

Chapter 1 : The Robin Wood Tarot by Robin Wood

This is the book that I wrote about my Tarot deck. In it, I explore the real, factual history of the Tarot (No one knows, and does it really make any difference?) as well as a chapter about the theories of the history of the Tarot in general, and a recounting of the history of the Robin Wood Tarot.

The extra treat for people like me, who use the The Robin Wood Tarot as their number one reading deck, is to see what Ms. Wood was thinking as she designed each card. Wood constantly reminds the reader that her details on the cards are meant only as a suggestion, and that each reader should find unique interpretations that apply to his or her own Tarot language. These interpretations are sure to develop over time as you work with your deck. Does the man have his hands full with a heavy burden? Or is he bringing these prizes to his sweetie, making this a labor of love? Do you notice that the road ahead is smooth? What about the village? Is he going home, or visiting a neighboring town? How long has he been traveling? How far does he have to go? What story do YOU see in this card? What emotion do YOU feel? Such is the type of creative interpretation that Ms. Wood found here is the very best exercise on grounding and centering that I have ever come across. There are other practical suggestions about how to begin reading and how to phrase a question as well. This lively, intuitive deck would be easy for the beginner to interpret, but also has the complexity to provide new insights to the more seasoned reader, and this book explains it all. I would highly recommend both the deck and book to all. I have owned a Robin Wood Tarot deck for around 20 years, and only found this book a few years ago. This is the first time I have read it all the way through. Now, more than ever, I know that this is the deck for me. I really appreciate how Ms. Wood has kept enough of the original Tarot symbolism to be familiar to experienced readers, yet has made it compatible with a Pagan worldview. Just lovely and wise. May 26, Tymn rated it liked it Yes it is!

Chapter 2 : Robin Wood Tarot: The Book pdf - GIEE

A Tarot for Pagans and Non-Pagans Alike. The Robin Wood Tarot has rapidly become one of the most popular Tarot decks in the world. Its beautiful art, vibrant imagery and luminous energies, enchants everyone.

Praise Leave a review at Goodreads. The twenty-two cards of the Major Arcana are filled with life that, until now, was unseen in the Tarot. It is also filled with the energy of nature, taking the images outside of rooms and into the beautiful abodes of the gods. Just look at some of the cards! The Magician, wearing mystical robes, is crowned by the stag horns showing him to be the representative of the God of the Hunt. The High Priestess, an ageless woman, wears a lunar band, showing her authority within a coven. Behind her are trees and a darkened sky lit only by the moon. The Empress is shown outside, at a spinning wheel while the Emperor, still on his majestic throne, sits in front of awesome mountains. The devil shows two figures escaping their chains toward the light of new possibilities. You will enjoy the other unique cards in the Major Arcana, too. The shining strength of this Tarot deck lies in its depiction of the fifty-six cards of the Minor Arcana. All of these cards spring into pulsating life! The characters on the cards almost seem to breathe. Often, the cards seem so dimensional that you get the feeling you could jump into them. Watch the boy carefully carve the pentagrams on the wooden disks of the eight of Pentacles. Gleefully help steal away with the blades in the five of Swords. Join in the merry dance on the four of Wands. Share a drink with the slightly tipsy gent on the nine of Cups. The fifty-six page booklet which comes with the deck explains everything you need to know to be able to give a good Tarot reading. Written by Robin Wood and Michael Short, the booklet gives the upright and reversed meaning for each and every card in the deck. Traditionally, Major Arcana cards have a name while the ace through ten of the Minor Arcana cards only have a number. That is the pattern followed on the deck. But in the booklet, each of the numeric cards is given a word or short phrase to help you identify the meaning of the card with virtually no effort. The booklet also includes three different Tarot layouts: You can use these cards with any Tarot spread. This is an ideal first deck that makes learning the Tarot fun and surprisingly easy. Pagans will love the influence of nature on this deck. Experienced Tarot readers will want this deck because of the depths it will trigger in readings. And art lovers will want this radiantly colorful and infinitely captivating deck. Get your copy right away. [Click here to view the artwork of The Robin Hood Tarot.](#) A lot of readers will say, "I read cards a little, but not really" I still have to use the book.
