Butler told Osbourne about it and together they wrote the lyrics to "Black Sabbath", their first song in a darker vein. Records, Black Sabbath met with swift and enduring success. Just five months after the release of Paranoid the band released Master of Reality. The album reached the top ten in both the United States and UK, and was certified gold in less than two months. Critics were again dismissive of the album, yet it achieved gold status in less than a month. For the first time, the band received favourable reviews in the mainstream press. Gordon Fletcher of Rolling Stone called the album "an extraordinarily gripping affair", and "nothing less than a complete success". Again there were favourable reviews. When Iommi saw Osbourne emerge from another room of the house, he left upon discovering it was the same "pest" he knew from growing up, as he knew of and disliked Osbourne from back in their school days. Iommi pulled Osbourne off Butler in an attempt to break up the drunken fight, and the vocalist proceeded to turn around and take a wild swing at him. Iommi responded by knocking Osbourne unconscious with one punch to the jaw. If drummers were trying out, I played guitar, and if a bassist came along, my drummer would help out. We felt sorry for him, basically. Co-written with Daisley and Rhoads, the album brought Osbourne considerable success on his first solo effort. Though it is generally accepted that Osbourne and Rhoads started the band, bassist Daisley later claimed that he and Osbourne formed the band in England before Rhoads officially joined. The tour was cancelled for two weeks while Osbourne, Sharon, and Aldridge returned to Los Angeles to take stock while Sarzo remained in Florida with family. After a handful of shows he informed Sharon that he would be returning to England to continue work on a solo album he had begun before coming to America. A live tribute album for Rhoads was also later released. Under contract to produce a live album, it ended up consisting entirely of Sabbath covers recorded with Gillis, Sarzo and Tommy Aldridge. Together, they recall a practical joke which Eisenstein played on Falke a few years ago, for which Falke is secretly planning a light-hearted revenge in kind. Eisenstein bids farewell to Adele and his wife Rosalinde, pretending he is going to prison. Frank, the governor of the prison, arrives to take Eisenstein to jail, and finds Alfred instead. In order not to compromise Rosalinde, Alfred agrees to pretend to be Eisenstein and to accompany Frank. Some time before, after a costume-party, Eisenstein had abandoned Falke, very drunk and dressed in a bat-costume, in the center of town, exposing him to ridicule the next day. As part of his scheme, Falke has invited Frank, Adele, and Rosalinde to come to the ball, all concealing their identities as well. The ball is in progress. Chorus: Eisenstein is introduced to Adele, but is confused as to who she really is because of her striking resemblance to his maid. Since neither actually knows French, both are fooled. As the party progresses, they both experience alcohol-induced good-feeling and manly camaraderie for each other. Then Falke introduces the masked Rosalinde to the company. In a rousing finale, Orlofsky makes a toast to champagne, and the company celebrates. The Champagne song: Adele arrives to ask the Chevalier Chagrin actually Frank to sponsor her career as an actress, but Frank is not wealthy enough to do this. Melodrama; Couplet of Adele: Meanwhile, Alfred asks Frosch to summon Dr. Blind to help get him released; Frank agrees to allow this and Dr. Eisenstein enters and says he has come to serve his sentence. Frank further tells Eisenstein that the man he arrested was singing amorous songs to Rosalinde at the time of his arrest, and warmly kissed her goodbye. Enraged, Eisenstein takes off his disguise and accuses her of being unfaithful to him with Alfred. Eisenstein, Rosalinde, and Alfred sing a trio in which Eisenstein angrily claims the right of vengeance. Trio: Eisenstein is delighted by the prank, and he begs Rosalinde to forgive him for his attempted infidelity. Rosalinde refuses at first, and threatens to divorce him, but Eisenstein tells her that his misbehavior was caused by the Champagne. She accepts this explanation and immediately forgives him unconditionally.

