Woodward, chief of the Colored Troops Div. This collection offers the core materials of the papers of the NAACP from through held in the manuscript division of the Library of Congress. Although this collection covers no more than a small fraction of the entire holdings which run to thousands of file boxes , these materials are considered the core element of the collection. Guide to the microfilm collection. The collection includes various publications and ephemerae organized by subject headings such as Anti-Semitic, Anti-black, and Anti-Communist, written from the viewpoint of the radical right wing of the American political spectrum. MC E 9 fiche The collection is arranged by state, with a list of storytellers at the beginning of each volume. Slave Trade Book and Pamphlet Collection, Collection at the Royal Commonwealth Society, London. List of contents of reels. This collection consists of documents related to the British slave trade including pamphlets, speeches, and Parliamentary debates. This collection assembles key documents about slavery in America from its beginnings through the Civil War. Religion, education, careers, reactions to slavery and the abolitionists are all reported on by women who experienced them firsthand and kept detailed diaries. Materials in the collection cover virtually every aspect of the regulation of blacks of the period, including issues such as ownership, education, employment, migration, and punishment of slaves. Included are more that 7, slavery related items from MF F 5 5 microfilm reels Subjects: Watts Riots, Los Angeles, Calif. African Americans â€” California â€” Los Angeles. The collection includes periodicals listed under the subject headings: Milwaukee Newspapers MF F 06, v. Negro Newspapers on Microfilm, a selected list. This historic collection consists of approximately African-American newspapers dating from the midth to the early 20th centuries, with the majority published around the turn of the century. Included are papers representing 35 states and the District of Columbia. A Journal of Liberation Berkeley.

**Chapter 3 : History Resources in Microforms | UO Libraries**

*The collection was begun by Ralph Ellsworth, a pioneer scholar of the right wing, and is unrivaled in its sweeping coverage from the s to the mids. The holdings from the University of Iowa have been supplemented by literature housed in several other institutions such as Harvard College Library, California State University at Fullerton.*

As a national debate over white supremacist iconography and Confederate statues reached a fever pitch, Trump stuck to these tactics. His strategies parallel those adopted by segregationists who flew the Confederate Battle Flag and fought against integration more than half a century ago. Battling to preserve Jim Crow segregation in the South, many white southerners felt under siege by a national media ostensibly in favour of desegregation and civil rights. According to segregationists, northern reporters were willing tools of communist, pro-integration groups dedicated to producing anti-South propaganda. Many white southerners genuinely believed that the national read: The Right Wing Collection of the University of Iowa Libraries, , held at the Roosevelt Institute for American Studies, Middelburg, The Netherlands Some of the more adept advocates for racial separation accepted that so-called massive resistance could not succeed in the courts and Congress alone. They realised that to prevent racial change, they needed to sway public opinion. And while segregationists saw national broadcast television as a threat and sought to contest its legitimacy, like Trump, they also appreciated its utility as a platform. The Right Wing Collection of the University of Iowa Libraries, , held at the Roosevelt Institute for American Studies, Middelburg, The Netherlands More significantly, the now defunct Fairness Doctrine guaranteed segregationists airtime on nationally broadcast television programmes. Images of rebellious white youths, mobs, demagogic southern politicians, and the brutal actions of southern law enforcement were not the only representations of white resistance seen in American living rooms. Playing the game Although Trump is operating within a different political context, his political methods are uncannily similar to those adopted by segregationists. In the same way that Trump labels anti-fascist protesters lawless thugs , segregationists labelled civil rights protesters as callous law-breakers. White southern segregationist lawmen such as Laurie Pritchett and white counter-protesters portrayed themselves as keepers of the peace. The Right Wing Collection of the University of Iowa Libraries, , held at the Roosevelt Institute for American Studies, Middelburg, The Netherlands Just as Trump seeks to legitimise the beliefs of his political base by only half-heartedly condemning contemporary far-right groups, segregationists sought to legitimise their resistance and their racially conservative political philosophy by denouncing the Ku Klux Klan and neo-Nazis as fringe extremists. These more strategic segregationists pitched their battle on a higher plane, maintaining that their cause was not grounded in hate. Likewise, Trump attempted to turn the media focus away from Charlottesville and toward violent crime in Chicago , just as segregationists worked hard to redirect the spotlight towards northern urban centres. Segregationists claimed that national media outlets turned a blind eye to northern racial troubles and played up the racial unrest in the South. In the late s, Republican Party tacticians adopted some of the more refined media strategies pioneered by segregationists such as George Wallace. White southern segregationists were enthusiastically absorbed into the party in order to mobilise a new national conservative movement. Simultaneously, some segregationists secured a sturdy foothold within US mainstream media. In the decades that followed, conservatism came to dominate US politics, resulting in the harsh rollback of civil rights legislation and the elimination of many federal polices designed to equalise American society. Like Richard Nixon and Ronald Reagan before him, Trump employs many of the strategies pioneered by segregationists. He is forcefully reasserting a brand of conservative American politics, associated with the GOP since the late s, that upholds white supremacy. Above all, it must be remembered that those campaigning for civil rights during the s and s took on segregationists not only in the streets, but in a protracted public relations battle “ and won.

