

Chapter 1 : Watch The Countess of Monte Cristo () Free Online

This musical tells the tales of two movie extras who abscond to an expensive resort with their costumes and pretend to be aristocrats. Included in the film are ice skating numbers and songs.

Jerri Shafer I was completely unfamiliar with the plot of The Count of Monte Cristo before seeing this production, which was both a blessing and a curse. The story was new and fresh to me as a result, but it was also quite difficult to follow at points. The intricacies of the story may not be completely clear I thought of the business with the letters as simply a MacGuffin, a trigger for the plot , but the overall theme of female empowerment and growth is very much in evidence. Jerri Shafer It must be a special kind of challenge to perform outdoors with unpredictable weather and technical aberrations one performance I attended was plagued with intermittent static and still find a way to tell the story. This talented cast manages to perform grandly to reach an audience spread out over the park on lawn chairs and blankets without appearing to be yelling or overacting, no small feat considering this material or venue. Meininger has a bigger than life performance style uniquely suited to playing such a heartless villain the audience loves to hate. His breakdown when the Countess reveals herself to be Amelie is devastatingly intense, his actions those of a tortured soul. Ali emerges as the kind of ally we should all be so lucky to have, his interactions with the Countess revealing a genuine affection for her and her plight; he was also wronged in his past when he was sold by Merced, so helping her enact revenge supports his motive as well. Cryan makes the most out of playing Abbess Faria, the knowledgeable tutor who becomes a surrogate mother to Amelie in prison. She is able to convey a maternal warmth that is welcoming while still being a force to reckon with; she teaches Amelie how to fence and quizzes her on Latin because these are the only gifts she has to give while they are both imprisoned. Nagy are able to share moments together on stage that feel intimate and quite personal even across an audience spread about on the grass. Her Madame Villefort sinks to depths that are startling in their disregard for human life, and the audience reacts with glee when her husband Gerard Villefort played menacingly by her real-life husband, Ken Erney turns on her in the end. Harellick is giddy with madness as de Bouville, the mistress of a prison; Mr. McAlpine uses her substantial height and imposing presence as both Marie and Pastrini, and then switches things up again as Louise, an unexpected romantic interest for Eugenie Danglars Maggie Turek. Jerri Shafer Directors Adam Simon and Jennifer Feather Youngblood have their work cut out for them with a plot of this complexity and size. The show is a bit rocky at first, opening with a pantomimed scene in a bar with music in the background, all of it going on far too long before we get to some substantial dialogue. Too many scenes end awkwardly, with a lull before the next scene begins. The personalities of the characters are all quite different, but more care should be taken to help them stand apart as it just adds confusion to an already densely plotted story. Jerri Shafer I find it odd that as Amelie gains power and wealth that she becomes more masculine in appearance. She begins as a pretty young bride on her wedding day, is reduced to rags while in prison, reappears as the Countess in an Arabian-inspired hooded cloak covering what looks like lounging pajamas, and at last has her hair pinned back and is dressing in a suit like a man. Hoffman says as Ms. The costumes that Ms. Jerri Shafer Despite some storytelling and design shortcomings, The Countess of Monte Cristo is a lively production that only improves as it continues to play out.

Chapter 2 : SparkNotes: The Count of Monte Cristo: Character List

The Countess of Monte Cristo is a American comedy film directed by Fred de Cordova and starring Sonja Henie, Olga San Juan and Dorothy Hart.

