*Scared Silly is filled with many bright and bold colors throughout the book. This coloration undermines the scariness of the book, and offers comfort to a child reading these stories. Another aspect that takes away from the book being scary is the stories themselves.*

The wind is howling. The walls are creaking. Howie, the little dachshund, is scared silly. And Chester, of course, is sure the vampire bunny, Bunnacula, is up to something. Will Bunnacula be its main ingredient? Before you say BOO! He attended Boston University and majored in theater. Before becoming a full-time author, he worked as a literary agent. His first book, Bunnacula, was published in He is the author of more than 90 books for young readers including the Bunnacula series, the Bunnacula and Friends series, the Tales from the House of Bunnacula series, Pinky and Rex series, and the Sebastian Barth Mystery series. Most Halloween stories play at being scary but this picture book really is. Exciting watercolors capture the individuality of the animals and the creepiness of the setting as shadows gradually fall. Not for the youngest, but everyone else will enjoy. Then a witch arrives. The pictures show the atmosphere growing visibly scarier once Harold, Chester et al. This effective blend of words and art could summon a shiver any time of the year. In this seasonal tale, the four friends are excited about Halloween, but are soon to be terrorized by a mysterious and puzzlingly familiar witch. Large watercolor illustrations make for a really tangible experience as the action-packed story unfolds to its surprising but not too scary ending. The text is not overwhelming, making this a tale well within the capabilities of early readers. Eyes will dart from word to picture and back again in this picture-book tale of the frightful foursome.
