Note: Citations are based on reference standards. However, formatting rules can vary widely between applications and fields of interest or study. The specific requirements or preferences of your reviewing publisher, classroom teacher, institution or organization should be applied.

The NSW planning database is to be compiled and maintained as determined by the Secretary. Agreement to these terms and conditions of use These terms and conditions of use as amended from time-to-time govern the use of the NSW Planning Portal. New or revised terms and conditions of use The Department may change these terms and conditions of use at any time, and may do so without giving you any prior notice. Internet charges You are responsible for any internet connection fees that You incur. Service availability It is impossible for the Department to ensure that the services are provided to you at all times or at any specific times or will be able to operate at all times error-free. The provision of services is influenced by availability of related computer systems. The NSW Government makes no warranties in regard to the availability of services but all reasonable efforts will be made to provide the best possible service to you. Governing law Your access to and use of the NSW planning portal is governed by the law of New South Wales and the Commonwealth and you agree to submit to the non-exclusive jurisdiction of the courts in that State and the Commonwealth. The NSW Government will be in no way liable for any loss, damage or injury arising as a result of, or in part by, its negligent acts or omissions in procuring, compiling, collecting, interpreting, reporting, communicating or delivering any information through the NSW Planning Portal. The Department does not necessarily endorse or support the views, opinions, standards or information that appear at the linked sites or in material authored by third parties and published on the NSW Planning Portal. You should be aware that the providers of linked sites will often have their own protocols and standards in relation to their sites and the information which appears on them. We urge you to familiarise yourself with any such protocols and standards. Similarly, you should also not interpret the absence of a link to any other site as a criticism or comment by the Department on the provider of content of that other site. You should bear in mind that some of the material that appears on the linked sites may possibly cause offence or upset to some people. The Department regrets, but cannot take responsibility for, any such offence or upset caused. PDF versions of the official maps adopted when the instruments are made are available from a map link index from the relevant environmental planning instrument on the NSW legislation website. The Department of Planning and Environment tries to update the spatial datasets within 2 weeks of any changes to the official PDF maps. Historical versions of the maps are available from a map link index from the relevant environmental planning instrument on the NSW legislation website. The spatial datasets for certain State environmental planning policies has been derived from the wording of the text of the instrument. Copies of development control plans and contributions plans The NSW Planning Portal provides public access to copies of development control plans and contributions plans. Councils are required to provide copies of development control plans to the Secretary within 28 days of making the plan. Councils are also required to provide the Minister with a copy of a contributions plan, as soon as practicable after it is approved by the council. The Department tries to update the development control plans and the contributions plans within 2 weeks of receiving copies of the plans from councils. Under that Act You have a right to access and change personal information that we hold. Site Visit Data To help the Department improve its website and provide better services to its users, the Department makes a record of your visit and logs the following information: Exceptions to the Rule The Department will not collect, use and disclose personal information other than stated as above except for the purpose of investigating: Any material authored by third parties and published on the on the NSW planning portal. Any material hosted on a different site. The State arms or any emblem, symbol or trademark used by any agency of the State of NSW except where such material is reproduced as an incidental part of using material under the general licence and otherwise in compliance with these terms and conditions of use. Chapter 2 : Australian state of New South Wales entirely in drought | News | DW |

The law relating to fences, public gates, enclosed lands and pastures protection / by C.M. Collins Law Book Co Sydney Australian/Harvard Citation Collins, C. M. , The law relating to fences, public gates, enclosed lands and pastures protection / by C.M. Collins Law Book Co Sydney.

Drought is not uncommon in Australia, but this year the winter in eastern and southern Australia was drier than expected and did not provide much needed water for farm lands, leaving farmers battling crop failure, water shortages and very little food for their animals. Farmers have been given permission to shoot kangaroos that are competing with their livestock for sparse pastures. Drought turning the planet into a tinderbox Australia: Drought turning the planet into a tinderbox Ethiopia: The end of nomadic life? Ethiopia has been suffering from ongoing drought conditions since , causing massive food shortages. The Ethiopian government said that some 8. Furthermore, the drought threatens to end traditional nomadic herding in the region. Drought turning the planet into a tinderbox South Africa: Drought turning the planet into a tinderbox Europe: Not only have citizens been suffering the health consequences, which affect health care systems and labor productivity, crops have also been hit hard. Farmers across the continent fear bankruptcy due to poor crops and the EU Joint Research Center predicts "an increase in drought frequency and intensity in the future. Drought turning the planet into a tinderbox Greece: Lost villages reappear as crops die Greece has been facing the dual problem of flash flooding in some regions and drought in others. Though they are watering, they say it is not enough to nourish their crops. Water levels are so low that previously submerged villages have begun to reappear in reservoirs across the country. Drought turning the planet into a tinderbox Sweden: Worst drought since Sweden, which has not seen rain for over three months, is experiencing its worst drought since The situation threatens to cause severe crop losses costing farmers hundreds of thousands of euros. Sweden has been the site of massive forest fires and has even seen temperatures exceeding 30 degrees Celsius 86 degrees Fahrenheit in the Arctic Circle. Drought turning the planet into a tinderbox UK: Drought turning the planet into a tinderbox India: Running out of water India has been plagued by water shortages due to rising population and mismanagement but also aggravated by drought, causing many areas of the country to run out of water. Bangalore was recently added to the list of global cities most likely to run out of drinking water. Drought turning the planet into a tinderbox USA: Back to the Dust Bowl The US government said 29 percent of the country is currently experiencing drought, with conditions affecting some 75 million people. Kansas was one of the states crippled by the famous s Dust Bowl.

Chapter 3 : Rabbit Proof Fence - History of Ag SA

Thus, fences form an unbroken link through colonial New South Wales to the social unrest and trespass of the enclosure movement in eighteenth century England, and the common law of England. The colonial fences also form a pivotal role in establishing the limits of common law and then in developing some legislation in the colony.

Chapter 4 : Fences | NSW Planning Portal

The draftsman of s9(1) of the New South Wales Act seems not to have given sufficient attention to the fact that the scheme of the New South Wales Act was somewhat different and that by s9(3)(a) and (b) and by s11(1) jurisdiction to make orders was divided between the court of petty sessions.

Chapter 5 : Wild Dog Destruction Board

Applications are arranged by Pastoral Protection District. (19/ part). 44 boxes (part). Note: This description is extracted
