

Chapter 1 : The Wayfaring Stranger (song) - Wikipedia

"The Wayfaring Stranger" (also known as "Poor Wayfaring Stranger" or "I Am a Poor Wayfaring Stranger"), Roud , is a well-known American folk and gospel song likely originating in the early 19th century about a plaintive soul on the journey through life.

But the prospect of death sometimes creates an interlude when time stops and you see a portrait of what existence should be like rather than what it is. He sets the standards. His grandfather Hackberry Holland once knocked John Wesley Hardin off his horse and threw him in jail. Somehow, trouble always finds them. She reminds him of another woman by the name of Bonnie Parker. As a child, he had his own encounter with Bonnie and Clyde, and for the rest of his life, he remembers how he felt in the glow of the lady outlaw. He feels that same kind of smoldering burn around Rosita. We do like outlaws. Was it because we secretly envied their freedom? Or was it because they got even for the rest of us? Soon their success comes to the attention of the rich and powerful. They vie for their souls. Hershel is married to an ambitious, beautiful woman named Linda Gail. Hollywood comes calling and with it comes another darkness that threatens to destroy not only her, but Hershel and Weldon as well. When you let corruption in your life it is nearly impossible to ever remove the stain from your mind, your heart, your character. What did he think happens out here? On a spring night you can hear the hymans snapping like crickets. As you meet people, you peg their usefulness to you before you analyze their character. The interesting thing is, at the beginning of the book, I could not stand Linda Gail, but by the end of the book, under the careful manipulations of a crafty writer, I started to cut her some slack. Things get much worse, and soon Weldon and Hershel realize that they are up against people who refuse to lose. Winning is so important that nothing else carries any weight. To meet him in person is like meeting a character from one of his books. He is a gifted writer who could have been considered literary if he had decided to write books with prizes in mind. He understands love, betrayal, grief, weakness, honor, and has a highly developed sense of how a man or woman should conduct themselves. He has strong characters of both sexes in his books. Acting honorably is something we need to do all the time, not just when it is convenient. By compromising ourselves, we can have some short term gains that turn into long term regrets. Nothing irritates my wife more than when someone takes advantage of me. I reassure her every time that I can take it. My great-grandmother once said to me that I was smart, and therefore, I had a responsibility to help other people. There are times when you have to cut people loose. Proving yourself capable comes with the responsibility of being reliable. People start to RELY on you. Few of us can really shoulder that burden but, in my opinion, more should. He has other books with the Holland family, but this one stands alone. If you like this one, you will be happy to know that there are plenty more JLB books to read. His writing remains stellar, despite how many times he goes to that deep well for more words. Reading one of his books is like taking that first sip of a vodka martini or the first bite of a Milky Way or the first time you push the accelerator down and watch the needle hit If you wish to see more of my most recent book and movie reviews, visit [http:](http://)
