He takes her to the hospital and while he is there with her a series of events starts happening in the town. They call her Kay while they are trying to discover her identity. This book is really hard to put down. Finished it in less than a day. As a Drake is a Texas Ranger and he is working one day and he happens upon a lady who is unconscious and has a small child with her. As always Margaret Daley knows how to spin a tale and keep us on the edge of our seat until she is finished. As Drake is a Texas Ranger and he is working one day and he happens upon a lady who is unconscious and has a small child with her. This is the second book in the Lone Star Justice Series. This story is well written, action packed, and full of suspense. She has woven her faith throughout the book as in a tapestry. Texas Ranger Drake Jackson is out hiking on the edge of a cliff. He is thinking about the human smuggling ring that his task force is investigating when he hears a baby crying. He repels down the cliff and finds the baby with an unconscious woman. There is no ID on the woman or the baby only a wound at the back of her head. Drake rigs a baby carrier out of his backpack and carries them out of the park. Who is she and what happened to her? A couple takes them to the park ranger but is then found murdered. Kay and the baby are in danger. She had a dream of running with a baby in her arms. She has a locket in her possession with the letter K on it; so that is what they called her. A strange man comes into her room and scares her. She takes the baby and runs. This man is a threat. A journey of these three souls struggling against the evils of this world. God has a plan for these three; a plan for good and not for evil. God has a plan for you too. A plan for a hope and a future. Trust Him, give Him your heart, and watch Him move in your life. Her newest book is Lone Star Christmas Rescue and it was definitely a page turner. I was engaged from the first page and held captive until the last page. The characters, "Kay" and Drake were both well developed. Daley did an awesome job of creating the angst of not knowing who you are and how difficult that must be on a person. As for the heart-throb Drake, well, he definitely was the hero all the way around. He was definitely dedicated to his job but he also was dedicated to "Kay" and Kaleb. He tried hard to discover the secrets hidden within her amnesia. In so doing they were drawn closer to each other. I feel there must be more story to tell about her. I would highly suggest picking up a copy of Lone Star Christmas Rescue to anyone who enjoys a good clean romantic suspense novel. It is a November release for Love Inspired Suspense. I would like to thank the author for my copy of this book. I received it for free in order to read it and give my honest review. Would I want to be one? I am not cut out for that type of work or style of life. However, I enjoy reading about those who have chosen that life. I admire their strength, courage, and determination to see the bad guys brought to justice. The job also involves protecting and helping the innocent. This story has a twist. He has no way of knowing if he is prot.