Picaud was placed under a form of house arrest in the Fenestrelle Fort , where he served as a servant to a rich Italian cleric. When the man died, he left his fortune to Picaud, whom he had begun to treat as a son. Picaud then spent years plotting his revenge on the three men who were responsible for his misfortune. He stabbed the first with a dagger on which were printed the words "Number One", and then he poisoned the second. In another of the "True Stories", Peuchet describes a poisoning in a family. This story, also quoted in the Pleiade edition, has obviously served as model for the chapter of the murders inside the Villefort family. The introduction to the Pleiade edition mentions other sources from real life: Faria inspires his escape and guides him to a fortune in treasure. As the powerful and mysterious Count of Monte Cristo Italy , he arrives from the Orient to enter the fashionable Parisian world of the s and avenge himself on the men who conspired to destroy him. Villefort, the deputy crown prosecutor in Marseille, destroys the letter from Elba when he discovers that it is addressed to his own father, Noirtier who is a Bonapartist , since if this letter came into official hands, it would destroy his ambitions and reputation as a staunch Royalist. He is rescued by a smuggling ship that stops at Monte Cristo. He later purchases the island of Monte Cristo and the title of Count from the Tuscan government. He gives Caderousse a diamond that can be either a chance to redeem himself or a trap that will lead to his ruin. The Count then moves to Paris and dazzles Danglars with his wealth, persuading him to extend him a credit of six million francs. The rest of it begins to rapidly disappear through mysterious bankruptcies, suspensions of payment, and more bad luck in the Stock Exchange. Villefort had once conducted an affair with Madame Danglars. She became pregnant and delivered the child in the house that the Count has now purchased. To cover up the affair, Villefort told Madame Danglars that the infant was stillborn, smothered the child, and thinking him to be dead, buried him in the garden. While Villefort was burying the child, he was stabbed by the smuggler Bertuccio, who unearthed the child and resuscitated him. Benedetto takes up a life of crime as he grows into adolescence. Benedetto is sentenced to the galleys with Caderousse, who had sold the diamond but killed both his wife and the buyer out of greed. The moment Caderousse leaves the estate, he is stabbed by Andrea. Caderousse dictates a deathbed statement identifying his killer, and the Count reveals his true identity to Caderousse moments before he dies. The Count manipulates Danglars into researching the event, which is published in a newspaper. As a result, Fernand is investigated by his peers and disgraced. During this interview, she learns the truth of his arrest and imprisonment but still convinces the Count not to kill her son. Realizing that Edmond now intends to let Albert kill him, she reveals the truth to Albert, which causes Albert to make a public apology to the Count. While in prison awaiting trial, Andrea is visited by Bertuccio, who tells him the truth about his father. Villefort admits his guilt and flees the court. The Count demands this sum to fulfil their credit agreement, and Danglars embezzles the hospital fund. Forced to pay exorbitant prices for food and nearly starved to death, Danglars signs away his ill-gotten gains. Maximilien Morrel, believing Valentine to be dead, contemplates suicide after her funeral. The reader is left with a final thought: After his transformation into the Count of Monte Cristo, he reveals his true name to his enemies as each revenge is completed. The Count of Monte Cristo: As a result, the Count of Monte Cristo is usually associated with a coldness and bitterness that comes from an existence based solely on revenge. The persona of an Italian priest with religious authority. The name he was known by after his rescue by smugglers from the island of Tiboulén. Italian priest and sage. She is the daughter of Ali Tebelén. At the end, she and Monte Cristo become lovers. She later marries Fernand and they have a son named Albert. It is due to her love for Edmond that she is able to recognize him when she meets him again, which frightens her. Left all alone, she and Edmond talked for the last time: She is portrayed as a compassionate, kind and caring woman who prefers to think for her beloved ones than for herself. With the money earned he bought the title of "Count de Morcerf" to bring wealth and a more pleasant life to him and his family. Through the book he shows a deep affection and care for his wife and son. He is described as a

