

Chapter 1 : SAP Training and Certification

Subscriptions The economical answer to professional development, whether you need training for one person or one thousand. Learn what you want, when you want, with courses that teach, inspire, and reinforce learning.

Search Advanced Search Welcome to IN Training, your source of information on training that could lead to a new or more rewarding career. Therefore, this is not a comprehensive list of all available training programs. IN Training allows you to search by provider, location, program or career to help you find the educational program that best suits your needs. Begin your search by selecting either the Training and Education Programs or Training Providers and Schools tab above. The following terms will be useful in your search: Training Provider Lists all public and private education and training institutions identified by the State of Indiana as eligible to receive WIA funds. Not all providers on this list have approved programs. Program Lists all approved programs submitted by eligible training providers. Approved programs prepare participants for entry into an occupational field and result in a credential. Credential Lists all approved programs with specific credentials. Training Site Location Lists the physical location of each training site, searchable by state, city, county, or region. Occupation Lists approved programs for selected occupations. Currently, only occupations with training programs are listed. Online Programs Lists approved programs that can be completed online. You can quickly view the program information by searching for the program number. Detailed Search All search criteria are optional. However, it is recommended to utilize the options below. Providers Begin typing the name of the desired training provider, then select it from the list. Not selecting the state will revert back to the previously selected state. Indiana Economic Growth Region.
