

Chapter 1 : The Book of the Sword (The Darkest Age, #2) by A.J. Lake

This bar-code number lets you verify that you're getting exactly the right version or edition of a book. The digit and digit formats both work.

Sep 14, Aidan rated it liked it Still too slow-paced for me. I liked the setting better than that in the first book. Jun 19, Robin rated it it was amazing Edmund is a prince with the power to see through the eyes of other people and animals, to communicate mind-to-mind. Welcome to Book 2 of the Darkest Age trilogy! This middle book begins where the first left off, with Edmund and Elspeth dangling from the talons of a dragon named Torment. Wherever he is t Edmund is a prince with the power to see through the eyes of other people and animals, to communicate mind-to-mind. Wherever he is taking them, it will certainly be death to arrive in his claws. Luckily, the two children escape. But they continue working their way northward to the glacier-covered mountain where Loki is chained in the middle of a lake of fire. His bonds are weakening. He has been sending out his mind, and his minions, to do mischief that may lead to the breaking of his chains. If that happens, Loki will bring a swift and fiery vengeance on the world of men. Its destiny is to destroy Loki, unless he gains control and uses it to set himself free. And deceptions, dangers, and dragons spur the children on, together with a growing group of companions. If all went according to plan, there would be no need for a third book. So dark, in fact, that it almost feels like the first step down a steep slope into tragedy. In a series titled The Darkest Age, you have to be prepared for such a possibility. But if the world can still be savedâ€”and after this book, there is just the slenderest chance of thatâ€”it will have to be a spectacular saving, full of heart-hammering thrills. Imagine the possibilities, involving dragons, ghosts, gods, and magic; not to mention elves, trolls, wizards, and armies! Whatever happens next, it will all depend on them. And the name of the book it will happen in is The Circle of Stone.

Chapter 2 : Rosemary Hayes | Open Library

The Magic Sword ELT Edition by Rosemary Hayes, , available at Book Depository with free delivery worldwide.

Storybook with Audio Pack: With downloadable American English audio from January e-Book: Use the playscript in class or on stage! One that they like to hear over and over again? You probably already know that stories are powerful teaching tools, particularly with younger learners. But did you know that the new edition of Classic Tales now makes it even easier to bring the magic of good storytelling into your English classroom? Use this award-winning series to effortlessly enrich your English lessons with practice in the four key skills – reading, writing, speaking, and listening. Reading Children find the much-loved stories irresistible. Vibrant, colour illustrations on every page bring the stories to life and make it easy for them to follow the narrative. They love looking for the details and finding their favourite characters. A picture dictionary or illustrated glossary helps them with the meaning of key words. Writing The Storybooks support writing through comprehension activities, and the Activity Books offer a range of extra writing exercises, helping you to make the most of the language presented to students. Speaking The short play in every Activity Book and Play re-uses the same language. There is support for teachers on how to speak the play in class and how to perform the play for an audience. Students can perform the play for the rest of the class, for other classes, or even the whole school. Listening Every e-Book includes the complete recorded text. Children can consolidate their understanding of the story by listening to the audio version in American English. If you use the e-Book on an Interactive Whiteboard, the whole class can watch and listen together. Oxford Big Read Junior Reading is a valuable learning tool and can greatly help your young learners practise, reinforce and improve their language skills but it can be difficult to use reading in the classroom. How can I get my students to read? These short, simple, and practical tips will help you get all of your young learners reading and using what they have read in group work and short projects.