very kind-heart, joyful and carefree young man, and fond of Monte Cristo, whom he sees as a friend. Danglars family[edit] Baron Danglars: They had an illegitimate son, Benedetto. Daughter of Baron Danglars and Hermine Danglars. She is free-spirited and aspires to become an independent artist. In love with Maximilien Morrel. She is 19 years old with chestnut hair, dark blue eyes, and "long white hands". Monsieur Noirtier de Villefort: He is paralysed and only able to communicate with his eyes, but retains his mental faculties and acts as protector to Valentine. The only legitimate son of Villefort. Becomes "Andrea Cavalcanti" in Paris. Morrel family[edit] Pierre Morrel: In love with Valentine de Villefort. Daughter of Pierre Morrel, wife of Emmanuel Herbault. Other characters[edit] Gaspard Caderousse: Secretary to the Minister of the Interior, a friend of Albert de Morcerf, and a lover of Madame Danglars, whom he provides with inside investment information, which she then passes on to her husband. Journalist and friend of Albert de Morcerf. Member of a noble family and friend of Albert de Morcerf. Originally an inspector of prisons, later a detective in the Paris force. Old, trusted servant of Monsieur de Noirtier. Family doctor treating the Villefort family. Major also Marquis Bartolomeo Cavalcanti: Ali Tebelen Ali Tepelini in some versions: Serialization ran from August 28, to January 15, Ainsworth translated the remaining chapters of the novel, again in abridged form, and issued these in volumes VIII and IX of the magazine in and respectively. W S Orr and Company, featured the first part of an unabridged translation of the novel by Emma Hardy. This was originally released in ten weekly installments from March with six pages of letterpress and two illustrations by M Valentin. Most English editions of the novel follow the anonymous translation. In two of the major American publishers Little Brown and T. Y Crowell updated the translation, correcting mistakes and revising the text to reflect the original serialised version. In Penguin Classics published a new translation by Robin Buss. In addition to the above there have also been many abridged translations such as an edition published by F. M Lupton, translated by Henry L. Williams this translation was also released by M. Dumas was a member of the Club des Hashischins. As of March , all movie adaptations of the novel brought to Japan used the title "Gankutsu-ou", with the exception of the film, which has it as a subtitle with the title itself simply being "Monte Cristo". Carlos Javier Villafane Mercado described the effect in Europe: The effect of the serials, which held vast audiences enthralled Day after day, at breakfast or at work or on the street, people talked of little else. Perhaps no novel within a given number of years had so many readers and penetrated into so many different countries. The book was "translated into virtually all modern languages and has never been out of print in most of them. There have been at least twenty-nine motion pictures based on it New racial-discrimination laws were applied in , and the general was dismissed from the army and became profoundly bitter toward Napoleon. In , the ashes of Napoleon I were brought to France and became an object of veneration in the church of Les Invalides , renewing popular patriotic support for the Bonaparte family. In a small boat he sailed around the island of Monte-Cristo accompanied by a young prince, a cousin to Louis Bonaparte , who was to become Emperor of the French ten years later. At that time the future emperor was imprisoned at the citadel of Ham " a name that is mentioned in the novel. Dumas did visit him there, [20] although he does not mention it in "Etat civil". He disapproves of the revolutionary terror in Western France. He becomes famous and fights under Napoleon. Black officers are dismissed from the army. The Empire re-establishes slavery. Thomas-Alexandre Dumas dies, still bitter about the injustice of the Empire.

Chapter 3 : The Countess of Monte Cristo | Actors' Theatre of Columbus

"The Countess Of Monte Cristo" succeeds on so many levels and is a prime candidate for Turner Classic Movies or another cable movie station. It has probably been in Universal's vault gathering dust and deserves to be seen again and again.

Not the most authoritative series thenâ€¦. Still, I find there to be something alluring in digging up lost books that likely nobody has actually read in years. I wanted to see how these chancers would try to spin the Monte Cristo legacy. As expected, it was a bit shit. Just like The Son Of Monte Cristo before it, this is paced at break-neck, far faster than the himself fast-moving Dumas original. The prose style maintains the flowery manner of Dumas but lacks the sharpness and rigour. Whereas the old master will often write long paragraphs dressing the scenery and characters, this one spends only a couple of sentences. The award for Least Faithful Adaptation goes toâ€¦. The story goes as follows [1]: A rich old man is dying in his castle adjoining a factory and his small family and retinue are collected around. A plot is afoot as four conspirators [2], all servants, have him and his legitimate heir murdered then frame his wife who re-emerges as the Countess. A young stable boy escapes with the secret to a buried family treasure nearby and has made a solemn promise to the faithful manservant of the Count to spend it getting revenge on the treacherous quartet. So ends the long prologue. Twenty years later in Paris everyone is under new names. The quartet have used ill-gotten gains from the murders to enter high society. The stable boy comes in as a dashing nobleman, working with a mysterious Countess who is the talk of Society. All kinds of machinations follow as the Countess tries to outwit the quartet, save their latest victims, and take revenge for the age old murders. Stylistically, it tries to do the same thing too. I like old books because they present a different world view in simple things how the writer assumes knowledge or opinions in the reader. The dialogue in this one is excessively effusive and romanticised, with even street urchins orating like a philosopher on an Athenian town square. Reading this book felt like finding an old photo album in a musty old attic, giving a picture on how a few long-dead families lived. I have absolutely no reason to recommend this book. This is just an s version of that.