### Chapter 4 : University of Iowa Yearbooks Digital Collection - The University of Iowa Libraries

*The microfilm edition of The Right Wing Collection of the University of Iowa Libraries is made available to the scholarly community with the consent and cooperation of the University of Iowa Libraries.*

Subject Guides Social Sciences: C6 Collection of pamphlets published between 1918 and 1977. Titles in the Educational Psychology Microfilm collection were acquired by the UO Library prior to 1977, and include works published between 1918 and 1977. Most reels contain single dissertations. The inventory is arranged by entry number. Entries include author, title, publisher, date, and in some instances the subject headings that were assigned when the work was cataloged. There are also indexes on microfiche, kept with the collection. European Official Statistical Serials on Microfiche. A76 to HA Available date ranges vary. International source documents in the history of feminism. A small number of the titles within the collection, primarily periodicals, are supplied on microfilm rather than microfiche due to the physical size of the original materials involved. Knight Library currently has the subset "American English Periodicals. Primarily books, pamphlets, tracts, periodicals, and manuscripts and other records on women in civil rights, education, humanities, fine arts, birth control, government, law and medicine before 1977. This set contains over 4,000 pages of scholarly ethnographic texts on world societies, including such topics as sex roles, child care, and treatment of the elderly in various cultures. Microfiche editions of over 1,000, finding aids in the National Archives, seven Presidential Libraries and Smithsonian Institution Archives. The Suffrage Years, Correspondence, 1918-1920, Reels Administrative files, 1918-1920, Reels Printed matter, 1918-1920, Reels Photographs, 1918-1920, Reel Tens of thousands of microfiche collecting articles by topic from over 100 US Newspapers. N and also with the microfiche collection. The Pacific Northwest Tribes. A collection on Native American history and languages. P2 H38, 3 vols. Records of the Washington Superintendency of Indian Affairs, Northwest Native American records, government relations. Titles in the Social Science Microfilm collection were acquired by the UO Library prior to 1977, and include works published between 1918 and 1977. Most reels contain single dissertations, chiefly in the fields of history, economics, anthropology, and sociology. There are, however, a small number of large multi-reel sets. Entries for major sets may also include references to finding aids. Tests in Microfiche TIM. Begun in 1960, Tests in Microfiche is an annual series of unpublished research instruments that have been cited in the educational and psychological literature and which the authors have agreed to make available in microfiche format through the Test Collection at Educational Testing Service. Each set consists of approximately 100 instruments. Older sets contain more than 100 titles. Each set covers a wide variety of topics and subjects, including such areas as self concept, attitudes, personality traits. Sets include instruments appropriate for diverse populations, such as infants, adults, Spanish speakers, and physically challenged people. The Test Collection Catalog is not a finding aid to the microfiche collection alone but to many resources; check the "availability" field for each entry before going to the microfiche set to seek the item. Gray Research Collection in Reading. Microfiche on literacy studies. Located in a separate cabinet in the Microforms department.

### Chapter 6 : Patrick Olson " News & Announcements

*The Social Documents Collection of the University of Iowa Libraries is a large assemblage of research materials published by conservative organizations, groups generally considered to be to the right on the political spectrum.*

In the bank failed and the Eppersons moved to Iowa City. She married medical student Elmer Smith on October 7, , and subsequently had three children: From to Elmer practiced medicine before entering military service. At the end of the war, the Smiths took up residence in Eagle Grove. She became precinct committeewoman and county vice-chairman. By the s she had developed statewide contacts through the networks of the Iowa Council of Republican Women. For Smith, that meant taking on more prominent roles in the Republican Party. Their children grown and Elmer recently retired, the Smiths moved to Des Moines in . Smith rose quickly to a position of state and national prominence in Republican circles, becoming an ally of Iowa Governor Robert Ray and of George H. By then a well-known party official, Smith would soon come to identify with the feminist movement. Although inspired by Friedan 10 years earlier, Smith initially doubted that the new feminist movement could speak to her. But younger Republican women persuaded Smith that her rights were tied to those of all women. Although the NWPC was intended to be a bipartisan organization, the Iowa chapter proved to be one of the few state organizations where Republican women were truly active. Although some complained of her lack of leadership experience in Washington, she was often referred to as the "little old lady from Iowa" , Smith was admired as a trusted party loyalist and an experienced grassroots organizer. Yet Smith, a feminist and a political moderate, was becoming uneasy about the growing influence of Ronald Reagan and his supporters in the party. Her loyalty was rewarded by an appointment to the U. Commission on Civil Rights, where she served from to . Her support for affirmative action and school busing were inconsistent with the positions of the Reagan administration, however, thus shortening her tenure on the commission. By that time she was a widow, Elmer having died in . Although she had become a national political figure, Smith continued to reside in Iowa and to work extensively on state issues. She was an energetic board member of Planned Parenthood of Greater Iowa, and was occasionally picketed for her activism. In she campaigned for the passage of the Iowa Equal Rights Amendment in a failed voter referendum. She was also a member of the board of directors of the Iowa Peace Institute in the late s before leaving to become a member of the national board. Despite her heavy slate of state activities, Smith did not remove herself from national party work. From to she served as National Co-Chair of the Republican Mainstream Committee an organization of moderate Republicans , was active in Republicans for Choice, and campaigned for her old friend and mentor George H. Bush in and . Smith died in Des Moines at age 82 of lung cancer. Ford Library in Ann Arbor, Michigan. Some of the material in this essay is found in a different form in Catherine E. Iowa Women Tell Their Stories University of Iowa Press,
