Chapter 2 : The Rocker Who Savors Me (Audiobook) by Terri Anne Browning | blog.quintoapp.com

The Rocker Who Savors Me by Terri Anne Browning Interconnected standalone. I went immediately from The Rocker Who Holds Me to The Rocker Who Savors Me, so when the same narrator was a different character, it threw me a bit, but I quickly got over it.

Where so I start? First off I love the characters in this series. Nik, Shane, Drake, Jesse, and Emmie stole my heart in the first book. The story of their lives growing up and the way they cared for Emmie was emotional. Layla has known pain in her life. She was kicked out at age 16, had a rock star father that wanted nothing to do with her, and took in her 2 sisters when her mother died. She has vowed that she will never fall for a rock star and turn out like her mother. Jesse falls hard for Layla the first time he sees her. He knows she is the one for him. Now all he has to do is convince her. But that is not easy. When he finds out who her father is and how he treats her, he understands. When Layla misunderstands something she hears Jesse and Em talking about, she feels like a fool for kettling her guard down. Can love overcome her fear? I love the character progression in this book. You still get to have a look in the lives of Nik and Em, but you get to meet new characters as well. I love the way the characters interact with one another to create one big happy family. These characters are also well-written. The chemistry between Layla and Jesse is sizzling. We get a couple of hot sex scenes and quite a few scorching kisses. The banter between them is sweet and funny. But also serious at certain times. The scenes with the both of them are tender, which made me smile. Jesse really is a sweetie. In this book, we added a couple of new secondary characters. They are both well-written and are rather sweet. And luckily, they mesh right into this crazy family. The concept and plot of the book again, have been done before. But Terri Anne still manages to make it a bit fresh with these band members and their ladies. The book was great overall. And my favorite one so far. Especially after the ending! I would recommend this book for sure.