Plot summary[edit] Right before closing time Karen Kirsten and Jenny Johnsen, who work as waitresses at an Oslo night club, get an offer from the National Studios assistant director Jensen. He promises to make them both famous, and wants to give them screen test auditions. There are two roles available: However, the director, Mr. They drive to the luxurious Hotel Trollheimen, and use the costumes to lure the management into thinking they really are a countess and her maid. On the outside they encounter army Lt. Because of this the two women mistake Paul for a bellboy. Paul decides to cancel his imminent date with socialite woman Peg Manning, since he now has his eyes set on Karen. He then sends Karen a note at the hotel, asking her to meet "a lieutenant" at the hotel bar. Karen is intrigued by this and has no idea that it is Paul she is meeting. She makes a makeshift dress out of the curtains in the suite and goes down to meet the lieutenant. Arriving at the bar she instantly realises her earlier mistake. Jenny discovers that they have been listed as thieves and wanted refugees from the law in a newspaper article. In a desperate attempt to hide this from the people at the hotel she buys every available newspaper she can find. When the police enters the suite the next morning, the two women are surprised, since instead of arresting them, the police informs them that a known thief has stolen from other guests at the same hotel during the night. The hotel manager also wants them to make a list of their belongings, to see if something is missing and possibly replace it. Karen and Jenny discuss what they are to put on their "shopping list", when the thief, Count Holgar, reveals himself to them. Holgar has been hiding in their room while the police searched the hotel. It turns out Holgar has seen the newspaper article and the photos of Karen and Jenny. He blackmails them to put additional items on their list of lost belongings to get him some money. He also wants them to follow him to the other side of the country to pull the same trick in another hotel, since he thinks the idea is brilliant. Karen and Jenny are horrified by what they have gotten into, but can see no way out of the fix at the moment. They get new belongings from the hotel management and go outside to try and come up with a plan. When they are at an ice-skating rink they bump into Paul and Peg. Paul, still smitten by Karen, asks her to join him on the ice, and lets go of the offended Peg. Karen and Paul are so good at skating together that they win a tryout to the big ice show the very next day. Karen is infatuated by Paul and after he gives her a small token of affection, a simple brooch without real value he claims to have inherited, they kiss. When Karen returns to the hotel Holgar sees the brooch and recognizes it instantly. He claims it has been part of the famous Von Havenmeier jewel collection. He just makes them promise to leave the rink right after the ice show, since they must be on their way. The police finds out that Karen and Jenny are frauds living at the hotel, and that the thief Holgar is with them. They inform the hotel manager, but he agrees to let them perform at the highly popular ice show before they are arrested. The women decide to escape together with Holgar before the show ends. Karen talks to Paul and tells him to meet up with them. In the evening Karen and Paul perform at the ice show. Jensen and Hansen are also attending the show and scouting for talent. When they see Karen they consider her their new big star. During a short pause in the show, Karen and Holgar meet Paul. The two men get into a dispute and Paul chases Holgar away, threatening to beat him up. Paul confesses to Karen that he is no jewel thief, but the true heir to Von Havenmeier and the family fortune. He offers to pay the bills the women have worked up. Paul then admits to Karen that he was on to her from the very beginning. He tells her that he loves her, and they finish the ice show, skating together.

Chapter 5 : #50 “ The Countess Of Monte Cristo (vol. 1), Alexandre Dumas BOOK REVIEW | Krauser P

the countess of monte cristo carl It was absolutely the best performance of her unbelievable Ice Skating performances, even though they are all magnificent.
