data even if the hard drive is removed or stolen. Your Environmental Partner Ricoh continues its long-standing commitment to developing office solutions with environmentally friendly and superior energy- and supply-saving features, without compromising productivity, including: Paper Trays Two standard front-loading Paper Trays each hold sheets. All sources accept stocks up to lb. Automatic Stackless Duplexing Standard Produces cost-saving two-sided booklets, brochures, presentations, and more. PB 1 sheets x 1 7. Toner Cartridges Eliminate interruptions caused by refilling toner with yields at 20, for black and 15, for color. Internal Shift-Sort Tray cannot be installed with a finisher. Requires installation of Bridge Unit. Print Speed MP C It is available via download from the Ricoh website. Copies of prints made with this feature will be blacked out or embedded with a watermark to deter illegal copying HDD Encryption Unit Optional: Stored Document 1, documents Max. Let Ricoh show you how to empower your business to improve critical processes, keep information secure, ensure compliance and promote environmental sustainability while reducing the total cost of ownership. All other trademarks are the property of their respective owners. Print speed may be affected by network, application or PC performance. Specifications and external appearances are subject to change without notice. Products are shown with optional features.
