

Chapter 1 : The Schemer Audiobook | Avery Flynn | [blog.quintoapp.com](http://blog.quintoapp.com)

*The Schemer by Avery Flynn is a well written and entertaining read. I enjoyed the storyline, it held my interest from start to end and I liked the all characters. Tyler and Everly were likable characters that entertained me with their banter, and sexual tension.*

I fell in love with the second book in this series so there was no hesitation to read this book. Tyler Jacobson grew up on the other side of the harbor. His parents were volatile and never hesitated to take out their tempers on each other and on their only son. When Tyler was awarded a prep school scholarship in Harbor City, he got out as fast as he could and from then on, did everything he could to se The Schemer is book three in the Harbor City series by Avery Flynn. When Tyler was awarded a prep school scholarship in Harbor City, he got out as fast as he could and from then on, did everything he could to separate himself from his roots. That he was successful. He never really felt accepted into the Harbor City Society. He has one more big plan in the works. If he can pull this one off, it will do it. It will finally prove what he is capable of. Everly Ribinski also grew up across the harbor. But unlike Tyler, she accepts where she came from. Everly lives for art. She is the owner of a fledgling art gallery and lives upstairs in the same building. The first time she laid eyes on her downstairs neighbor, she felt that zing of attraction. But she could tell at first glance that this was the type of guy she needed to stay away from. Men were trouble, especially one with an insatiable drive to be successful. Everly and Tyler get off to a rough start and start a sort of friendly feud. He may have burnt a few things on purpose, knowing it drove his neighbor crazy. Everly has a love of high heeled shoes, shoes that make lots of noise in the apartment below her. So she may have worn those shoes constantly, and stomped around her apartment, knowing she was driving Tyler crazy. Tyler has a lucky quarter, and has trusted his future to it many times and never been let down. And they said the fates had no sense of humor. Try as they do to ignore it, it was inevitable that the attraction would win. This was the face of the sun hot and all she wanted was more. The feuding between Everly and Tyler was hilarious. But these two also stole my heart. Both had pasts that they wanted to forget and reasons for wanting and needing to make something of themselves in Harbor City. But they were also off the charts hot together. Their chemistry was electric. They were so adorable. This was such a good book and I thoroughly enjoyed it. I have a ton of distractions going on right now and the fact that even with everything going on, these two stayed on my mind, keeping me coming back and grabbing a few pages every time I could.

Chapter 2 : Exclusive cover reveal: â€˜Butterfaceâ€™™ by Avery Flynn | Happy Ever After

*The Schemer by Avery Flynn (ePUB) February 5, Tyler Jacobson has a plan for everythingâ€™ except how to handle his completely annoying, utterly frustrating.*

This does not affect my opinion of the book or the content of my review. Tyler Jacobson has a plan for everythingâ€™ except how to handle his completely annoying, utterly frustrating, and totally sexy upstairs neighbor. Color him shocked when Everly refuses to help, insisting she should have run him over in the parking garage when she had the chance. Like naked and hot as hell more. The last thing either of them wants is to catch feelings for someone who is so obviously not their type. Good thing that will never happen. After years of hard work, he eventually goes on to make millions in business consulting. Everly also leases the space below Tyler for her art gallery. Now, this is right where I started to worry about the story becoming predictable. I held my breath, hung on, and you know what? I was so completely tickled with the direction the story took that I could NOT put this sexy little read down!! I was addicted to these two flawed characters and finding out how they were going to end up together. The refreshing part was that Tyler told Everly what he wanted all along. No hidden agendas, no lies, no games! Unfortunately, its all too good to be true. Tyler was trying to prove himself smart but he was so stupid when it came to relationships. His character appeared to be pretty straightforward in the beginning of the story but later emerged as quite complex. Everly was just awesome the entire time. And I really liked how the story resolved and came up to the ending. Avery was a reader before she was a writer and hopes to always be both. Her heroines are feisty, fierce and fantastic. Brainy and brave, these ladies know how to stand on their own two feet and knock the bad guys off theirs.

## Chapter 3 : Lists That Contain The Schemer (Harbor City, #3) by Avery Flynn

*About Avery Flynn. Avery Flynn has three slightly-wild children, loves a hockey-addicted husband and is desperately hoping someone invents the coffee IV drip.*

Joyce Lamb June 18, I was in college when I heard the term butterface for the first time. Two guys in my co-ed dorm were talking about a girl who lived in another hall. One guy called her a butterface. The other guy agreed. Clueless, I asked what he meant. It would have been a kindness. As study after study has shown, looks play a big part in how the world treats us. I wanted to write a strong heroine who addressed the pretty bias straight-on and who had no intention of getting a makeover to find love because that is some prime-time BS right there. No one needs one to be worthy of love or to find it. As for the guy who introduced me to the term butterface? And that girl from my college dorm room? I recognize him immediately. The hottest cop in Waterbury and totally out of my league. But then he kisses me. And we totally forget the room, the crowd, everything. Avery was a reader before she was a writer and hopes to always be both. Her heroines are feisty, fierce and fantastic. Brainy and brave, these ladies know how to stand on their own two feet and knock the bad guys off theirs. Find out more at [averyflynn.com](http://averyflynn.com).