They have nothing to do with the game beyond the intent to pump up the players and, perhaps, the fans. Robinson" even though its most famous lyric is "Where have you gone, Joe DiMaggio? A nation turns its lonely eyes to you. It makes me think about Dustin Hoffman and "The Graduate. After all, who would want to hear a song about A-Rod? Go to Yankee Stadium and they would play it. It just made me feel like in the old days and how they were walking into Yankee Stadium on a Saturday afternoon with the crowd buzzing. The Washington Senators sing this to fire themselves up in the superbly named baseball musical "Damn Yankees. It plays better in the theater than on the radio. The late Steve Goodman, who also wrote the Arlo Guthrie hit "City of New Orleans" which should occasionally sub for "God Bless America" during seventh-inning stretches , penned this playful, affectionate song about the joys and pains of being a Cubs fan. Based on the work of Goodman and Eddie Vedder see No. Macklemore has performed "My Oh My" around the world. But it never meant more than it did in this performance at Safeco Field. Macklemore and Lewis performed it at every stop on their recent world tour, including their final dates in Seattle last week. This a wonderful song about Jackie Robinson that deserves to be heard more often these days. And it says something. This s hit begins with Springsteen singing about a former high school pitcher recalling his glory days on the mound. And for a retired guy, the cliché is so true that your perspective on your time in the game certainly changes as you get older. Does Justin Verlander touch miles on his speedball? Did Mariano Rivera throw a nasty cut-speedball? As the closing theme music to the old "This Week in Baseball" show, this song features soaring violins. It was before there were so many televised games and you needed to stay connected throughout major league baseball. That was a distinct sound and you knew it was connected to baseball. Ernie Banks is one of his heroes. Alas for Vedder and fellow Cubs fans, that might be the best performance in the entire first century at the Friendly Confines. Anything that connects Robin and me is probably a good thing. Listening to those blasting oboes when Roy Hobbs connects at the end of "The Natural" is the greatest performance-enhancer there is. When I opened it up, instead of that Chuhhhhhhh! I had that for like two years. You have to have it. Fogerty told me a couple of years ago that he considers center field to be "this mythical place €" where all the greats played. And this song is a glorious and catchy salute to that. Any kid who grows up playing center field, when they hear that song, they get that chill. The opening riff will put a smile on the face and a spring in the step of even a Marlins fan. I give this one a difficulty rating of 2. This card Topps No. Must be the end of the world as we know it. It will soon get some competition, though, because "Bull Durham" is being made into a musical next summer with the intent for it to play on Broadway. Did the Rangers make a shrewd pick when they selected Seahawks quarterback and former minor league second baseman Russell Wilson in the Rule 5 draft? But playing quarterback is a little different than playing running back or defensive back. It takes more time. Box Score Answer You should have been able to guess this one from the single biggest clue -- the attendance of 86, This fragment is from the Sept. Given that no current ballpark has that capacity, it likely will stay the record for quite some time. Or at least until teams start demanding that taxpayers build them much larger stadiums. By the way, that huge crowd was for a pennant-stretch doubleheader against the Yankees, who would win games that season but still finish eight games behind Cleveland, which won Yes, was a good year in baseball.

Fluttershy and Applejack sing about their opinions on why the vampire fruit bats should leave or stay in a duet-style song.

By Farah Carrasco-Rueda There are around species of bats in the world. In the Neotropics, approximately half of the bat species cannot be captured using mist-nets because the bats can detect and avoid them easily Kalko et al. Most of these species correspond to echolocating bats, which rely on acoustic signal for their movement, feeding activities and social communication Bader et al. Vocal signature for three different species of bats. Echolocation calls can even vary within a single species. Particularly, insectivorous bats present different echolocation phases during foraging activities: But, bats not only call, they also sing. Drawing of *Saccopteryx bilineata*, the sac-winged bat. Some species have songs that serve multiple functions. For example, *Tadarida brasiliensis*, Brazilian or Mexican free-tailed bat, has songs with both territorial and courtship function contained in the same song, while in *Saccopteryx bilineata*, the sac-winged bat, males can recognize the sex of the individuals of their species as they approach the roost based on the characteristics of the echolocation pulses, so they can broadcast courtship songs for approaching females, or territorial songs for approaching males Smotherman et al. However, vocal signature for several species in the Neotropics still remains unknown. Joint efforts to have echolocation calls freely available are still needed. On the other hand, it is still unknown how singing is related to foraging site fidelity, as occurs in birds Smotherman et al. Cambridge University Press, Cambridge.
