Chapter 2 : Anzia Yeziarska - Wikipedia

Having immigrated with her family from Eastern Europe, Yeziarska chronicled the hunger of her generation of newly arrived Jewish Americans around the turn of the century. Her novels, short stories, and autobiographical writing vividly depict both the literal hunger of poverty and the metaphoric hunger for security, education, companionship, home, and meaning—in short, for the American dream. Born in the Russian-Polish village Plinsk, near Warsaw, between and , the youngest of nine children, Yeziarska arrived in the United States with her family in the early s. The year of her birth is uncertain not only because Yeziarska did not recollect the exact date but also, according to her daughter, because she perpetually reinvented her history in interviews, frequently claiming to be younger to compensate for her relatively late start as a writer. Her oldest brother Meyer preceded the family by several years. Immigration officers Americanized his name into Max Mayer, replacing his last name with a version of his first. She reclaimed the name Anzia Yeziarska when she was about twenty-eight. The family settled into a cramped tenement apartment in the Lower East Side of Manhattan. Her father, Baruch Bernard , a talmudic scholar, engaged in full-time study of sacred books and was not gainfully employed. Her mother, Pearl, worked at menial jobs to support the family. Pressured to help support her struggling family in a cultural climate that did not legitimate the educational aspirations of girls, Yeziarska attended elementary school for two years before working at a succession of domestic and factory jobs. Four of her brothers studied pharmacy, another became a high school math teacher, another an army colonel. Young Anzia clashed frequently with her father, whose poverty, religious observance, and Eastern European ways she saw as barriers to full entry into American life. She pursued her ambition for education with a single-minded determination. According to her daughter, Yeziarska promised patrons to become a domestic science teacher to help better her people, inventing a high school education for her application to Columbia University. She then taught elementary school from to , with a brief leave of absence to attend the American Academy of Dramatic Arts. In , she began to write fiction. In , Yeziarska married Jacob Gordon, a lawyer, but applied for an annulment the following day. She explained that while she valued his friendship, she was unprepared for the physical aspect of marriage. The following year, she married Arnold Levitas, a teacher and textbook writer, in a religious but not a civil ceremony. Their daughter, Louise Levitas Henriksen , was born in In , Yeziarska moved to San Francisco with Louise and worked as social worker, the last of several flights from her marital home. Because Yeziarska could not support herself and her daughter, Louise was sent to live with Levitas in New York when she was five. The couple divorced in Years later, Louise Levitas described Yeziarska as a vibrant, daring, and courageous person, but one whose extreme mood swings and egoism affected all her personal interactions. Yeziarska pays particular attention to the hardships of poverty for women saddled with child care and crowded conditions, and utterly financially dependent on husbands. Social workers repeatedly ask them intimate questions in public. The story depicts the loneliness and anomie of an elderly immigrant Jewish woman whose successful, Americanized children support her in luxury but are ashamed of her Old World ways. Housed in an affluent neighborhood, the woman yearns for the intimacy and cultural vibrancy of the tenement world. In , Yeziarska met John Dewey, who was to be the great romance of her life despite the difference in their ages—he was fifty-eight, she was in her mid-thirties. Yeziarska audited his seminar in social and political thought at Columbia University. According to her daughter, Yeziarska used his poems and phrases from his letters uncredited in her writing. *An American Romance* The breaking point in their relationship came when he made a sexual overture to her. Yeziarska was catapulted briefly to fame and fortune when *Hungry Hearts* caught the attention of Samuel Goldwyn, who based a silent movie on it. Although Goldwyn brought Yeziarska to Hollywood as a screenwriter, she found her writing blocked amid wealth and removed from the culture she knew. Her autobiography *Red Ribbon on a White Horse* is considered both vibrant writing and factually unreliable. Initially lauded as an authentic voice of the tenements—“Cinderella of the sweatshops”—by the s, Yeziarska

had fallen into obscurity. Bread Givers was reissued in , followed by editions of many of her other works. Most contemporary critics approach her work sociologically rather than aesthetically, drawn by her compelling depictions of cultural and geographic displacement, the American dream and the harsh reality of immigrant life, and the struggle to acculturate. In the main, she has been seen as aesthetically inferior to other writers of the Jewish immigrant and assimilation experience. Many critics praise the raw power of her writing but see in it no real artistry. They cite the proliferation of stock characters—the overworked mother, the ineffectual father, the intellectual gentile or assimilated male savior, the cold WASP, the rootless Americanized Jew, the condescending social worker, the passionate and intelligent young Jewish immigrant woman. Often, readers read the work as veiled autobiography, taking the voice of her protagonists as her own. But there has been a renewed appreciation for her oeuvre as a crafted literary work. Anzia Yezierska died of a stroke on November 21, , in Ontario, California. Chapter 3 : Publication - The Unz Review

