Description Fomorians commonly referred as Fomors or Monsters are a foreign race led by their God and King, Cichol , to create utter chaos upon the land of Erinn. It was mentioned that the Fomorians were formerly led by Balor. Fomors often produce Fomor Scrolls which is used to possess creatures on the continent of Uladh. These Scrolls are mostly found on animals, objects, spirits or the undead. Currently, there are no known Fomorians inhabiting the land of Iria , however Cichol had supposedly extracted Shadow Ghosts from Metus. However, they often carry Gold because it is what Glas Ghaibhleann , a creature that the Fomorians are trying to resurrect, feeds on. Some Humans despised Morrighan and lost their faith in her. Therefore, they became Dark Knights and allied themselves with the Fomorians. Fomors were the one who introduced Alchemy , however Humans stole the knowledge for their own greed. According to Dorren , Humanity should never have learned Alchemy due to its hidden, lethal potential. Many years ago, Fomorians were at war with the Partholons. Eventually, the opposing race was wiped out by a plague brought upon by their God and Morrighan. However, Morrighan turned against the Fomorians, fearing they would grow too powerful. Throughout Generations 1 through 10 , they were at war with the Tuatha de Danann and the Milletians. However, despite this conflict, some wished for all three groups to coexist peacefully, with a human even raising four goblins who wished to be like their "father". In Generation 11 , however, Cichol decided to ally with their enemies as his race was supposedly in danger. This, however, seemed to spike some rebellion. In the same aforementioned Generation, Cichol supposedly dies. In Generation 15 , it was revealed that his believed death had sprang out fear amongst his kind. A few ended their antagonist ways and agreed to coexist with Humanity, while the rest either remained confused or retained their wicked path. These coexisting Fomors reside on the island of Belvast , but several Goblins, Ogres, and Imps have stationed themselves within every town of Uladh and founded Commerce. For an unknown reason, in The Saga: Iria , several Fomors have allied themselves with the Cessair organization. Please bestow me with your powers". Said in Generation 1 by Tarlach. Said in Generation 9 by Dorren. It is said that they were capable of killing Gods. Fomors are called Demons in oversea servers. The developers may have overlooked this. Fomors are often personified by this magic symbol, despite its origin being Druid and not Fomor:

Chapter 2 : Fomorian - Mabinogi World Wiki

The Shadow of Fomor. [Tom McGowen] -- Twelve-year-old Rick, visiting his cousin Moira in Ireland, is transported with her into the Middle Kingdom, last haven of the Old Magic, where powerful evil creatures plan to seize total control of.

The Fomor Druids died off in ancient times but the neighboring Celts and their descendants came into possession of the Manuscript of Exiles and would eventually pay it as tribute to Alexander the Great during his campaign across Europe. Ehen he realized what he had done, Patrick fed himself to the beast as for all the people he had sacrificed to the book to revive his wife. Unknown to Koudelka and the others though Patrick had gotten help in his research from the Royal Medical Society. Koudelka When Dogol returned he found the Heyworth Estate destroyed. Dogol knew that whatever Roger had done he had edited out a small but crucial part of the rites which prevented the ritual from achieving maximum potential. When Roger realized what it was they were asking for he became more adamant than ever about preventing the rites, though he did not stop to say why. Koudelka was a channeler, she could commune with a spirit just by making contact with something of great significance to said spirit, Leslie and Dogol intended for Koudelka to use the book as a template to call on the spirit of the author who had written it in the first place. Roger made frantic protests against the notion saying the Author was not some long dead Druid but was a dark pagan god and invoking it would surely overshadow Koudelka completely leading to demonic possession. Leslie and Dogol seemed less than scared so Koudelka told them the truth of what became of Patrick and Elaine. Once Koudelka began to channel the Author she was completely possessed by it just as Roger had warned. It was then that Roger tried to make it clear what they were asking for. He asked why it had not occurred to the Royal Medical Society to ask how an ancient people who mastered death were no longer around, the answer was that they had inadvertently killed themselves off through overuse of the rituals; Unrestricted the rites would drain the life-force of every single thing on earth! At long last Leslie and the rest of his people were aware of the terrible power they were toying with and Leslie attempted to have it stopped however Dogol insisted things kept going, for as an immortal, like Roger Bacon, Dogol would not be taken as sacrifice. Koudelka turns the Author on Dogol. Dogol laughed at the small trinket which seemed to have no power of any kind Koudelka was again in control of her own body and stopped the ceremony before the Author could wipe-out all life. Dogol was enraged and set out to kill Koudelka and all her friends for ruining his ritual, however he was swiftly pummeled half to death by the Author. However once they were there Albert Simon and his henchman Arcane Olga used the opportunity to capture Halley and used him as leverage to blackmail Koudelka into lending him her power. Albert warned her she was throwing away her life but Koudelka was more than willing to risk her life to save the planet and her son. Yuri and his friends would eventually go on to stop the God Albert had used them to summon but Koudelka could not come with them. Though the Author is a Druidic god, he still refers to the secrets recorded in his works as the true power of God, additionally both Roger and Albert gain revelations into the true nature of God thanks to the text. This implies that though worshiped by the ancient Druids the Author was still of a common origin with the Judaeo-Christian God.