In my opinion, there are two reasons: first, because often people use a vacation house only in the summer and most of them only remember the existence of the house once they need it, and secondly, because there is a lack of appropriate property management companies operating there.

Her family emigrated to America around 1880, following in the footsteps of her eldest brother Meyer, who had arrived in the States six years prior. They took up housing in the Lower East Side, Manhattan. She later reclaimed her original name, Anzia Yeziarska, in her late twenties. Her father was a scholar of Torah and sacred texts. After 6 months, the marriage was annulled. Shortly after, she married Arnold Levitas in a religious ceremony to avoid legal complications. Arnold was the father of her only child, Louise, born May 29, 1890. Around 1890, Yeziarska left Levitas and moved with her daughter to San Francisco. She worked as a social worker. Overwhelmed with the chores and responsibilities of raising her daughter, she gave up her maternal rights and transferred the girl to Levitas. In 1895, Yeziarska and Levitas officially divorced. She then moved back to New York City. Around 1895, she engaged in a romantic relationship with philosopher John Dewey, a professor at Columbia University. Both Dewey and Yeziarska wrote about one another, alluding to the relationship. She devoted the remainder of her life to it. Yeziarska was the aunt of American film critic Cecelia Ager. Anzia Yeziarska died November 21, 1950, of a stroke in a nursing home in Ontario, California. In her fifty-year writing career, she explored the cost of acculturation and assimilation among immigrants. Her stories provide insight into the meaning of liberation for immigrants—particularly Jewish immigrant women. Many of her works of fiction can be labeled semi-autobiographical. Her works feature elements of realism with attention to detail; she often has characters express themselves in Yiddish-English dialect. Her sentimentalism and highly idealized characters have prompted some critics to classify her works as romantic. Anzia Yeziarska turned to writing around 1890. Turmoil in her personal life prompted her to write stories focused on problems faced by wives. In the beginning, she had difficulty finding a publisher for her work. She attracted more critical attention about a year later when another tale, "Where Lovers Dream" appeared in Metropolitan. Her literary endeavors received more recognition when her rags-to-riches story, "The Fat of the Land," appeared in noted editor Edward J. These stories focus on the children of immigrants and their pursuit of the American Dream. Stokes gained fame as a young immigrant woman when she married a wealthy young man of a prominent Episcopalian New York family in 1890. Her most studied work is Bread Givers. It explores the life of a young Jewish-American immigrant woman struggling to live from day to day while searching to find her place in American society. Bread Givers earned Yeziarska critical acclaim and respect as a mature artist. Arrogant Beggar chronicles the adventures of narrator Adele Lindner. In 1895, Yeziarska received a Zona Gale fellowship at the University of Wisconsin, which gave her a financial stipend. She wrote several stories and finished a novel while serving as a fellow. Published in 1895, this work was inspired by her own struggles. As portrayed in the book, she identified as an immigrant and never felt truly American, believing native-born people had an easier time. It was the last novel Yeziarska published before falling into obscurity. Her fictionalized autobiography, Red Ribbon on a White Horse, was published when she was nearly 70 years old. She began writing it in 1895 at the age of 65. It compares the life of an old woman to that of an ailing bird. Although she was nearly blind, Yeziarska continued writing. She had stories, articles, and book reviews published until her death in California in 1950. Alyn Warren, and Bryant Washburn. In recent years, the film was restored through the efforts of the National Center for Jewish Film, the Samuel Goldwyn Company, and the British Film Institute; in 1995, a new score was composed to accompany it. In California, her success led her to be called by publicists, "the sweatshop Cinderella. Frustrated by the shallowness of Hollywood and by her own alienation, Yeziarska returned to New York in the mid-1890s. She continued publishing novels and stories about immigrant women struggling to establish their identities in America. Works by Anzia Yeziarska [edit].
